Israeli occupation forces informed the residents of Kariote Village south of Nablus, that they will seize at least 1,200 more dunams of land for the Shilo Settlement. The Jabal Kala Hamra (Mountain of the Red Castle) will be taken from the Palestinian owners by Israeli occupation decision number T/146/05, issued by the Israeli military administration occupying Nablus.

The Israelis built the Eily Settlement near the mountain in the western part of Kariote Village. Occupation forces have prevented Palestinian residents from reaching their lands for the past five years.

The settlers and the occupation forces prevent land owners from harvesting olives and crops.

The decision to seize the land comes after the crime committed in Shilo Settlement built on the lands of Kariote Village, which reflects that occupation forces openly collaborate with the terror of the settlers and their attacks on village lands.

Occupation forces intensified expropriation and confiscation of lands in large portions of Nablus. They have also destroyed many agricultural establishments and private homes in the Tana area, and told tens of families in Jafttalak that they will destroy their homes and take their land in Sebastia, Deir Sharaf, and Burqa village

If Jews in Gaza scream loudly enough, maybe they can drown out what's actually happening in Jerusalem and the West Bank.

Although the expelled Gaza settlers "protested loudly", has anyone heard them speak out against Sharon? I have not heard any of them mention his name once . . .

There's only one way to stop this and that's a smart bomb up Sharon's tailpipe.

I have NO problemw with Jews in Judea and Samaria (the wrongly named West Bank). But does the Israeli gov't reimburse the land holders for seized property. Even if Jewish sovereignty is right, land seizure should be reimbursed.
