German Chancellor Gerhard Schroeder's outgoing government has agreed to sell two submarines to Israel for a deeply discounted price, German news magazines reported on Saturday.

BERLIN (Reuters) - German Chancellor Gerhard Schroeder's outgoing government has agreed to sell two submarines to Israel for a deeply discounted price, German news magazines reported on Saturday.

Der Spiegel and Focus magazines said the two Dolphin class submarines would be built in Kiel for a total of about one billion euros (\$1.17 billion) and the federal government, leaving office on Tuesday, would pick up one-third of the cost.

After the Gulf War in the early 1990s, Germany, a staunch supporter of Israel, gave two Dolphin class submarines to the Israeli navy, which then bought a third for a fraction of the price.

Schroeder's Social Democrat-Greens government had long been hesitant about selling more submarines, according to German media reports, over fears Israel could arm the Dolphins with nuclear weapons and threaten Middle East stability.

But according to Israeli security sources, the dispute was over whether Germany should charge the full price. Der Spiegel and Focus said on Saturday that Germany had indeed long resisted Israel's request to help finance the cost of the submarines.

If the sale is confirmed, it would be the second major and long-delayed arms deal the government has agreed in its final month in office. Two weeks ago, Schroeder's government agreed to sell 298 surplus Leopard 2 battle tanks to Turkey.

-- of cravenly caving in to the corrupt little zionist entity? These freaking jews are disgusting. Take away the freedoms of Germans and take away the fruit of their labors. If ever an example of "The Founding Myths of Modern Israel" was needed, this is it.

relax yerself, the subs, with nuke tipped missiles, are aimed at you dude, did you miss the 9/11 false flag. Wait till you see the next one, should you survive.

Only one group that would do that to their 'friends', and still ask for more money, \$20 billion more, or else.

. . . what you state is a possibility; however, the epic battle now raging in the undercurrent of American politics will determine Israel's future behavior — not our conjecture.

My point is simply that the exact position of Israeli subs is ALWAYS known.

My best estimate is that a saner faction in America is successfully gaining ground on the loons. Cheney's 'medical' problem will force him out of office and different advisors will encircle the moron Bush.

If I am correct, and Israel were to attempt your scenario, all of their subs would be disabled or destroyed. If I am wrong, then Israel will not need to extort ... from themselves!

Bob
