A Historical Look At Israeli False Flag Operations

With all that we see happening with the London bombings, I think it is wise for us to take a brief look at some historical information. History could be repeating itself. British and American targets have been bombed many times in the past and the evidence seemed to point to specific perpetrators. But numerous times, the evidence was faked.

Numerous writers, scientists, investigators and even political figures have pointed out Israel's involvement with 911. There is a huge pile of evidence that is being ignored, shoveled under the rug and being labeled as "urban legend" regarding Israel's involvement in 911. We should know that Israel has a consistent history of fraudulent actions resulting in the loss of lives of millions of humans to accomplish their purpose.

False flag operations are not new for Jews. As I will show in the list below, false flag operations: committing terrorist actions and having others blamed for it, is a technique that they have employed in numerous situations for hundreds even thousands of years. Not only have they done false flag operations to blame Muslims, they have done these actions to have others blamed like, the Czarist government in Russia, other Jews, Germany, enemy organizations and states, etc. I also find it interesting that Jews have been **caught** red handed in numerous false flag operations. Not once but several times they have been **caught**. As regards today's terrorists actions, it is interesting to note that Israelis have been involved in false flag operations attempting to have Muslims blamed, but yet there is not one false flag operation where Muslims were caught attempting to blame Jews. We should really think about this and ask a reasonable question of, "I wonder why that is?"

Here is a brief look at some past Jewish actions showing their treachery, deception and fraud in which innocents take the blame for their horrible actions. I have summarized this and provided links to the facts listed below. Doing a google search on any of the facts presented will yield even more information:

Quote:

1. According to our Bible, it was Jews who were responsible for falsely accusing Jesus, deceiving the masses about his true mission and causing him to be crucified by the Romans. It is also true that in the Bible Jesus called Jews murderers, children of the devil, vipers :

other vile things. Jesus did not pull any punches in describing them. I guess in today's world he would have been arrested for anti-Semitism. But he realized the truth and exposed them for what they really were. You Christian Zionists and far right Christians should go study the Bible. You may either learn something or come back denouncing Jesus as an anti-Semite.

2. According to many respected WW1 historians it was Jews who tricked Britain into agreeing to give them Palestine in exchange for getting the U.S. into WW1. Benjamin Freedman, a friend of some of the major leaders in our time and who is also a Jew, admitted this during a major speech given to patriots in 1961. The Neturei Karta, a devoutly Jewish religious group also admits the same. There are numerous scholars, historians and Jews who describe in detail how WW1 was started and fought with one of the main goals being getting Palestine for the Jews. Here are links to more information about that:

http://www.the7thfire.com/new_world_order/zionism/benjamin_h_freedman_on_zionism

<http://www.geocities.com/mewatch99/therealevil.html>

3. It was Jews who caused the pogroms of their own people in Russia around the 1890s, so that the world will hate the regime of the Czar and cause millions of Jews to flee to the U.S. for political gain. Under the orders of Jacob Schiff in New York and the Rothschilds, they massacred hundreds of fellow Jews to have Russians blamed for this act and cause the immigration of thousands of other Jews to the U.S. Among other things, this resulted in the opinion turned against the Czar and his government and set up the bloody overthrow of the regime by the Bolsheviks.

<http://educate-yourself.org/nwo/illuminatiagenda2bestoverviewyet8jun02.shtml>

4. As admitted to by many historians and even by the ultra Israeli religious group, the Neturei Karta, WW2 was engineered by Jews and that the leadership of the Jews made an alliance with Hitler causing thousands of German Jews to be killed so that others will flee en masse to Israel. They also forced the U.S. president Roosevelt to get into WW2 by embargoing Japanese oil causing them to attack the U.S. at Pearl Harbor. Roosevelt went along with the plan all the while knowing ahead of time about the Japanese attack and the murder of thousands of Americans. See the following for more:

<http://www.geocities.com/mewatch99/therealevil.html>

5. The Iraqi Jew Naeem Giladi wrote a book detailing how Israelis performed terrorist actions and caused the deaths of many Jewish Iraqis during the 1950s so that Arab Iraqis can be blamed for it. The purpose of these terrorist actions was to cause Jews to migrate to Israel from Iraq. All but 6,000 of the 125,000 Jews in Iraq fled to Israel.

