

The Columbine Massacre

Between 11:15 and 12:05, They Killed 13 Students and Wounded Another 25

Detailed timeline

The SWAT Team That Was Afraid To Go In

" We couldn't jeopardize officers, not knowing the situation "

Klebold Was A Time Bomb

He sung this as he killed kids *"We hate niggers, spicks ... and let's not forget you white P.O.S. [pieces of expletive] also. We hate you."*

Klebold's Background

17-year-old Dylan Klebold's mother, Susan Yassenoff, was synagogue-going and shul-trained. She attended Temple Israel. Her father, Leo Yassenoff, was a wealthy commercial real-estate developer in Columbus, Ohio, and a prominent figure in the Jewish community, and active at the Temple Israel.

Eric Harris

He shotgunned his fellow students at point-blank range.

Eric Harris's Background

Eric Harris was from New York - he transferred two yrs before the massacre, to Colorado. He was under the influence of Luvox, an anti-depressant prescribed to treat obsessive-compulsive disorder. His friend Seth Tenebaum, who was then a 17 year old senior at Mayo High School in Rochester, Minn. and Sapel Berg, an 18-year-old senior in Plattsburgh, each knew Harris when his family lived in New York.

Harris was dating a Jewish girl, Sarah Davis - she said "Eric was angry when his family moved from New York to Colorado" ... [Harris Jewish background](#).

Harris Ran A Pro-Jewish [Website](#)

"If you recall your history, the Nazis came up with a 'final solution' to the Jewish problem. Well, in case you haven't figured it out yet, I say 'Kill mankind. No one should survive.'" Harris, who raved on the Internet about wanting to "rip the arms off" racists, and Neo Nazis, persecution of Jews " [Harris's diary said his mother is Jewish](#)"

Their Plan Included Using Bombs, Followed By An Escape To Israel

The boys had planted 100+ bombs all over the school - in the confusion they planned to escape, and go to Israel. The sophistication of the bombs led police to believe they may have received help from Zionist sources, like the [JDL](#).

No Extradition

A journal found in Harris's bedroom alluded to a plan to [escape to Israel](#), because of the extradition policy of that nation. Because Israel considers Jews ([Sheinbein](#)) to be automatic citizens, they will not extradite its citizens for trial in their home nations.

Propane bombs

Pipe bombs

100 + Bombs Found

Klebold and Harris wanted to [kill hundreds](#). They had 48 carbon dioxide bombs, 27 pipe bombs, and 11 1.5-gallon propane containers, as well as 40-plus gallons of flammable liquid and two duffel bags containing 20-pound liquefied-petroleum gas tanks.

Each of their cars contained, two 20-pound propane tanks, another 20 gallons of gas, pipe bombs, clocks and other combustible liquids.

Decoy bombs were tested in a field, and the police detained suspects, but later released them.

Siegel, Cohen and Smith

The Trench Coat Mafia Was Formed To Protect Jewish Kids

[Joe Stair](#), one of the original [members](#) of the Trench Coat Mafia, said the “Trench Coat Mafia“ [was organized](#) because a [Gay](#) Jewish kid was picked on by [Jocks](#). [Jonathan Greene](#), [Zach Heckler](#), [Kristen Thiebault](#), Cory Friesen, [Nickie Markham](#), Sarah Marsh, [Benjamin Sargeant](#) and other members of the Trench Coat Mafia, were mostly Jewish.

One was a registered [sex offender](#).

The group was [rumored](#) to be selling [drugs](#) in the high school.

List of [search warrants](#) issued.

[Rachel](#)

Chris Morris

Other Jewish Kids Involved

Chris Morris, another suspect, was arrested. Morris alibi was, that he was at Cory Friesen's house, playing video games, that were rented at Video City. Listen to this audio between Morris and the police.

Students believe there was a third shooter, despite the Cory alibi.

Nathan Dykeman, who received \$16,000 for TV interviews, had problems on lie detector. Dykeman was Klebold's best friend, and made this audio with him.

Other Suspects

Brooks Brown, another suspect, was spared and went on to write books on Columbine. When Harris saw Brown at school, he told him "Go home".

Police accused Brown of being in on the massacre. Police statement. In an odd move, Randy Brown, advised by his sister, arranged for a private polygraph

Search warrants were issued on Cory Freisen activities.

Evidence Points To Others Involved

Nathan Klein

A [witness](#) said that about 10:40 a.m. Tuesday -- 40 minutes before the gunfire erupted -- he saw Klebold's black BMW carrying four teenagers about a block from the school. The driver made a U-turn and drove off, followed closely by a [second car](#), a tan sedan, carrying two more teenagers.

Sheriff John Stone "I've never thought it was [just two suspects](#) because of the amount of stuff that was brought in. But we don't have enough to [charge](#) anyone."

Patrick McDuffee gives [names](#)

John Stone

The questions remain:

How did so many bombs get in the school? Who were the other four, seen in the car, with Klebold. Was there a [third shooter](#), as fifty students claim. Who were [Klebold's accomplices](#)?

FBI Agent Assigned to the Investigation Had Sons Involved

FBI Agent Dwayne Fuselier had sons [involved](#). One boy helped make a [movie](#) about the coming massacre, and the other son, [Brian](#), amazingly escaped the massacre. They were [members](#) of the Trench Coat Mafia.

Denver's SWAT Team

The [SWAT](#) team finally moved in at around 2:30 PM, 2 hours after the shooters committed suicide. Despite having seen signs in the windows that said victims were bleeding to death 2 hours earlier, this was the fastest they went into action.

Police were afraid

Parent's lawsuits contend that police may have shot innocent students. According to the sheriff's report, twelve officers fired a total of 141 times at Columbine that day. Three Denver SWAT veterans [fired 105](#) of those rounds.

These Three Bought The Guns, But There Were Other Suspects

[Morris](#) is suspected of helping Harris and Klebold to carry duffel bags filled with bombs into the school. A teenager was also seen with Harris and Klebold in the parking lot. Klebold's black BMW was seen 40 minutes before the shooting began, [driving](#) near the school with [four teenagers](#) inside.

Police believe that, while there may have been others with prior knowledge of the shooting, Harris and Klebold were the only shooters.

Bowling For Columbine

In this episode, the Jewish community had another [Leopold and Loeb](#) on their hands, but they cleverly arrange for Michael Moore to seize the opportunity and build a case for gun control.

Summary

Klebold and Harris hand picked their victims. There were three shooters, and probably four more accomplices, that helped plant bombs, and others students that knew what was happening. At a minimum, seven of the Trench Coat Mafia, were involved.

The suspected accomplices failed lie detectors, destroyed computer hard drives, and had interlocking alibis.
