

Zionist Terrorist Attacks On Rense.com

12-12-5

It's time to make more of our listeners and site visitors aware of how vile, psychotic terrorist enemies of Freedom, Liberty and the American way of life continue to try to damage our program and news service.

The true nature of most Zionists who pretend to support freedom is actually one of libel, slander, character assassination, terrorism and death threats.

These arch traitors to the Bill of Rights will stop at nothing to take your freedoms away... especially if you dare to question, ever so slightly, their carefully-constructed view of 'history' and propaganda, or present even the most modest alternative viewpoint, facts or evidence contrary to their party line.

They are petrified that an open, honest investigation would be held to carefully examine the facts of history - and their plots and schemes - which would bring to light the enormity of the distance between their manipulative, suspect and terribly conflicted version of 'history' and the FACTS.

These dark entities are past masters of using the identical, heinous, tactics of Nazi Germany to hound and endeavor to destroy those who disagree with them. They would not hesitate for a moment to fill trains to US concentration camps, man *real* gas chambers and engage in genocide on American soil.

As we now know, the 'President' of the United States thinks our Constitution is nothing but a "goddamned piece of paper" ...and so do the Zionist enemies of renses.com, The Jeff Rense

Program, and other seekers of truth and reality in our clouded, deadly and troubled world.

They are the enemies of all freedom-loving peoples and will strip you of your Freedom of Speech and thought - and your liberties - at their first opportunity. They will, if given the chance, imprison you if you dare criticize their dogma or challenge their viewpoints. They are at the root of evil on our planet.

Their perpetual efforts to pass so-called 'hate laws' in the Congress came close to success again this year as they continue to seek to bring America firmly under the heel of their fascist boots. Their 'hate law' measure failed in the Senate...but they will be back again next year.

The very idea of imprisoning someone for his or her thoughts or beliefs is nothing less than absolute INSANITY.

Zionist agents and fanatics freely and criminally accuse their targets of being "Nazis" while they themselves utilize the very same techniques of the master Nazi propagandists to condemn, defame, personally attack, and stereotype all those they fear may oppose or question their tactics.

Perhaps the most heart-breaking, evil side of Zionism is how it hides behind - and unmercifully uses - the great religion of Judaism...as if it were a some kind of blunt instrument used to deceive, threaten and then to beat those who differ with Zionism into submission.

Zionism has also cleverly hidden behind duped and deceived Christian fundamentalists...who are, just now, beginning to wake up to that fact - as are millions of Jews the world over who have suffered terribly because of it. Tragically, they continue to be used by expendable pawns in Zionism's vicious game of world domination.

Zionists come in all colors and sizes...there are Catholic zionists, Jewish supremacist zionists, Christian fundamentalist zionists, Communist/Socialist zionists, Fascist zionists and even Atheist zionists. Their general goal, however, remains the same: the geopolitical-industrial-media subjugation,

domination and control of Western society.

That is why this site and program have supported such heroic and courageous organizations as Jews Against Zionism and countless, extraordinary Jews of great courage and vision. They KNOW what the game is and they are devoted to unmasking the truth and freeing Jews of having to pay the price of Zionist manipulation.

Zionists profoundly agree with 'President' Bush's statement about the Constitution being a "goddamned piece of paper." We do not-- and we will continue to honor and protect our Constitution and Bill of Rights for all Americans of all religions, races and creeds.

Above all, keep in mind Zionism is NOT Judaism.

See: <http://www.ladah.org/article48.htm>

Here now, are a few of the multitude of crucial facts all Americans must consider and keep in mind in these dangerous and confusing times...

* The USAF white paper on Zionist Israel's thermonuclear blackmail of the U.S. is little-known but should be read by every American.

See: <http://www.rense.com/general35/isrnuk.htm>

* The fact that Zionist Israel has never and will never be forced to repay one dollar of the approximate one trillion in 'aid' US taxpayers have sent to the Zionist state of Israel since it was 'founded.'

* The fact that an heroic German rabbi worked out a deal with the Nazi government in 1942 for the safe passage of ALL Jewish people out of occupied Europe to Palestine for the tiny sum of \$2 million dollars.

