

Prepare for the upcoming battle

updated 29 Dec 2005

Daryl Bradford Smith and Eric Hufschmid call for people to join the investigation on corruption. This expose is **not** intended to elicit violence.

- What role do the Zionists play in world corruption?
- What role do the European monarchies play?
- How about the Rothschild family and others in the banking system?

Who are the Zionists?

The word "zionist" comes from the 19th century, and it originally referred to the people who wanted to create a homeland for Jews.

There is nothing wrong with the concept of a homeland for Jews. The problem is that they wanted the area we call **Palestine**, but Turkey had control of it at the time, and most of the people living on the land were Arabs.

The Zionists decided to take the land by force. The Middle East has been a continuous fight between Israelis, Arabs, Americans, and British ever since.

Therefore, for the purpose of our battle, we need to consider Zionists to be everybody who is participating in, or supporting, the phenomenal crimes that are taking place in the name of creating Israel.

For example, Pat Robertson considers himself to be a "Christian Zionist". He not only supports everything done in the name of Israel, but he also considers "anti-Zionism" to be a bad thing, as he announced in [this speech to Israelis](#):

"Let us serve our God together by opposing the virulent poison of anti-Semitism and anti-Zionism that is rapidly engulfing the world."

Pat Robertson's remark is as **ridiculous** and **deceptive** as somebody saying:

Let us serve our God together by opposing anti-Semitism and car theft.

What does anti-Semitism have to do with car theft? The answer is **nothing**. And what does anti-Semitism have to do with anti-Zionism? The answer is **nothing**.

Zionism is **not** Judaism, so opposing Zionism is **not** opposing Judaism.

Zionism was originally the **pleasant** concept of a homeland for Jews, but it has become the **violent, brutal** takeover of Palestine, and the **slaughter** of Arabs. Furthermore, the Zionists are using America and Europe to fund their wars and do most of their killings. The Zionists are also frequently conducting terror attacks, such as 9/11, or anti-Semitic attacks, and fooling us into thinking the Arabs or Nazis did it.

If we oppose an attempt by Catholics to use warfare to create a nation of Catholics, are we anti-Catholic? Of course not. So why are we anti-Semitic if we oppose the violent creation of Israel? Why are we under obligation to support this nation? The answer is:

Nobody is under any obligation to support Israel or Zionism.

Opposing Zionism is opposing the concept of creating Israel through violence, and it is opposing all of the Zionist crimes that create anger towards Arabs and pity towards Israel, such as the 9/11 attack, and the attack on the USS Liberty. Opposing Zionism is also opposing their manipulation of our media and schools.

Learn about Zionism

This battle with Zionism has nothing to do with religion or Judaism; people of all races, religions, and nationalities are fighting against Zionism. There are even Jews and Rabbis opposing Zionism.

Unfortunately, you will not find much information about Zionism from the mainstream media because most of the American and European media is controlled by Zionists. They are suppressing information about Zionism, the September 11th attack, our banking system, the attack on the USS Liberty, and other horrendous crimes.

As a result, you have to do your own research into the issue, which requires looking at more than one person's opinion. You can start with:

- Daryl Bradford Smith has radio interviews:
 - [Rabbi Dovid Weiss](#)
 - [Michael Collins Piper](#)
 - [Wayne Kyle](#)
 - [Eustace Mullins](#)
- Eric Hufschmid has his unique take on the issue in the articles:
 - [What Is Zionism?](#)
 - [History is Warped](#)
- Also, look at some Jewish sites that oppose Zionism, such as:
 - [Jews Against Zionism](#)
 - [Jews Not Zionists](#)
 - [Orthodox Jews United Against Zionism](#)

Why is there so much anger towards Zionists?

During the past few years, **millions** of people have discovered that American government officials -- not Arabs -- planned and executed the 9-11 attack.

After further research, most people realize that **Zionists** were the masterminds of the 9/11 attack, not President Bush.

People are also realizing that Zionists dominate the American, European, Canadian, and Australian media, and this is how they suppress information about the 9-11 attack and divert blame **away from Zionism**.

People are also realizing that **Zionists** attacked the USS Liberty in 1967 in an attempt (that failed) to fool us into thinking Egypt attacked the ship.

Deception beyond belief; crimes that defy description

One reason the Zionists have been getting away with their crimes because their deception and behavior is so shocking and so extreme that most people cannot believe humans would behave in such a manner.

For example, there is a lot of evidence that Zionists are responsible for starting **both** World War I **and** World War II:

www.wintersonnenwende.com/scriptorium/english/archives/articles/jdecwar.html

The anti-Semitic event we know as "Crystal Night" was supposedly a time when Germans spontaneously decided to go on a rampage, but there is evidence that the event was planned and organized by **Zionists** who were pretending to be Nazis:

Many Jews are so horrified at the thought that other Jews would start world wars and sacrifice their own friends and relatives in

order to create Israel, that they cannot bring themselves to believe that the Zionists could be committing these crimes. No, they tell themselves, only Germans and Arabs could be so cruel and violent.

The world should soon reach its limit of tolerance

Information about the atrocious behavior of the Zionists, the Rothschilds, the monarchies, and others is continuing to spread. At the rate people are becoming disgusted with these criminals, we will soon be able to rebel against them.

We must also rebel against the puppets they installed in our governments, and all the Useful Idiots that they bribe or deceive into helping them with their crimes.

This time the Brits better be on our side!

The Brits are being abused, also, and since they are not taking the initiative to do something, they can follow our lead.

Who are the criminals?

We cannot rebel against these criminals unless we have names and addresses of actual people. So let's start collecting names, addresses, photographs, and whatever other information we can get. (When the rebellion actually starts, we can worry about who should be removed from the list.)

Some categories of people we need to collect information on are:

- The Zionists
- The criminals in the media and schools
- The criminals in the 9/11 truth groups
- The Useful Idiots who work with criminals
- The criminals in our monetary system

• The Zionists

We know of many of the top level Zionists that are involved in the 9/11 attack and the Iraq war, such as Paul Wolfowitz, Richard Perle, and Dov Zakheim.

However, we need names, addresses, and/or photographs of lower level Zionist leaders. For example, we need the names of people who belong to or support the ADL, JDL, B'nai B'rith, and other organizations that support or defend Zionism.

• The criminals in the media and schools

The criminals who dominate the media, libraries, bookstores, and school systems are suppressing information about Zionism, the Rothschilds, and all the other people and their crimes.

These criminals have a **major** effect over our attitudes and our education. For example, they fooled billions of people around the world into thinking that 19 Arabs attacked America on September 11th.

They want to control the information that we are exposed to so that they can cover up their crimes and make it easier for them to get control of our nations.

Most of the top executives of the media companies are Zionists, but many goyim assist the Zionists because of blackmail, or for fame, money, or sex.

We need respectable people in our news agencies and school systems. We need to remove all of the criminals and their Useful Idiots.

So, collect names of people in the media and school system who promote hatred towards Arabs, and who suppress information about Zionism, 9-11, the attack of the USS Liberty, and other crimes.

• **The criminals in the 9/11 groups**

Most of the 9/11 groups are infiltrated or dominated by criminals and their Useful Idiots. They are trying to **cover up** the attack, not expose it.

Mike Ruppert, Nicholas Levis, and Paul Thompson are examples of people who are suspicious because they try to blame 9/11 on Arabs, Pakistan, Dick Cheney, George Bush, and/or the oil companies.

They also try to suppress discussions about the demolition of the World Trade Center buildings, and they especially suppress the Zionist involvement in 9/11.

• **The Useful Idiots**

The people who consider themselves to be **Christian Zionists** are an example of people who are too ignorant and/or stupid to understand that their support of Zionism is not only disgusting, but in violation of their Christian beliefs.

Some of these people may eventually learn enough about Zionism to realize their mistake, but until they do, add their name to the list.

Furthermore, some people cover up the 9-11 attack or support Zionism because of bribery or blackmail. We need to get a list of these people, also.

We can't make the world a better place when immoral people are sabotaging our efforts.

The Useful Idiots must make a choice between continuing to help the Zionists, or turning against them. As President Bush might say,

"You are either with us, or you are with the Axis of Zionism."

• **The criminals in our monetary system**

There is a tremendous amount of secrecy and abuse in regards to the banking and monetary systems of America and Europe.

For example, America's Federal Reserve does not belong to our federal government. It is a private corporation that makes an enormous amount of profit from us, and it exerts tremendous control over our lives. Most of the people controlling it remain hidden from view. We know only of the people they allow us know about, such as Alan Greenspan.

A lot of people have already exposed the Rothschild family as being incredibly selfish, and yet they continue to exert phenomenal influence over the monetary systems of Europe and America.

Here is [a timeline about the Rothschilds](#).

It is time for Americans and Europeans to stop behaving like **frightened children**. We need to get the names and addresses of all the people controlling our monetary systems, and remove them. We need to get control of our monetary systems.