<http://www.savethemales.ca/030203.html>

6. A few years after the end of World War II, the Zionist plan to establish the nation of Israel in Palestine was finally realized. But not before the British protectors of Palestine were chased out by acts of terror carried out by ungrateful Zionist terrorists. It was British troops who unwittingly sacrificed their lives in order to steal Palestine away from Arab control and allowed the Jews of Europe to immigrate there. But with Great Britain left weakened and in debt from World War II, the ungrateful Zionists saw their opportunity to now chase the British out of Palestine by committing acts of terrorism against them. The most notorious of the Zionist terror groups was the Irgun, whose leader Menachem Begin would one day go on to become the Prime Minister of Israel and winner of the Nobel Peace Prize.

On the morning of July 22, 1946, a group of 15-20 Irgun terrorists **dressed as Arabs** entered the King David Hotel in Jerusalem. They unloaded 225 kilograms of explosives hidden in churns.(1) The King David Hotel housed the Secretariat of the Government of Palestine and the Headquarters of the British Forces in Palestine. When a British officer became suspicious

shootout took place and the Irgun lit the fuses and fled. The explosion destroyed part of hotel and killed 91 people. Most of the victims were British but 15 innocent Jews also die **must not be felt that Begin was merely suspected of being behind these murderous deed** Begin admitted that the Irgun committed these acts and that they were necessary for the establishment of a Jewish state.

7. In 1956, as reported by the Times Of London, during one of Israel's perpetual wars with neighbors, the Israeli Mossad tried to trick the United States into siding with Israel against Egypt by blowing up a US facility in Cairo and blaming the Egyptians for it. The plot was wrecked when the operatives were caught and confessed, creating a huge scandal. This was referred to as the Lavon Affair named after the Israeli Defense Minister, Pinhas Lavon at that time.

http://bellacio.org/en/article.php3?id_article=6854

http://www.the7thfire.com/new_world_order/zionism/mossad/lavon_affair.htm

8. According to Victor Ostrovski, a defector from the Israeli Mossad, the US was tricked into bombing Libya when the Israeli Mossad planted a radio transmitter in Tripoli which sent out fake orders to "terrorists" which the US could intercept. The faked orders caused Libya to be blamed for a German disco bombing. As a result of this fake transmission, Reagan used the evidence to bomb Libya killing 30 innocent people including Qaddafi's baby daughter.

<http://100777.com/node/101>

9. On June 8, 1967 Israel used unmarked fighters and torpedo boats to launch an hour and a half attack on the American Navy ship the USS Liberty, costing 34 American lives and 171 wounded. The Israelis first attacked the Liberty's radio towers in an attempt to stop the Sixth Fleet from learning that the Israelis were the attackers. After unmarked Israeli fighters horrendously bombed and strafed the Liberty, Israel sent in torpedo boats to finish the job. They even machine gunned the deployed life rafts in an effort to ensure that there would be no survivors (witnesses) who could expose them. Just as in the Lavon Affair, Israel hoped to blame this act of war on their enemy, the Egyptians. This time, only the courage and resourcefulness of the Liberty's crew prevented a further compounding of the travesty.

<http://home.cfl.rr.com/gidusko/liberty/>

9. It was Israelis who were armed with 9mm pistols, nine grenades, explosives, three detonators and 58 bullets and caught in Mexico in an attempt to blow the Mexican Congress up on October 10, 2001, one month after 9/11. **Curiously these Israelis were found not with Israeli passports in their possession but with Pakistani passports.** The Israelis were booked in a conspiracy to destroy a building by means of an explosive by the Mexican police. If they were successful in blowing up the Mexican Congress then like 9/11 it would have been blamed on Muslim terrorists, especially if Pakistani passports were found at the scene of the crime. They got caught red-handed here and only God knows how many other incidents that innocent Muslims are being blamed for that was really done by Israelis. See the following link for more on this:

<http://www.fpp.co.uk/online/01/12/Mexico2.html>

I could go on and on with more travesties committed by Jews. But I hope you are getting my point. The information above is all **true** about Jews and Israel. Yet we don't learn from these lessons of the past when new terrorists' actions are committed. I agree with Mark Glenn who wrote the following:

