AIPAC/[Franklin](#) Spy Scandal Spreads to The Whitehouse

As the spy scandal unfolds it now appears to spread further than AIPAC, AEI, and the Pentagon. [Michael Ledeen](#) an ultra-Zionist Likudnik believed to be an Israeli agent is a key foreign Policy Advisor to Karl Rove. Rove who is known as a small man in a big job counts on a number of marginal fringe players for advice. Of all of his oddball advisors [Michael Ledeen](#) certainly acts like an agent of influence of a foreign government.

"When The Washington Post published a list of the people whom Karl Rove, President George W Bush's closest advisor, regularly consults for advice outside the administration, foreign policy veterans were shocked when [Michael Ledeen](#) popped up as the only full-time international affairs analyst." [Asia Times -Veteran neo-con adviser moves on Iran](#)

See [BBC: Michael Ledeen advisor to Carl Rove](#)

Who is the Mole?

[Larry Franklin](#), a Defense Intelligence Agency analyst has been named as the object of the FBI probe. I have serious doubts that Franklin worked alone. Let us hope that the FBI is taking a very close look at some other people including;

First of all the FBI is leaking the ties to AIPAC but a serious look must be taken with AEI. Every time I calculate the model on the Israeli spy ring it always traces back to AEI.

[Harold Rhode](#), [Douglas Feith's](#) top Middle East specialist. Rhode is seen as a protege of [Richard Perle](#) who certainly looks and acts like an Israeli agent of influence.

[Michael Ledeen](#) a former National Security Council official with strong ties to [Richard Perle](#) and Manucher Ghorbanifar. I suspect that Ledeen is an "Agent of Influence" for Israel. Note that [Ledeen](#), Ghorbanifar, and [Larry Franklin](#) all link together.

The mysterious Abram N. Shulsky, Director of Office of Special Plans. He ran the OSP as if it was part of the Israeli Government.

[F. Michael Maloof](#) - Maloof has a hard time holding a security clearance and has been accused of "Rouge Operations".

[William J. Luti](#) a spy for Israel ? Is [Bill Luti](#) part of the the Israeli spy ring under [Douglas Feith](#) and [Paul Wolfowitz](#). [CBS](#) indicates that an analyst is "a" mole for Israel but I suspect that there are several. The Office of Special plans under Luti appears to have operated as a Mossad propaganda machine. One has to assume that if the FBI is investigating the will be applying special scrutiny to applied to Abram N. Shulsky, Director of Office of Special Plans and [F. Michael Maloof](#). If it is an analyst then watch Shulsky and [Maloof](#). My advice to the FBI is too lean on Bill Luti since I think he is most likely to crack. They may find more then just one mole in the Pentagon.

See [FBI Suspects Israel Has Mole in Pentagon -- CBS](#)

and [FBI espionage probe goes beyond Israeli allegations, sources say](#)

The Office of Special Plans relied heavily on data gathered (or manufactured) by Israeli intelligence agencies particularly Mossad and also on information provided by [Ahmad Chalabi's](#) Iraqi National Congress, or [I.N.C.](#) To lend credibility to the doctored material the same information was leaked to Likudnik shills such as Judith Miller of the New York Times and Columnist William Safire. By citing anonymous sources reporting the same information they could make the phony data look more solid.

Remember, the Pentagon "outsources" much of its planning and analysis to private (unaccountable) firms, such as Booz Hamilton, where you will find a tribe of Israelis, including the former comptroller and 9/11 Mastermind planner Rabbi Dov Zakheim, hiding under the skirts of James Woolsey, former CIA director!

This Israeli Fifth Column that has hijacked and captured the government, uses administration officials as "fronts", while they call the shots (by coercion)--i.e. PNAC (which has an entire brood of vipers), Richard "Prince of Darkness" Perle, Zakheim, Wolfowitz (now World Bank mei\$ter), etc., etc..

