Synopsis: i.e. Zionists warn World to prepare for U.S. to Nuke Iran--PNAC part II

Source: [Washington Post](#)

Published: August 1, 2005 **Author:** Rabinowitz (of course)

For Education and Discussion Only. Not for Commercial Use.

Today, a Zionist Washington Post reporter Rabinowitz, reports as the official mouthpiece of Israel through the "Operation Mockingbird" Washington Post:

Quote:

"Israeli officials expressed alarm ... warning that unless the international community steps up pressure on the Islamic state, Iran will develop nuclear weapons."

In this fake "alarm", where only non-weapon nuclear capability has been confirmed by Vladimar Putin, and while there is no evidence of WMD, ISRAEL THROWS THE WORLD ANOTHER "CURVEBALL" TO JUSTIFY A U.S. ATTACK ON IRAN--AT ISRAEL'S BEHEST--WHEN JUST THE RIGHT "ANTICIPATED EVENT" OCCURS. Note, Israel will leave this dirty work--as usual--to the "world led by the U.S."--their typical M.O.! The article continues....

Quote:

"Iran should fear the U.S., not Israel, Steinitz said. "The Americans have proven their ability to strike many sites simultaneously.'"

Yes, Jerusalem commands the U.S. to get ready to attack Iran!

And what pray-tell will that 'justifying event' be?

Quote:

08/01/05 "American Conservative" -- --
In Washington it is hardly a secret that the same people in and around the administration who brought you Iraq are preparing to do the same for

Iran. The Pentagon, acting under instructions from Vice President Dick Cheney's office, has tasked the United States Strategic Command (STRATCOM) with drawing up a contingency plan to be employed in response to another 9/11-type terrorist attack on the United States. The plan includes a large-scale air assault on Iran employing both conventional and tactical nuclear weapons.

<http://www.informationclearinghouse.info/article9639.htm>

I.E. Get ready for another "9/11-type attack on America", coming soon to a LOCAL THEATER, maybe near you probably by the end of this year!

Dick Cheney has promised "spectacular" and "certain" attacks prior to the 2004 elections. This would seal up Patriot Act implementation and REAL ID Act steps toward MARTIAL LAW....Americans must be punished into accepting this new Dictatorial Government and Global Nuclear War on Terrorism so they will sacrifice their sons and daughters into Conscription and all bow to Caesarian (not constitutional) government!

Congress has just passed "Doomsday Plans" also, to replace representatives (as if we really had any!) in the event of catastrophic strikes on the government (where no doubt the "powers that be" will be in their bunkers). Michael Chertoff would have Supreme Martial Law dictatorial powers (new line of succession?) and whoever resists the Zionist usurpers' rule could be rounded up secretly and speedily in the new Federalized Police State.

Israel Warns of Iran Nuclear Plans

JERUSALEM -- Israeli officials expressed alarm Monday over Iran's decision to resume uranium processing, warning that unless the international community steps up pressure on the Islamic state, Iran will develop nuclear weapons.

However, Israeli experts said the world, led by the U.S., should deal with the problem.

Iran says its nuclear enrichment program is for peaceful purposes, but Israel and the United States believe Tehran is pursuing nuclear weapons.

"If the Americans, Europeans and Russians will not take Iran to the (U.N.) Security Council and put real pressure on them, they will produce nuclear capabilities," said Yuval Steinitz, chairman of the parliamentary Foreign Affairs and Defense Committee.

Israel has repeatedly warned that Iran, which already possesses the Shahab-3 missile _ a weapon capable of carrying a nuclear warhead and reaching Europe, Israel and U.S. forces in the Middle East _ is a threat to the Jewish state.

"There is a growing understanding in the international community that the Iranian nuclear program is not benign," said Foreign Ministry spokesman Mark Regev.

Despite the mounting concern over the resumption of uranium processing and the recent election of Mahmoud Ahmadinejad, a hard-liner, as Iran's president, officials said that Israel was relying on the international community, in particular the U.S., to stop Iran.

"Israel has already said that its policy today is to leave the stage to the international players, the United States and Europe," said Efraim Halevy, the former head of Israel's Mossad spy agency. "I think Israel is acting wisely." [But of course MOSSAD endorses this!]

Officials questioned Israel's ability to destroy Iran's nuclear installations. Israeli warplanes bombed the unfinished Iraqi nuclear reactor at Osirak near Baghdad in 1981. They said Iran's nuclear installations, unlike the Iraqi reactor, are dispersed throughout the country _ many in populated areas, with sophisticated defense systems.

"I believe this is beyond our abilities," said Uzi Even, a former lawmaker and a Tel Aviv University expert on nuclear weapons. [I.e. U.S. will do it for us].

Iran should fear the U.S., not Israel, Steinitz said. "The Americans have proven their ability to strike many sites simultaneously."**

Kinda like the UN pressured Israel? Oh, yeah, that's right Israel has NO NUKES and has always bowed to international pressure from the UN. Hypocrisy on steroids.