The rabbi sent an emissary to world Zionist headquarters in Switzerland with the incredible news and made the request. The Zionists said "NO" to their Jewish bretheren and said, in essence, "Go home, you're not getting the money. Unless large amounts of Jewish blood is spilled during the war in Europe, we

won't easily be able to set up our state of Israel after the war."

That staggering documentation was unearthed by several notable historians such as Jewish scholars Lenni Brenner and Dr. Henry Makow, PhD.

See: <http://www.rense.com/general31/zionist.htm> and <http://www.rense.com/general36/colb.htm>

So, one might reasonably ask...who is actually, ULTIMATELY, responsible for the 'Holocaust' in WWII ...whatever, in fact, it actually was?

The threat and terror attacks on this program and site by Zionists and their dupes has not slackened for years, and cover a wide range of tactics and methodologies.

Hiding behind Judaism, Zionists have used the shop-worn, bogus charge of 'anti-semitism' for decades to try to destroy the lives and reputations of innocent people who simply believe that we have a birthright to hear ALL sides of any issue and to make up our own minds about history and the events of our times. These tenets are also called Freedom of Speech, Freedom of Thought and Freedom of the Press and Inquiry.

We either have these freedoms...or we don't. There is no partial Freedom of Speech, for example.

Zionist Terror And Threat Tactics

Through their often clever, hate-filled, mentally-disturbed psychopathic agents, sycophants and dupes, they have directly attacked and threatened the management and executives of the radio stations and networks which carry our program. They have also attacked and threatened the commercial sponsors of these stations and their programs with local and national 'boycotts.' They have even threatened the sponsors of our program itself.

Zionist blackmail demands are simple: unless the station terminates the program, that radio station and all of its sponsors will be 'nationally-identified' as being 'anti-semitic' because they broadcast our program.

At one point, Zionist agents emailed us the actual threatening

form letters they send out to our stations and sponsors, and then laughed and mocked us... saying "Just try to stop us."

Zionism is a ruthless and highly-sophisticated enemy of Freedom...and the American Constitution. These fanatics are the new Brown Shirts, Orwell's thought police, and they don't stop at mass-mailing threatening letters and emails to stations and sponsors...they carry their brand of terrorism much further. Like over the telephone.

For example, three of our most popular monthly guests (Alex Jones, Tim Rifat and George Filer) have all received telephone calls from someone claiming to be our program 'producer' and said "Jeff doesn't want you to be a guest on his program any longer, so you won't be needed any more."

Fortunately, these bogus calls were identified as such immediately. However, the simple fact that the enemies of Freedom are so afraid of the truth that they stooped to acts of impersonation says a great deal.

Zionist agents and sympathisers have also mounted an intense and never-ending email attack -- smearing and slandering the program, its guests and rense.com.

They have even emailed hoaxed letters allegedly from us to some rense.com visitors who have simply sent in Comments to rense.com articles Zionists fear.

In one such email, (and there are phone calls as well), the sender pretended to be Jeff and told the site visitor "never to email rense.com again."

Another Zionist act of terror occurred when our webmaster, James, received a death threat in the middle of the night on his home telephone which had received a new, unlisted number just that afternoon.

How was his new number obtained? The FBI is limited in what it can do. However, as some of you realize, the vast majority of all US phone billing is done by Israeli companies...so, powerful Zionists have instant access to essentially all telecommunications data and information they want.

James had to acquire the new unlisted number because of the harassing calls he had been receiving from someone calling himself a 'nazi hunter.' The FBI was brought in after the death threat and was asked how the new unlisted number was obtained so quickly. The Agent replied that the individual was a professional, that the threat was not a prank and should be considered dangerous.

This Zionist terrorist later also threatened the life of another well-known webmaster, following him to Hawaii where the Feds intercepted the man for questioning. But this particular perpetrator turned out to be a Canadian citizen and his rights to such attacks were somehow protected. Canada has had the malignant Zionist yoke of 'hate speech' laws on its soul for many years now, and apparently condones its citizens committing crimes and making death threats against those they personally, arbitrarily label as 'nazis.'

Other vicious attacks have been mounted against numerous program guests...nearly all of whom have stood firm in the face of terrorism and come on the program as scheduled. From public confrontation to email, they use every venue to attempt to intimidate and generate fear. Here's an example of an email Subject line from one zionist net terrorist and hate-monger:

"NAZI Jeff Rense touts modern day Dr. Mengele's belief that there was no Holocaust."

