

# Israeli Terror Teams Behind London Attacks

**Massive bombs sprayed body parts on buildings**

Near simultaneous explosions rocked the London subway system and three double-decker buses during the morning rush hour on Thursday. At least 45 people were killed in the carnage.

The [Mossad](#) has been blowing up buses in Israel for years. The London bus was their MO, notice the timing with the G-8 conference, and as usual the target was poor immigrants.

What the news media isn't discussing is, Edgware Road station is the most heavily Arab-populated part of London.

## Israel Traveling Show

In 2002, the Mossad used a massive bomb on Israel's bus 19, which was loaded with Russian, Thai, Bulgarian, (3rd world immigrants that clean Israeli office buildings). Israel now uses this bus as a traveling [exhibit](#) that tours America.

American Christian Zionist display this sideshow at churches, malls, and even [Universities](#). The local Zionists even have [anti Israeli protestors](#), [Muslim speakers](#), and [violent protestors](#) in place for maximum theatrical effect.

[Short history](#) of Mossad bus bombs.

## Israeli Negev Training Base

Israel published a picture of their "Elite Commando" base, where they practice anti-terrorist tactics. The clowns accidentally used a picture of themselves blowing up buses.

The London attacks are very similar to the [Beslan attacks](#) in Russia, as well as the [Madrid train bombings](#).

Explosives were [military grade](#), identical to what the Mossad used on the bombing of the bar, Mike's Place.

## Why Do They Blow Up [Buses](#)?

The Elite Sephardic Zionists are planting mind seeds, this establishes their victimhood. Zionist are on the verge of collapsing the world economy, and they need a fall guy, and that's the Arabs. [Abu Nidal](#), a Mossad operative, hijacked jets for 30 years so we would

believe Muslims would fly jets into skyscrapers.

Basically they set up a pattern so Arabs are automatically labeled, look at Bali, the [Sinai](#), and the last [60 yrs.](#)

There can be no doubt, according to Zionists, that Muslims are evil. Look at this [website](#)

### **Police identify bombers ..All British born**

Shehzad Tanweer, 22, a university graduate.

Hasib Mir Hussain 18, happily married with a 8 month old baby Mohammed

Sadique Khan, 30, a teacher for disabled children

Mustafa el-Nashar, 33, lived with his parents and "very religious".

### **If This Were A Real Islamic Attack**

If these attacks were Muslims, the targets would be Jews. 'Rich and powerful Jews', to be more exact.

A Jewish conference, an exclusive Jewish restaurant, synagogues, Jewish banks, etc. The Muslims would want the world to know that Jews are the Muslim's real enemies.

Who benefits from bombing a bus-load of working Britains?

## Damage Control

Israel-watchers expected this, but ordinary people are quickly becoming leery of Israel. With more and more people getting their news from the internet, these schemes are becoming extremely risky. Everything from the [USS Liberty](#), to the Marine barracks bombing in Beirut, Lebanon which claimed the lives of 224 [Marines](#), to 19 [IDF mercenaries](#) attacking Marines in Iraq, are quickly becoming common knowledge.

Benjamin [Netanyahu](#), who just [happened to be in London](#), escaped [unharmmed](#). Netanyahu, who was an [Israeli assassin/commando](#), will soon lecture the world on evil Arabs.

## **Bush and Blair ... Two Israeli Poodles**

Now these two have a green light to retaliate against all Muslims. People now accept the inevitability of an attack on Iran.

Listen for more talk of a [Nuclear Iran](#).

## **What Can The World Expect?**

Countless news reports have told the world that Arabs have bombed Israeli buses, killing hundreds. Bush and Blair continue screeching about the 'Axis of Evil'.

But the final payoff will be Iran. Israel wants the Mideast states destroyed. Israel also wants the land of the Arabs, and hoodwinks church people into thinking that the Israeli nation is God's "special group". The world will gather behind Israel as it attacks Iran. The fact

that all the [Mideast oil will be pumped through Haifa](#) will be incidental.

The London attacks will only be a minor part of a series of Israeli false-flag terror attacks. To generate and harness maximum anger against the Arab world, Israel will probably use a tactical nuke to destroy a city in the American Midwest.
