JERUSALEM (Reuters) - Israel will ask the United States for \$2.2 billion, one of the largest aid requests by the Jewish state, to pay for its planned withdrawal from the occupied Gaza Strip, Israeli political sources said on Monday.

They said the special funding would be used to pay for the pullout from Gaza and a corner of the West Bank slated to begin in the middle of next month, and to relocate some 9,000 evacuated Jewish settlers to underpopulated areas of Israel.

A senior Israeli political source said the U.S. aid request was the biggest in recent years, "which is hardly surprising given the unprecedented scale of the Disengagement Plan."

Israel's Haaretz daily said the request would be made by aides to Prime Minister Ariel Sharon in talks with U.S. National Security Council official Elliot Abrams on Monday evening.

The Bush administration has agreed in principle to help fund the Gaza plan, Haaretz said. Washington wants the withdrawals to consolidate a five-month-old truce and spur talks on a U.S.-led "road map" for a Palestinian state alongside a secure Israel.

Israel is already among the largest recipients of U.S. aid, getting around \$2.8 billion annually. Much of the funding comes in the form of grants that are spent on U.S. military exports.

The Gaza plan funding would be the biggest U.S. aid package to Israel since 1992, when Washington paid \$3 billion to make up for damage sustained from Iraqi missile salvos in the Gulf war.

In a perfect world skunk would be put charge of the "Gaza pullout."

We would save billions, perhaps even make a profit.

We paid to build the Settlements. Now we will buy them from the settlers. They will vacate them. They will then destroy our property so that the Palestinians cannot use them. As a reward we will pay for the relocation and new homes for the settlers. Many Jews have left the US recently to get aboard that "gravy train". They will later return to the US with the money to buy up as much here as they can. I'm paying for this "boondoggle", and I'm fuming and ready to explode.

That is in addition to the 4 to 6 BBBillion dollars they get a year in foreign aid. They know that if Bush is dumb enough to invade Iraq on their behalf that he is stupid enough to cough up the dough.