Not only does Jeff not 'tout' Mengele but he has never doubted the Holocaust for a minute. He does question the total number claimed to have been killed and other key contentions of the story, and has called for open and serious academic, scientific investigations to learn the truth and to lay the rumors to rest once and for all. For example:

Even after three years of the most INTENSE research beginning at war's end, the US Army found NO evidence whatever of mass gassings inside or outside of Germany.

See: <http://www.rense.com/general69/gassed.htm> and <http://www.rense.com/general69/evac.htm>

And then there is the official 1948 Red Cross report on Nazi

camps, which found no evidence of mass gassing.

See: <http://thunderbay.indymedia.org/news/2005/01/18220>

No one at rene.com is saying now or has ever said the 'Holocaust' never happened. There is no 'holocaust denial' here. However, the above realities demand a new and thorough public investigation of the commonly-perceived - and widely-believed - dynamics of the 'Holocaust' story and its many lurid claims.

Furthermore, when the Director of Archives of the Auschwitz state museum for 17 years goes on videotape and admits the gas chamber shown to millions of tourists each year is a hoax and was modified to pass for one by Stalin after the war ended, serious problems emerge.

See: <http://www.rense.com/general53/aaaz.htm>

There is, unquestionably, an imposing body of evidence contradicting the official Hollywood and popularly- accepted version of WWII which MUST be seriously re-examined...something that Zionism cannot tolerate.

Other attacks on Rense radio guests include leaving threatening phone messages on answering services. We have one such recording on file, and it was immediately identified by James as the same criminal voice who threatened his life in the middle of the night on his home phone.

Rense.com Columnists and contributing writers have also been threatened. Columnist Judy Andreas recently wrote of current Zionist thug phone and email terror threats and intimidation directed at her in an article titled 'Calling Jude.'

The horrors of Zionists and Jewish/Christian fundamentalist supremacists know few bounds. They are the very fascist thugs and felons who are de-constucting and destroying the American way of life. They are the book-burners, the camp guards and staff, and the executioners-in-waiting.

We do NOT agree with George Bush that the American Constitution is "Just a goddamned piece of paper" and we will

fight to preserve that hallowed and timeless document and our Bill Of Rights without cessation.

If you have not read the disclaimer at rense.com, please do. And keep in mind 'journalism' is traditionally supposed to report and present ALL sides and ALL voices of ALL issues to allow the PEOPLE to decide for themselves. Sadly, today's mass media corporate shill 'journalism' has all but totally abandoned these historic precepts.

We find censorship to be anathema to the American way of life and are not afraid to read the words of Hitler, Hussein, Sharon or anyone else. We believe devoutly that Americans are mature enough and wise enough to be able to weigh issues from all sources and come to their own conclusions.

Zionists, on the other hand, are committed to mass censorship, persecution, slander, intimidation, mind control and ultimately seek a prison camp police state built upon the souls of our Founding Fathers.

Our views on the Holocaust and all other Holocausts are well-known. We believe and continue to call for a full scholarly, scientific investigation to find out exactly, precisely WHAT did happen to European Jews, Gypsies, political dissidents, POWs and countless others on the wrong side of the Nazi regime. Until that happens, we will never know the full truth and will continue to be victimized by the 'Holocaust Industry' as depicted brilliantly in Prof Norman Finkelstein's book of the same name.

In the meantime, we will continue to present major arguments, research and opinion from a myriad of sources in an effort to bring you the full panorama of information regarding many of the crucial events of the last century.

NO, we do NOT agree with everything we post on the site. Some of it is utterly antithetical to our views. YES, we believe it is all worth reading. Know your surroundings, understand the

positions of those with whom you disagree. Keep the dialogue and discourse free and open. And let the truth fall where it may.

One death is a holocaust in microcosm... and one death is too many no matter what the religion or political beliefs of the victim. We mourn the loss of ALL life EQUALLY and do not believe any one group is 'chosen' over another. Nor do we believe American taxpayers should fund museums to honor one group over any other which has suffered losses in the multitude of genocides in this and the last century. Nor do we believe US taxpayers should send money to a nation that uses thermonuclear blackmail against us.
