## There is No Good Reason - PDF Flyer

The real reasons ‘they’ want to continue the war:

- Prevent [Bush, Cheney, Rummy war crimes trial](#)
- Continue flow of gravy train ([looting America](#)) to [Halliburton](#) and other BushCo cronies, [\\$300 Billion so far](#), [Murtha says they already want \\$100 Billion more for next year](#).
- Exxon, Shell, BP want to retain rights to Iraqi oil- if we leave, their contracts go up in smoke.
- [14 “Enduring Bases”](#) necessary to continue [PNAC goal of Middle East domination](#)

Bush’s noble cause is pure “[Big Lie](#)” BULLSHit- they want to stay for the profit and power of the military-industrial complex. Don’t believe me, listen to [Howard Zinn](#), [Robert Fisk](#) (mp3), [Dwight Eisenhower & Andy Rooney](#).

Nixon in 1969: “The precipitate withdrawal of American forces from Vietnam would be a disaster not only for South Vietnam but for the United States and for the cause of peace.”

Bush yesterday: “Setting an artificial deadline to withdraw would vindicate the terrorists’ tactics of beheadings and suicide bombings and mass murder — and invite new attacks on America.”

Nixon: “An announcement of a fixed timetable for our withdrawal would completely remove any incentive for the enemy to negotiate an agreement. They would simply wait until our forces had withdrawn and then move in.”

Bush: “Setting an artificial deadline to withdraw would send a signal to our enemies — that if they wait long enough, America will cut and run and abandon its friends.”

Nixon: “If necessary ... we will withdraw all our forces from Vietnam on a schedule in accordance with our program, as the South Vietnamese become strong enough to defend their own freedom.”

Bush: “And as the Iraqi security forces stand up, coalition forces can stand down — and when our mission of defeating the terrorists in Iraq is complete, our troops will return home to a proud nation.”

Nixon delivered his Vietnamization speech in November 1969, but the last U.S. ground troops didn’t leave Vietnam until March 1973. More than 8,000 American soldiers died in the meantime.