"America's only ally in the Middle East, Israel, has been responsible for more acts of terror, and the murder of American citizens than the Muslims ever were. By her duplicity, she has put America in more danger than they have ever known or will know. She has bombed hotels, American government buildings, and deliberately allowed hundreds of US Marines to be killed in their barracks in Lebanon, assaulted the intelligence gathering ship, the USS Liberty (for the purposes of blaming the Arabs and thus drawing America into her war against them) stole and then sold America's most sensitive nuclear weapon technology to her enemies, (Russia and China) and by all indicators most certainly was involved in the 9/11 attacks. Whether it was the testimony given by the Israeli pilots who bombed and machined the USS Liberty (killing 34 American sailors and wounding almost 200 more) or whether it was the intelligence officers who were arrested on 9/11 (while videotaping the destruction and cheering it well done) so much evidence exists which leaves no doubt as to who America's real enemy is, short of one individual's conviction and prison sentence, Jonathon Pollard, nothing has been done against Israel with respect to justice or the interests of America's security. By contrast, year after year Israel is rewarded with more and more money and even more in terms of immunity and insulation from scrutiny. The American people, supposedly a Christian people, have displayed not an ounce of concern for this obvious danger against their physical well-being which they attempt to display by the supposed danger posed by Islamic extremism. Through the eyes of a Muslim therefore, the modern day Western Christian is one of an intellectually compliant, politically and religiously complacent individual who cannot think for himself or act in his own best interests outside of the programming which he receives from his Zionist puppet masters. Even today, as the headlines tout the obvious vindication of this image by virtue of the fact that the war in Iraq was fought on completely false pretenses, the average conservative Christian in America who has adopted the fear of Islam has taken no note of this nor does he appear to have been affected in the least."

<http://www.geocities.com/mewatch99/muslimview.html>

Israel has a proven track record of false flag operations causing death and destruction to their supporters". Yet we never hear about any of this in the main stream media. When a terrorist act is committed, this false flag history of the Israelis is never brought up as a possibility to consider going to be intelligent people and truly find the real culprits, shouldn't we look at all possibilities from the lessons from the past? As the old saying goes, "Fool me once, shame on you. Fool me twice, shame on ME!" Instead of doing this, the first thing we hear from our leaders and without any evidence are "Al-Qaeda", "Muslim terrorists". When at the same time Israelis have been **caught** attempting to frame Muslims numerous times.

Yet Americans still see Israel as their best friend. Billions of dollars is **freely given** to Israel even to fight their wars for them, and we trust them in the highest positions in our government. For Great Britain and America why are we allowing this? Why are we not investigating, sanctioning, attacking, freezing assets etc from Israel? What more do we need? America is headed towards repeating the mistakes of Russia. If we are not careful we will have another Bolshevik Revolution on American soil with the consequences maybe more deadly than the ones that killed more than 60 million innocent Russians.

Mossad Whistleblower Tells How Israel Stages a Suicide Bombing
(compare to London)

[Innocent Muslims are first defamed, then grabbed, then killed and then planted on the staged scene.](#) It is a standard Mossad operating procedure. Here it is from the horse's mouth (Mossad whistleblower Victor Ostrovsky):

The Madrid Royal Palace would be the *safest place on the planet at the time, unless you had the plans and could find a flaw in them.* [Now we have an Israeli security company ICTS everywhere was exactly what the Mossad planned to do. It was clear from the start that the assassination blamed on the Palestinians - perhaps ending once and for all their irritating resistance and making the people most hated by all Americans.

Three Palestinian extremists were taken by a Kidon unit from their hiding place in Beirut and rendered incommunicado in a special detention location in the Negev desert. The three were Bejjadun Sa.

Mohammed Hussein, and Hussein Shahin.

At the same time, various threats, some real and some not, were made against the president. Mossad clique added its share, in order to more precisely define the threat as if it were coming from a group affiliated with none other than Abu Nidal [an Arab Mossad agent]. They knew that name with it a certain guarantee of getting attention and keeping it. So if something were to happen would be quick to react and say, "We knew about it, and don't forget where you saw it first."

Several days before the event, it was leaked to the Spanish police that the three terrorists were en route to Madrid and that they were probably planning some extravagant action. Since the Mossad had the security arrangements in hand, it would not be a problem for this particular clique to bring "killers" as close as they might want to the president and then stage a killing. In the ensuing chaos the Mossad people would kill the "perpetrators," scoring yet another victory for the Mossad. They were very sorry that they hadn't been able to save the president, but protecting him was not their job. With all the security forces involved and the assassins dead, it would be very difficult to determine where the security breach had been, except that several of the countries involved in the conference, such as Syria, were regarded as countries that assisted terrorists. With that in mind, it would be a fair conclusion where the breach was.

The Mossad's motto is "By Way of Deception, Thou Shall Make War"
