Fox News Makes Another "Mistake"

These guys at the Fox News/RNC Network are really amazing...

I just got tipped from our friends at [Crooks and Liars](#) that Fox News has once again identified a Republican as a Democrat and vice-versa. They [did it last week](#) in labeling disgraced Republican Mark Foley as a Democrat multiple times in one night and they've done it again today, reversing the party affiliation of Sheldon Whitehouse and Lincoln Chafee in the Rhode Island Senate race.

Here it is:

You ever notice that they never do this crap in a way that creates a negative impact for *Republicans*? And do they really expect anyone to believe that these are innocent mistakes? (Actually, given the intelligence of their viewer base, that's probably more likely than it should be.)

And I think we all know that it's only a matter of time before they... do... this:
