Cheney desperate to attack Iran, World Cup offers pretext

Lyndon LaRouche issued a [public warning on May 24 \(PDF\)](#), that an ever-more desperate Bush Administration, led by Vice President *Dick Cheney*, is seriously planning a preventive military strike against Iran sometime between now and early July.

The warning is based on a series of reports from *well-placed military and security sources in the United States and Europe*, who point to a particular convergence of developments over this period.

First, European security sources have issued dire warnings of **serious terrorist disruptions of the scheduled *World Cup Soccer tournament***, which takes place in a dozen German cities from early June through early July.

These widely publicized soccer events are believed to be targetted by so-called *hooligan gangs*, **neo-Nazi youth**, and *possibly by "Islamist" organizations*, according to these security specialists. LaRouche pointed out that all of these countergangs have strong ties to the same European Synarchist financial circles who financed the Mussolini, Hitler, Franco, and Vichy fascist organizations during the 1922-1945 period.

That's not all. Ahmedinejad himself may attend the tournament. This came up in the context of having him arrested for denying the Holocaust.

From a strictly legal perspective, *Ahmadinejad should be arrested when he sets foot on German soil*. As Israeli attorney Ervan Shahar noted in his petition to Germany's federal prosecution this past February, *Ahmadinejad commits a felony under German law every time that he denies the Holocaust*. Shahar requested that the prosecutors enforce German law and indict Ahmadinejad in absentia. Doing so would force Germany to issue an international arrest warrant against the Iranian leader and so *make him liable for arrest any time he stepped foot on European soil*.

This is in addition to a number of signs that point to an imminent attack of Iran.

U.S. military and intelligence sources have also reported that, *during the month of June, three American and one French naval aircraft carrier groups will be converging on Indian Ocean and Persian Gulf waters near Iran*. Thus, military assets will be in place, during that time frame, to launch a short-notice attack, ostensibly in "retaliation" for

terrorist actions which would be linked to the Tehran regime.

There was also a massive multinational [WMDs exercise a few days ago](#) - that too was in the vicinity of Iran.

LaRouche cited the growing turbulence in the international financial system as a further motive for such Synarchist circles to act now, to spread chaos throughout much of the planet—just as they did in similar financial collapse conditions during the 1930s.

“I know the desperate state of mind among the Shultz, Rohatyn, Cheney circles in Washington. I know, as do others, that they are seeking the first pretext for a preventive, unwarranted strike against Iran.

The confluence of events in June represents the kind of opportunity that, I fear, they will not be willing to pass up. Therefore, I would be remiss were I not to speak out publicly at this moment, warning that these madmen may be contemplating actions that would throw the entire planet into chaos and conflict...” [--Lyndon Larouche.]

“One is drawn to the parallel,” LaRouche continued, “with the Nazi invasion of France in 1940 . . . The cause of the 1940 fall of France was the presence, within France, of a *Synarchist fifth column*, associated with the Lazard sponsored *Banque Worms circles*.

“The security operations for the World Cup would be technically adequate and competent if the threats were coming exclusively from domestic sources, or even agencies like those behind the infamous 1972 Munich Olympics attacks. However, those capabilities are not geared to dealing with a *fifth-column operation*, of the sort being contemplated by Shultz, Rohatyn, Cheney, and their European Synarchist allies. *No conventional defense is adequate to stopping that kind of assault.*

* * *

“[T]he gravest danger to the world today comes from the Synarchist International—including Shultz, Cheney, and Rohatyn. They are seeking a Reichstag Fire or 9/11-type incident to give them the psychological leverage to launch their pre-planned attack on Iran. That can only be prevented by placing a very powerful public spotlight on their schemes, in advance. That is why I am speaking out today.”

Keep your eyes peeled, folks. These guys are cornered and any day now they're going to act - even if they pass up the World Cup.

[UNLIKE 9/11](#), this time, we the people must catch them red-handed.

I said this before, but in this context, it is VERY RELEVANT...

=====

I'm glad you brought that up. Since there is something incredibly OBVIOUS to those who

look. The so-called "jews" that you and most people refer to, are NOT semetic. "Semetic people" are what people nowadays refer to as Palestinians. Yes, that's right folks, the people from the land in the middle east, who have lived there for thousands upon thousands of years have BROWN SKIN, and are commonly known as ARABS. The Palestinians and the other arab people in the middle east have not gone anywhere -- they have kept and tended to THEIR LAND for eons. There was a genetic similarity experiment, that uncovered that the true 'israelis' (aka 'semites') who chosen to remain in Palestine/Israel for the last 2000 years, are genetically INDISTINGUISHABLE from Palestinians (aka, one and the same).

Now boys and girls, can you guess who forced this scientific paper to be REMOVED?!

Besides you don't need any fancy DNA test to tell you this obvious fact. Just look at those who claim they are Jews with "Israeli" blood -- they are WHITE, that's right folks, you have the Arabs/Palstinians who are BROWN, and then you have these bunch of posers/fakes who are WHITE and they claim they are the "true"/"chosen" ones...

... who are they kidding?! They are WHITE, several hundred of years ago, the ruler of the land now known as Khazar (southwest USSR or "far-eastern" europe, look it up on the map) were losing their grip on their people. And what better way those hundred of years ago (as it is true now, just observe the "fundamental" christian/muslim/jew mass hysteria happening today), than to impose (back then by force) to convert all civilians to Judaism.

These same Khazar (also referred to as Ashkenazi in old literature) have among them the 'Bauer' family (which changed it's name to the 'Rothschild' (i.e. translated from German to mean "Red Sign", which was a 6-sided red star hung over the family's business. There is significance in the number 6, which from traditional christian belief is the sign of the anti-christ (aka devil, b/c christians believe that there 7 holy virtues, and 7 minus 1 = 6, which symbolized Luthifer whom was 'believed' to be once a most holy angel who through lust fell from God's grace, thus he misses one of the 7 holy virtues) This same sign was adopted as the symbol & flag of the newly created 'Israeli' nation, much to the protest of many 'religious' rabbis at the time. This little fact of history has often been neglected.)

You also hear (especially if you study ancient history) of the "Illuminati" or "Masonaries" which are just like the "Rothschild", who were hated in Europe for believing in 'Satan' (they were often called false judea-christians). The Illuminati/Masonaries are basically the active arm of the Khazars/Ashkenazis, aka their 'descendents' -- much like what the Neo-Cons, the notorious Council for Foreign Relations (CFR), and the Cato Institute (all of which are "Jewish" creations, aka Ashkenazi) is today.

They boast notorious members such as, Kissinger (Vietnam, Cambodia, India, Loas affair), Wolfowitz, Rumsfield, etc (you get the picture).

A friend of mine who claims he is 'Jewish', so I asked him what do you mean? By "blood" or by "religions"? He paused for a while and then confusingly said, "both!". Now, I told him he was a European, and this was very obvious. He was a RED-HEAD (aka from the UK/Ireland), and no mistake about it. You put him in a crown of Irishmen, and you wouldn't be able to tell him apart.

So why did I bring this up?! Because the INTENTIONAL confusion that the Zionist community brainwashes their "chosen people" -- you see you can 'CONVERT' to become a Jew (or marry one and thus forced to convert), and then you are led to believe you have "ancient Israeli blood", just like my friend I described earlier. Someone asks who you are, you answer 'confidently' that you are jewish, even if you are African (just like the lost 13th tribe in Ethiopia that later was "granted" Israeli citizenship to

immigrate to 'Israel'/Palestine).

Why would the Zionists go through with all of the DECEPTION? Simple! Main reason:

-- Wolves in Sheep's clothing.

-- To wage war by way of deception (MOSSAD motto)

Zionists favour the use of 'FALSE FLAG' operations (e.g. Attack on US Liberty, Bombing the Egyptian Hotel, 9/11 -- 5 dancing Israeli Mossad Agents filming and cheering and high-fiving the collapse of the Twin Towers -- of which Larry Silverstein foolishly admitted on camera that WTC7 was "PULLED" (note he recent purchased the building and insurance), and guess who Larry Silverstein is...hint Stein/Berg)

And lastly, let's not forget about the ACTUAL PHYSICAL EVIDENCE for the Holofoax (aka Holocaust) of which there is CONTRADICTING EVIDENCE to the contrary -- of which, Revisionists are imprisoned to shut them up. If there was such a thing (of which they claim to know where the mass burials are), why don't they DIGG UP the "supposed" mass graves?! Why don't they counter the Revisionists' scientific, logical, and forensic evidence, and make the revisionists look like fools for not believing??? -- but instead they ban their books, make it "unlawful" to question (which is ridiculous since you can investigate and research every OTHER GENOCIDES, such as My Lai, Killing Fields in Cambodia, Stalin's slaughter of millions of Russians, etc, etc, etc), and imprison them?

If it is true that they have so much "evidence", wouldn't it be easier and just to prove the Revisionists WRONG -- then you can imprison them (though I don't see why asking questions and doing your homework is a 'sin'), and people wouldn't have so much objection.

----- Instead, they just imprisoned them, WITHOUT A FAIR TRIAL, WITHOUT ALLOWING THEM TO PRESENT THE EVIDENCE --- sounds awfully bad way to promote Justice, but a very effective way to CENSOR and INFLICT FEAR AMONG the Population (the same population who are now learning through actual physical evidence and the laws of physics, that 9/11 Official Story is full of SHIT).

But this "Persecution Complex" serves the Zionists very well. It makes it much EASIER to kill/torture/rape a Palestinian or a Goy or a Nigger or a Chink or something that is NOT "jew", since the perpetrators 'sincerely' believe THE WHOLE WORLD IS AGAINST THEM, that it's survival of the fittest -- and what can be more fitting than 'God's own chosen people'...

You see how CULTS work?! CULTS promote BLIND DEVOTION, blind devotion that is devoid of reason, logic, or compassion -- but is instead substituted with fear (whether 'god-fearing' or whatnot), hate, and self-pitty...

Americans now know what it was like to live in Germany during the 1930s!

For those that blindly follow their leaders and stay the party line, they know how the average German felt, who was bewildered at why everyone didn't love their leaders, too.

Those that see what is happening and are trying to stop it, now know the dilemma faced by German patriots - when the definition of treason changes from fighting a legal government to supporting an illegal one.

Will Americans come to the defense of the Constiution or will they go down in history as the only armed populace to not resist tyranny?

Disgust knows no bounds.What can we do about it,educating the public in this environment is impossible since old John Q has no desire to hear about anything except the vote fraud for American Idiot whereas waiting til November is far too long to put off incapacitating the vile activities of the current administration,even then the election will most likely be fixed.I believe the only thing that will rile the American public is a focus on the use of depleted uranium and its effects in Iraq and Kosovo and the exposure of our armed forces to this devastation. Since it is so massive and inescapable it just might do the trick. Then again they might just appauld the DOD for recycling.
