### **Iraqi demonstrators set British tanks on fire**

Iraqi demonstrators Monday set two British tanks on fire in the southern city of Basra, an AFP photographer at the scene reported.

British soldiers jumped from the tanks and withdrew without returning fire.

The incident came shortly after British soldiers had fired warning shots at demonstrators after the Iraqis threw stones at them.

The protests followed a report that Iraqi police had arrested two men, but had refused to hand them over to British forces responsible for the area.

"It's a confused situation," said a British military spokesman reached by telephone from Baghdad who declined to give details.

It was not immediately known if there were any injuries.

### **Brit soldiers in Basra tank inferno**

3.46PM, Mon Sep 19 2005

Dramatic pictures are reaching us of a British army tank, being pelted with petrol bombs in Basra, Southern Iraq.

The tank is seen coming under attack, apparently from petrol bombs.

A crowd gathers around the tank as it tries to reverse away from trouble.

Within moments the top of the tank was ablaze, although it was not clear if the vehicle itself was on fire or if the flames came from materials burning on top of the tank.

One soldier climbed out of the tank's hatch and jumped clear of it, as the crowd pelted him with stones.

British military authorities said they could not confirm the incident but were investigating.

Basra has been relatively stable compared to central Iraq, where Sunni Arab insurgents have killed thousands of Iraqi and American forces, officials and civilians with suicide attacks, roadside bombs and shootings.

British forces have suffered far less casualties than their American allies.

A crowd gathers around the tank as it tries to reverse away from trouble.

### Iraqi police detain two British soldiers in Basra

BAGHDAD, Sept. 19 (Xinhuanet) — Iraqi police detained two British soldiers in civilian clothes in the southern city Basra for firing on a police station on Monday, police said.

"Two persons wearing Arab uniforms opened fire at a police station in Basra. A police patrol followed the attackers and captured them to discover they were two British soldiers," an Interior Ministry source told Xinhua.

The two soldiers were using a civilian car packed with explosives, the source said.

He added that the two were being interrogated in the police headquarters of Basra.

The British forces informed the Iraqi authorities that the two soldiers were performing an official duty, the source said. British military authorities said they could not confirm the incident but investigations were underway.

God Bless the IRAqi Resistance for trying to wash your land clean of these most depraved DU polluters of your land. Polluters that have helped in the killing of 1,500,000 people since 1991.

by DevilsAdvocate on 19.09.2005 [17:13 ]

An "agent" over at rumormillnews.com saw early BBC reports that confirmed the car had explosives inside, and that's why the "soldiers" were arrested.

They conclude it was an MI6 black op to stir up trouble between Shia and Sunni to bring about civil war, as many of these recent bombings appear to be (and the disgusting bridge incident). It went wrong.

Seems to me that the Iraqis are no longer tolerating abuse and murder of their citizens, and are clamping down.

About time too.

For the resistance will occur when Sadr teams up with the Sunni resistance. Until then, the resistance will lack the necessary mass, distribution, and political leadership to definitively defeat the occupiers. The Sunnis may have to swallow the idea of being ruled by a Shiite (which seems inevitable in any case) but if they can forge an alliance of trust, respect and cooperation with Sadr then the arrangement should work and should be accepted by the masses. For his part, Sadr must recognize the need to coordinate with the Sunni resistance even if it means splitting with the Shiites that (temporarily) hold power.

The sooner all these parties realize this truth, the better. Iraqis and Iraq are being pillaged more every day.

**1. Not a tank. 2. Implications**

by Invictus on 19.09.2005 [18:49 ]

1. A minor point. The vehicle under attack in the photos is not in fact a tank, but a Warrior armoured infantry fighting vehicle (AIFV).

2. The British "undercover soldiers" are likely to be SAS or similar. This appears to be the "smoking gun" that proves the occupying powers are behind the "al-Qa'ida in Iraq" bombing campaign against the Shi'ites. Iranian-Shi'ite: it looks as though you were right.

Just love this guy rhetoric!.....If the shoe fits wear it...I say it again Muslims will never be UNITED its in their nature...Uniting Arabs under the rally of Islam is last thing I will call for, you name one just one time in all the Muslim History were Muslims actually were united????Muslim Handed Palestine and Jerusalem& Mecca to the Zionists, If you're thinking about uniting Muslims..if I remember the profit Mohammad went out of his way to seek a KAfer to lead his Battle,however I can name pleny time were Muslims slaughtered each other for the sake of the christian shit..so Mr only human...go and Bang your Qur'an till the camels come home...still you never be able to unite Muslims,But however if you teach your fellow Muslims to love their country and unit them under the love of the country...you night have a chance!

**Neyaz**

by indo on 19.09.2005 [21:36 ]

Moslem were united under Rasulullah SAW, under Khulafaur rasyidin, under many khilafah after that. You have to look at the history that those arabs loved war among them before Islam came, only Islam united them in one banner, getting rid of their ethnic clash and proud. So moslem will be united in nature not because of ethnic identity. These arabs would be nothing if Islam did not come to them, they would lost in the history because of the roman and persian empire at that

time. Their language would not be unrecognized, they were just barbar people when burying their daughter alive because they did not like it.

