

Israel - The Source Of Atrocities

By Ted Lang
7-27-5

It is why they so desperately need "hate crimes" legislation, and an "Anti-Defamation League" to defame anyone who opposes their racist crimes of apartheid and genocidal mass murder. It is why they require and consistently rely on the best intelligence organization in the world, which, when it partners with our own CIA, creates the false flag operations necessary to incite Americans to war, and which has also resulted in the total destruction of our basic human freedoms via the USA PATRIOT Act. The terrorist acts perpetrated against US and the slaughter of over 3,000 Americans on September 11, 2001, was just such an operation.

Human lives mean absolutely nothing to these sociopathic, lying, conniving psychopaths. They have bribed and bought the loyalty of virtually every member of Congress, both in the Senate and the House of Representatives. They have annexed Washington, D.C. and rendered it a mere suburb of Tel Aviv. They control the White House. They have taken over and commandeered our own Pentagon, and conspired and arranged to have our own military fight wars selected and deemed necessary by their vicious, cruel and inhumane government. They call themselves "Israel," yet another atrocity, this one an historical and sacrilegious

falsehood directed at the Old Testament.

As perceived enemies of the Bush regime draw near to expose the latter's disloyalty, lies, treason and its collaboration in false flag operations to ignite wars orchestrated by Israel, Zionists will smear, whine, deny, flee, bribe, discredit, blackmail and conceivably even kill to avoid both the exposure of their conspiratorial activities as well as the resultant total elimination of their influence. Should Americans ever find out precisely what happened on 9-11, their power will be forever neutralized and they will eventually be totally destroyed. Yet the truth will set US free!

Israel's primary mission here is to protect the criminal regime of President George W. Bush. It is Bush and his support from Congress that is directing our youth to fight and die for Israel, the ploy being that once "our ally" gets total control of the Middle East, oil accessibility will be a "cakewalk." Nonsense! When our troops were running low on ammunition, Israel offered ammunition they acquired free from the American taxpayer - but for a price! Israel is not our ally - Israel is now America's most dangerous enemy!

Israel, and more to the point, Zionism, is indeed the tool of the Illuminati. And we're not talking about Dan Brown's [Angels & Demons - The Da Vinci Code] ancient Illuminati cult - we're talking about the Council on Foreign Relations, the Trilateral Commission, Bilderberg, Skull and Bones, Thule Society, etc. The Rothschild-Rockefeller international bankers plotting the New World Order have acquired untold wealth by orchestrating wars, thereby generating the enormous military spending on the part of the belligerents for whom they provide funding. A World War III would fit quite nicely into their plans for the human race; the United States of what?

So, as Bush enemies approach, Zionism strikes!

Congressman John Conyers' inquiry into the Downing Street Memo was crushed by the usual charges of "anti-Semitism" from the usual anti-think/pro-Israel shills, schmucks and schlocks. The domination of our corporate establishment mainstream media by Zionists and dual-loyalty Jews supports the ring of protection the Bush regime needs to conduct its war crimes against humanity. This is why there was little or hardly any mention of the Memo in the MSM. This is why there's no journalistic follow-up on the AIPAC scandal or the White House/Washington pedophile ring.

As acts of conspiracy are uncovered distractions and smears will increase. No sooner had I pointed this out and the London bombings followed. And as I also pointed out afterwards, there was Israel again, smack, dab in the middle of things along with Benjamin Netanyahu. When terrorism strikes, can Israel and its Mossad be far away?

Now we learn that we have a "shoot-to-kill" policy on the part of London police; and where did they learn such brutal, cold-blooded techniques in unjustly and violently terminating human life? From the "experts" of course: Israel!

These are the same "experts" who encouraged US to ignore all international laws and moral standards, precisely as they have, to commit torture and atrocities against both POWs and rounded-up civilians. These are the "experts" who taught US how to use female interrogators to sexually humiliate Muslims so they no longer wished to return to their homes and people. These are the demolition "experts" who have crushed people and homeowners to death while they were still inside their homes using huge D9 Caterpillar bulldozers, and killing old people and those on crutches who were unable to evacuate in a timely fashion.

These are the same world-renowned demolition

"experts" who planted explosives in Larry Silverstein's leased buildings: the WTC towers and Building 7. They are the ones who took such pride in their handiwork that they danced in the streets, hooted, and high-fived each other celebrating when the towers collapsed killing 3,000 of our own with our government's help. They laughed while we died. And they are laughing still. They are Israel.
