The question cannot be answered with absolute certainty, but the without circumstantial evidence. If nothing else, these pages will the following:

- Bush lies about the fact that he was a high-ranking CIA official a JFK's death.
- Bush allowed the escape of a convicted terrorist from prison to him as an undercover CIA asset in Iran-Contra.
- Bush has released another convicted terrorist.
- Both these terrorists were present on Dealey Plaza on 11/22/1963
- Both these terrorists were convicted for killing 73 people by blowing up an airliner.

Where were you, George?

+ Prescott Bush (father of George) made his fortune by financing the war effort together with his banking partners and fellow "bonesmen" Averell and Roland. He was stripped of his holdings in the Union Banking Corporation in 1942 under the "Enemy Act".

"On March 19, 1934, Prescott Bush handed Averell Harriman a copy of that day's newspaper. The Polish government was applying to take over Consolidated Silesian Steel Company and the Upper Silesian Coal and Steel Company from "German and American interests" because of "mismanagement, excessive borrowing, fictitious bookkeeping and gambling in the stock market." The Polish government required the owners of the company, which accounted for 60% of Poland's steel production, to pay at least its full share of back taxes. Bush and Averell eventually hire attorney **John Foster Dulles** to help cover up any improprieties under investigative scrutiny." John Foster Dulles was the brother of Allen Dulles, the later CIA director, who worked together with Vice President Richard Nixon and George Bush - of the Bay of Pigs - to overthrow Fidel Castro's Cuba. Allen Dulles was fired by President Kennedy because of the Bay of Pigs. Yet Allen Dulles was appointed by Lyndon Johnson to serve on a Commission to "investigate" JFK's death.

+ A vice-president of Empire Trust in Dallas was **Jack Crichton** (also president of Empire Trust Inc.) who was connected with Army Reserve Intelligence. In a 1995 book written by John Edgar Hoover, *Escalante*, the chief of a Cuban counterintelligence unit during the late 1950s and early 1960s, describes that as soon as intelligence was received from agents in Cuba that Fidel Castro had "converted to communism," a plan called "**Operation 40**" was put into effect by the Security Council, presided over by Vice-President Richard Nixon. Escalante indicated that **George Bush and Jack Crichton**, both Texas oilmen, were the necessary full-time operators of the operation. In Dick Russell's book, *The Man Who Knew Too Much* (New York: Carroll & Grafton Publishers/Richard Gallen, 1992), at pp. 614-615, under a section called "Origins" there is a description of a group of Dallas men who surrounded Marina Oswald after her husband had been arrested, but before he was killed by Jack Ruby. These were operatives seeking out Russian speakers. Ilya Mamantov knew George Bush as a geologist with Sun Oil, he received a call five hours after the assassination from a man who was at that time the president of Nafco Oil and Gas, Inc. and a former Military Reserve officer then attached to Army Reserve Intelligence. Crichton was also director

+ In 1968, six months after the assassination of Robert Kennedy, Prescott writes (here) to Clover Dulles, wife of Allen Dulles. Note that he blames the Kennedy's the Bay of Pigs.

+ In the 1950's Prescott and the Harrimans are the founding fathers of CBS. In Dan Rather makes his career break with the Kennedy Assassination by lying to public that he sees JFK's head move violently FORWARD on the Zapruder film. Lying [click here](#).

The lie is possible, because the Zapruder film was bought by Time Life and kept from the public for 14 years. Time Life is founded and owned by Henry Luce, aka Skull and Bones. Luce had many friends, among them general Edward Lansdale, operative for the CIA. Henry's wife, Clare Booth Luce, Congresswoman, is a radical in the Anti-Castro movement and personal friends with another high-ranking CIA operative and a resident from Fort Worth: **David Atlee Phillips**. Edward Lansdale and Phillips were widely accepted as key planners of the JFK assassination. They are also exact "covert operations specialist" (Phillips) and the "top brass in military intelligence in Asia" (Lansdale) as described in Sam Giancana's biography "Double Cross" (to [here](#)).

David Atlee Phillips and Edward Lansdale

+ David Atlee Phillips was the mastermind for the CIA staged coup by Pinochet the overthrow in 1954 of the Guatemala regime headed by Jacobo Arbenz. He worked with CIA officer E. Howard Hunt, another suspect in the plot to kill JFK and the infamous Watergate burglar team. In the 1950's and 1960's, Phillips is the CIA controller for anti Castro Cubans in Havana and Mexico City. He is also the CIA controller for James Files. James Files has confessed that he fired the shot into JFK's head through the picket fence on the grassy knoll in Dealey Plaza. This story is completely ignored by mainstream media, which seems strange, because even if he were lying, one would expect an exposure. The star of David Atlee Phillips rises to CIA director of Covert Operations Western Hemisphere. According to his nephew Shawn Phillips, who is quite a fan of David Atlee Phillips confirmed to his brother James Atlee Phillips that he was i

+ Prescott Bush advised Eisenhower to run for President and then launched the Richard Nixon Vice Presidency. Subsequently he was a major financier of Nixon's presidential campaign. Prescott Bush was an avid JFK opponent and Nixon has always been in the interests of the Bush family. To read the details [click here](#).

+ George Herbert Walker Bush is one of the very few Americans who does not when JFK was killed. Yet, the following document, recently declassified, places Dallas within 2 hours of JFK's assassination:

But who says the Bush telephone call really came from Tyler, Texas? To his own document places Bush IN Dallas for the remainder of the day and night of Nov is implicating a political activist (James Parrott) in the process. Why did Bush telephone call confidential? And why does he not remember it? Why did he give the assassination, if he thought Parrott was a serious threat for Kennedy in Hc just visited Houston the day before ! And why are the sources of this hearsay unknown? Who told him this, if anyone? Or is this just a document to furnish E and plausible denial? Thirty years later the same James Parrott that Bush was on Bush's presidential campaign against Bill Clinton.

"Figure that one out; if someone had tried to finger me for killing President Kennedy, I would have been my worst enemy. See volume one and ten for damning evidence that took Bush's call was Graham Kitchel, whose brother George Kitchel knew Mohrenschildt (Oswald's best friend in Dallas) and Bush. (NOTE: Graham was : Director, J. E. Hoover who was briefing Bush of the CIA on November 23, 1963 1999, Adamson called Kenneth B. Jackson the FBI agent who investigated Paris Bush's complaint. Mr. Jackson, refused to return Adamson's phone call. why? ' Source: Bruce Adamson <http://www.ciajfk.com/home4.html>
