CIA's McGovern Blames Israel for Iraq War

Jewish lawmakers expressed anger at a former CIA analyst who told a U.S. House of Representatives panel that Israel was responsible for the Iraq war. Former CIA analyst Ray McGovern told a panel of House Democrats on Thursday that the Iraq war was started so that "the United States and Israel could dominate that area of the world." Rep. Jerrold Nadler (D-N.Y.) said there was no reason to defame Israel in the discussion. "The witness' statement that the United States went to war for Israel is absolutely untrue and has no conceivable basis in reality," Nadler said. "The witness was quite clearly bringing a lamentable personal bias to bear on an unrelated issue, and I would urge those present at the hearing to disregard the whole of his specious testimony on the subject." Rep. Barney Frank (D-Mass.) also chastised a colleague, Rep. James Moran (D-Va.), who suggested in a question to McGovern that Iraq was not a threat to the United States, but "could have been a threat to our allies." **Frank raised concerns about pamphlets handed out at the meeting suggesting Israeli complicity in the Sept. 11 terrorist attacks.** Howard Dean, chairman of the Democratic National Committee, called McGovern's comments "destructive and counter-productive."

I'm no CIA agent but I figured, like most of liberty forum members, that Israeli and their jew operatives here were behind the "War on Terrorism" before it even began. I watched the C-Span airing twice and it was heartening to hear other people actually speak out loud what we've all been saying, but then again, where were all these people three years ago?

And still no one dares speak the unspeakable truth, the Israelis were behind 911 too. When I hear a congresscritter talking on C-Span about the jewish plot to destroy america then I'll know there is someone with real balls left in Washington.
