"We are on the verge of a global transformation. All we need is the right major crisis and the nations will accept the New World Order. " --David Rockefeller

"Oil is much too important a commodity to be left in the hands of the Arabs." -- Henry Kissinger

We will have a world government whether you like it or not. The only question is whether that government will be achieved by conquest or consent." Jewish Banker Paul Warburg, February 17, 1950, as he testified before the U.S. Senate

All propaganda must be so popular and on such an intellectual level, that even the most stupid of those toward whom it is directed will understand it... Through clever and constant application of propaganda, people can be made to see paradise as hell, and also the other way around, to consider the most wretched sort of life as paradise. - Adolf Hitler

"I want to tell you something very clear, don't worry about American pressure on Israel, we, the Jewish people control America, and the Americans know it." Ariel Sharon to Shimon Peres, October 3rd, 2001, as reported on Kol Yisrael radio

"No free man shall ever be de-barred the use of arms. The strongest reason for the people to retain their right to keep and bear arms is as a last resort to protect themselves against tyranny in government." Thomas Jefferson

"If the American people ever allow private banks to control the issue of their money, first by inflation and then by deflation, the banks and corporations that will grow up around them (around the banks), will deprive the people of their property until their children will wake up homeless on the continent their fathers conquered." Thomas Jefferson

"The great masses of people will more easily fall victims to a big lie than to a small one. Especially if it is repeated over and over." -- Adolph Hitler

If this were a dictatorship, it'd be a heck of a lot easier, just so long as I'm the dictator.

-- President G. W. Bush

"I never would have agreed to the formulation of the Central Intelligence Agency back in '47, if I had known it would become the American Gestapo. "

-- Harry S Truman (1961)

"The interests behind the Bush Administration, such as the CFR, The Trilateral Commission - founded by Brzezinski for David Rockefeller - and the Bilderberger Group, have prepared for and are now moving to implement open world dictatorship within the next five years. They are not fighting against terrorists. They are fighting against citizens." - Dr. Johannes B. Koepl, Ph.D., former German defense ministry official and advisor to former NATO Secretary General Manfred Werne

"The United States is not nearly so concerned that its acts be kept secret from its intended victims as it is that the American people not know of them." -U.S. Attorney General Ramsey Clark

"We are on the verge of a global transformation. All we need is the right major crisis and the nations will accept the New World Order. " -David Rockefeller

"If the New World Order agenda is not realized by the terrorist attacks on America and if American's don't agree to give up their weapons and relinquish their sovereignty to the New World Order, the next attack will be the use of chemical, biological and/or atomic warfare against the American people. The architects of the New World Order will not hesitate to use as a last resort an atomic or hydrogen bomb in a major American city." -Reference Op Ed page of the New York Times 9/24/01

"Once a government resorts to terror against its own population to get what it wants, it must keep using terror against its own population to get what it wants. A government that terrorizes its own people can never stop. If such a government ever lets the fear subside and rational thought return to the populace, that government is finished." -Michael Rivero

"Today Americans would be outraged if U.N. troops entered Los Angeles to restore order; tomorrow they will be grateful. This is especially true if they were told there was an outside threat from beyond, whether real or promulgated, that threatened our very existence. It is then that all peoples of the world will plead with world leaders to deliver them from this evil. The one thing every man fears is the unknown. When presented with this scenario, individual rights will be willingly relinquished for the guarantee of their well being granted to them by their world government." -- Henry Kissinger speaking at Evian, France, May 21, 1992 Bilderburgers meeting. Unbeknownst to Kissinger, his speech was taped by a Swiss delegate to the meeting

"We need a common enemy to unite us." - Condoleeza Rice, March 2000

I grew up in the height of the Cold War. I have always known that the CIA is not the

gestapo, but the KGB.

I have read most of the quotes before. Sometimes i wonder where all the American heros are. These NWO/JWO types have us so anxious about "terrorists", that people aren't seeing that by the time we get around to noticing we need to DO something, WE will be the 'terrorists'.

...and if people think that jews are not fully involved the stupid fukkars are in for a shock.

"They" allegedly have total control right now. -\

yes , but they want absolute control, are you aware that FEMA has 500+ dentention facilities built in the US right now...for who? yep

"They" have people right where they want them: fat, lazy, dumb and docile. Work to consume and consume to work.

they want everyone like that, alot of people are awake and are currently waking up, they need to try and scare everyone into submission

Why change that? Why throw them out of their McMansions and take away their jobs peddling pizza at Chuck-e-cheese?

to have control, if you take away everyones basic needs then they will rely on those in charge to provide, which means total control.

they'll have to kill me to get me to conform. i'm not afraid of them. there is NO reason to. fuck their power, and control, they can stick it up their ass and spin on it. thats the problem with most people, they have NO idea what is really happening out there...sooner or later they will, by then it will be too late to do much of anything about it