Then there are the new unaccountable Judeo-Communist Soviet Czars of Negropante and Chertoff (total control of foreign and domestic intelligence and Homeland Tyranny--that have absolute, constitutionally unregulated power!

The hounds at the FBI are on their scent....would it not be great if there was some healthy internal conflict, where someone actually has Federal police powers to arrest, indict, try (and hang) these traitors for espionage and treason!

In Iraq, the Job Opportunity of a Lifetime Managing a \$13 Billion Budget With No Experience

By Ariana Eunjung Cha
Washington Post Staff Writer
Sunday, May 23, 2004; Page A01

BAGHDAD -- It was after nightfall when they finally found their offices at Saddam Hussein's Republican Palace -- 11 jet-lagged, sweaty, idealistic volunteers who had come to help Iraq along the road to democracy.

When the U.S. government went looking for people to help rebuild Iraq, they had responded to the call. They supported the war effort and President Bush. Many had strong Republican credentials. They were in their twenties or early thirties and had no foreign service experience. On that first day, Oct. 1, they knew so little about how things worked that they waited hours at the airport for a ride that was never coming. They finally discovered the shuttle bus out of the airport but got off at the wrong stop.

Occupied Iraq was just as Simone Ledeen had imagined -- ornate mosques, soldiers in formation, sand blowing everywhere, "just like on TV." The 28-year-old daughter of neoconservative pundit Michael Ledeen and a recently minted MBA, she had arrived on a military transport plane with the others and was eager to get to work.

They had been hired to perform a low-level task: collecting and organizing statistics, surveys and wish lists from the Iraqi ministries for a report that would be presented to potential donors at the end of the month. But as suicide bombs and rocket attacks became almost daily occurrences, more and more senior staffers defected. In short order, six of the new young hires found themselves managing the country's \$13 billion budget, making decisions affecting millions of Iraqis.

Viewed from the outside, their experience illustrates many of the problems that have beset the U.S.-led Coalition Provisional Authority (CPA), a paucity of experienced applicants, a high turnover rate, bureaucracy, partisanship and turf wars. But within their group, inside the "Green Zone," the four-mile strip surrounded by cement blast walls where Iraq's temporary rulers are based, their seven months at the CPA was the experience of a lifetime. It was defined by long hours, patriotism, friendship, sacrifice and loss.

The CPA was designed to be a grand experiment in nation-building, a body of experts who would be Iraq's guide for transforming itself into a model for democracy in the Middle East. Unlike previous reconstruction efforts, it was to be manned by civilians -- advisers on politics, law, medicine, transportation, agronomy and other key areas. They were supposed to be experts, but many of the younger hires who filled the CPA's hallways were longer on enthusiasm than on expertise.

L. Paul Bremer, Iraq's top civil administrator, may have been the public face of the CPA, but it is these rank-and-file workers who defined the occupation at the ground level. This account of the budget team's time in Baghdad is drawn from direct observation and interviews with more than three dozen civilian and military members of the occupation government.

War on Terror

Ledeen's journey to Baghdad began two weeks earlier when she received an e-mail **out of the blue** from the Pentagon's White House liaison office. The Sept. 16 message informed her that the occupation government in Iraq needed employees to prepare for an international conference. "This is an amazing opportunity to move forward on the global war on terror," the e-mail read.

For Ledeen, the offer seemed like fate. One of her family friends had been killed in the Sept. 11, 2001, terrorist attacks, and it had affected her family deeply. Without hesitation, she responded "Sure" to the e-mail and waited -- for an interview, a background check or some other follow-up. Apparently none was necessary. A week later, she got a second e-mail telling her to look for a packet in the mail regarding her move to Baghdad.

To call these Jews spies misses the mark.

In reality - they are out and out traitors!

They get in our face and call themselves American's – they are not!

They get in our face and say they are working for American interests – they are not!

They get in our face and say they personify American values – what a sickening thought!

In truth, they are two-faced tribal Jews – aliens to America and Western culture.