Nationality is the enemy of Islam, since this arab think that their arab not moslem, and utoman think that they're turkish moslem were separated into countries. You would never be able to unite Arabs under nationalism, the world nationalism itself is "anti united", till now it is proven that those arabs are not united, they have conference every year, pan arabisme and other bullshits, they never unite not even a 6 days war againts Israel. So the question is when did the last thing those arab united under nationalism?

I don't care what anyone on this site thinks, I'm a Palestinian, and believe me I've seen idiotic palestinians of all shapes and sizes, but his style of stupid rhetoric is not palestinian.

This news also proves that those suicide cars and bombers are plotted by US UK and mossads.

If this entire site is a CIA operation. This is a post for the lurkers like myself. I read the site a lot and post occasionally when i think I have something to add. I see many good articles posted. I see endless pointless bickering over trivial issues. I see quite a few comments that seem to be baiting people with racist remarks (on just about any race) I see a few though provoking comments that garner little debate, and I see comments that touch on true, but potentially dangerous, issues (such as my prior post today re. a potential alliance between Sadr and the Sunni resistance) meet stone cold silence. The combination of things I see along with the times in general make me suspect that this site is a pplant of an intelligence operation such as the CIA that is attempting to gather information on serious posters such as myself.

Do I think this site could be a front? I didn't think so as long as Venik was involved. (I did not post then) When it changed the first time, I wondered, not seriously, but sometimes. When this site made sign-on mandatory, I wondered again but only because the trolls were all gone just before that. Just like that. Except for Ramsis/Rambo and variations of same. Why did they no longer feel it necessary to post? Why did some of the coolest regulars not return? In the end, I threw all caution to the wind. Screw it. I like some of the people here a whole lot. It's a very lonely world out there if you are against this war. I've rid myself of old friends that were good company in many ways, but who turned heartless slob in their attitudes toward the victims of this war. NEYAZ

i was always suspicious of you, but know i think i know exactly what you are. You are a fisher man, and not the good kind.

PERHAPS you are an athiest because

".I say it again Muslims will never be UNITED its in their nature"

Anyone who considers himself a muslim wouldn't say that, because it's almost a blasphemy. One of the key ideas of islam is unity of the people. i also don't agree with indo that nationality is the enemy of islam, it is good to love your country in islam.

And the fact that you call christians and jews and muslims "shits" means you don't like any religion.

One can understand if you are just that, and probably continue to belive that you are palestinian. but when you call for the murder of civilians, based soly on their race and their religion. When you speak as though your a racist against even your own kind "camels come home".

Then you are nothing but an enemy fisher man, but you haven't caught any fish today. It looks like your the one who was caught. You can remove the mask now.

!!!!!!!!!!!!Blitzkrieg!!!!!!!!!!!!

Don't worry, i always suspected that guy, i'm just suprised it took this long for someone else to make a comment.

!!!!!!!!!!!!indo!!!!!!!!!!!!

neyaz is a agent. a fisherman, he is wrong about the unity of islam. But nationalism as an idea isn't really an enemy persay. It is sometimes a divider between two countries that should be united. But in islam it is a great thing to love your country and to fight for it.

!!!!!!!!!!!!good 4 what ails you!!!!!!!!!!!!

i don't think many posters are agents, but i'm sure we are all being monitored. marked as red or blue prisoners ? we shall see.

I don't think we can be arrested for anything quiet just yet, but the laws are changing in the lands.

Though i want to not, perhaps people where stone called at your sadr comment because Sadr and the Sunnis are already allied.

i don't want to see the resistance go under on single leadership because as we all know, that leadership may corrupt, be assasinated, be demonised. They are stronger as they are, gorrilla groups should be seperate, that works better for hit and runs than if they where one whole army.

But they are still allies, and i think you'd be mistaken if you belive that the Sunni resistance is only out there so that the shi'ite won't have majority power. If that where the case and all they are after is more ppwer, then they would be working with the americans and politicing in the elections. No, it's not about who rules iraq at all, it's about getting the US out. Iraqies are Iraqies, no matter their sect.

!!!!!!!!!!!!!!eddie-Uk!!!!!!!!!!!!!!

that's precisely why the CIA would monitor this site.

Free thinkers like us is what their really after.

Not "terrorists", i bet there isn't any such thing as terrorists anyway, it's all their creation.

but yeah at this time, they can only claim you are a terrorist supporter and arrest you. but doesn't mean they can't frame you.

!!!!!!!!!! Mike-malaysia !!!!!!!!!!!

" who'd want the indignity of having a british murderous pig burning on their streets?"

HHHHHAHAHAHAHAHAHAHAHA that describes it perfectly. You see we only celebrate the fact that imperialist occupation SOLDIERS. where killed, it has nothing to do with the fact they where british. neyaz.

!!!!!!!merk!!!!!!!!!!!!!!!!!!!!

" I need the company of the people here who feel as I do."

We need yours to comrade. as for the lol's, don't you love it when that happens?

A question, why the name merk? it reminds me of the filthy mercenaries, i'm sure that isn't an acurate representation of you.
