**Is JINSA Israel first operative John Bolton the unnamed individual in the AIPAC scandal?** (do a search for JINSA at [www.google.com](http://www.google.com)):

"A source close to the defense said that one of the U.S. officials involved, who has not been indicted, was recently appointed to a senior Bush administration post. The source, who asked not to be identified, would not name the official"

"Bolton has had a long-standing sympathy for Israel and has taken pains to develop friendships with Israeli officials. One of his close Israeli friends is Ron Prossor, the director-general of the Foreign Ministry, who served previously in Washington. "

"Perle today chairs the Defense Policy Board, Feith is an Undersecretary of Defense, and Wurmser is special assistant to the Undersecretary of State for Arms Control, John Bolton, who dutifully echoes the Perle-Sharon line. According to the Israeli daily newspaper Ha'aretz, in late February,

U.S. Undersecretary of State John Bolton said in meetings with Israeli officials ... that he has no doubt America will attack Iraq and that it will be necessary to deal with threats from Syria, Iran and North Korea afterwards.

On Jan. 26, 1998, President Clinton received a letter imploring him to use his State of the Union address to make removal of Saddam Hussein's regime the "aim of American foreign policy" and to use military action because "diplomacy is failing." Were Clinton to do that, the signers pledged, they would "offer our full support in this difficult but necessary endeavor." Signing the pledge were Elliott Abrams, Bill Bennett, John Bolton, Robert Kagan, William Kristol, Richard Perle, and Paul Wolfowitz. Four years before 9/11, the neocons had Baghdad on their minds."
