Investigative Report -- [This is part of one of the most intriguing pamphlets on 9-11 I have ever seen published. I have been unable to find any other copies of it available on the internet. It hasn't gotten circulation because its publisher (author is unknown) was arrested on trumped up charges soon after it hit the press, and that publisher has been held in solitary confinement while these pamphlets have been languishing without a distributor. Here is the first lengthy excerpt ... I hope to excerpt more. This starts with the dancing Zionists, which is well known, and then goes deeper than any other investigation I have seen into this topic:]

THE DANCING ISRAELIS

Like most Americans, I was gripped by senses of profound shock, horror, revulsion, sadness and rage as I watched the horror of September 11, 2001, unfolding live on my television screen. Watching the mass murder of thousands of innocent people live on television was the most upsetting experience of my life. ...

But not all of the eye-witnesses to the 9-11 slaughter were so saddened. On September 11, five Israeli army veterans were arrested by the FBI after several witnesses saw them "dancing", "high-fiving" and "celebrating" as they took pictures of the World Trade Center disaster from across the river in New Jersey. ...

When the photos [taken by the dancing Israelis] were developed, they revealed that the dancing Israelis were smiling in the foreground of the New York massacre. According to ABC's 20/20 attempted whitewash of the incident, in addition to their outrageous and highly suspicious behavior, the five also has in their possession the following items: box-cutters, European passports, and \$4700 in cash hidden in a sock. Why were these Israeli agents so happy about the horrible massacre unfolding before their very eyes? ... Could it be that these happy Israeli army veterans were in some way linked to this monstrous attack? That's what officials close to the investigation told the Bergen Record newspaper of New Jersey. ...

THE SEPTEMBER 11 DANCE PARTY

... Having established [that Israelis and Jews have committed acts of terror against Americans in the past], we can now easily deduce the reason why those five dancing Israeli agents who celebrated the 9-11 attacks were so happy is because they knew that Americans would now become unconditional supporters of their “Israeli ally” and fanatical haters of Muslims and Arabs. On the day of the attacks, former Israeli Prime Minister Benjamin Netanyahu was asked what the attack would mean for US-Israeli relations. His quick reply was “It’s very good ... Well, it’s not good, but it will generate immediate sympathy (for Israel)”

The five Israelis made such a spectacle that everyone who saw them felt compelled to call the police. According to ABC’s 20/20, when the van belonging to the cheering Israelis was stopped by the police, the first word out of the driver’s (Sivan Kurzberg’s) lying mouth were: “We are Israelis. We are not your problem. Your problems are our problems. The Palestinians are your problem.” The police and FBI field agents became really suspicious when they found box cutters (the same items the hijacker supposedly used), \$4700 cash stuffed in a sock, and foreign passports. Police also told the Bergen Record that bomb sniffing dogs were brought to the van and that they reacted as if they had smelled explosives.

From there, the story gets even more suspicious. The Israelis worked for a Weehawken moving company known as Urban Moving Systems. An American employee of Urban Moving Systems told the Bergen Record that a majority of his co-workers were Israelis and they were all joking about the attacks. The employee, who declined to give his name, said “I was in tears. These guys were joking and that bothered me.”

A few days after the attacks, Urban Moving System’s Israeli owner, Dominick Suter, dropped his business and fled the country. He was in such a hurry to flee America that some of Urban Moving System’s customers were left with their furniture stuck in storage facilities. The five Israeli army veterans (Mossad) were held in custody for several months before being quietly released. Some of the movers had been kept in solitary confinement for 40 days.

Immediately following the attacks, the Zionist controlled media was filled with stories linking the attacks to Bin Laden. TV talking-heads and scribblers of every stripe spoon-fed a gullible American public a steady diet of the most outrageous propaganda imaginable. We were told that the reason bin Laden attacked the USA was because he hates our “freedom” and “democracy”. The Muslims were “medieval” and they wanted to destroy us because of our wealth. But Bin Laden strongly denied any role in the attacks and suggested that Zionists orchestrated the 9-11 attacks:

“I was not involved in the September 11 attacks in the United States nor did I have knowledge of the attacks. There exists a government within a government within the United States. The United States should try to trace the perpetrators of these attacks within itself; to the people who want to make the present century a century of conflict between Islam and Christianity. That secret government must be asked as to who carried out the attacks ... The American system is totally in control of the Jews, whose first priority is Israel, not the United States.”

To date, the only shred of “evidence” to be uncovered against Bin Laden

was a highly suspicious, barely audible amateur video, that the Zionist dominated Pentagon just happened to find “lying around” in Afghanistan. Though there is no evidence, be it hard or circumstantial, to link the Al Qaeda “terrorist network” to these acts of terror; there is in fact a mountain of evidence, both hard and circumstantial, which suggests that the Zionists have been very busy framing Arabs for terror plots against America.

WHO WAS REALLY FLYING THOSE PLANES ON 9-11?

Hours after the 9-11 attacks, authorities began to find clues conveniently left for them to stumble upon. The *Boston Globe* reported that a copy of the Koran, instructions on how to fly a commercial airplane, and a fuel consumption calculator were found in a pair of bags meant for one of the hijacked flights that left from Logan.

Authorities also received a “tip” about a suspicious white car left behind at Boston’s Logan Airport. An Arabic-language flight training manual was found inside the car.

How fortunate for investigators that the hijackers “forgot” to take their Koran and Arab flight manuals with them! Within a few days, all “19 hijackers” were “identified” and their faces were plastered all over our television screens.

Then, like a script from a corny “B” spy movie, the official story gets even more ridiculous. The passport of the supposed “ringleader” Mohammed Atta, somehow managed to survive the explosion, inferno, and smoldering collapse to be oh-so-conveniently “found” just a few blocks away from the World Trade Center.

It is obvious that this “evidence” was planted by individuals wishing to direct the blame towards Osama bin Laden. How is it possible that Arab students who has never flown an airplane could take a simulator course and then fly jumbo jets with the skill and precision of “top-gun” pilots? It is not possible and the fact is, the true identities of the 9-11 hijackers remain a mystery. In the days following the disclosure of the “hijackers” names and faces, no less than 7 of the Arab individuals named came forward to protest their obvious innocence.

That’s right! Seven of the nineteen “hijackers” are alive and well. They were victims of identity theft, some of whom had their passports stolen. They were interviewed by several different news organizations, including the *Telegraph* of England. Here’s an excerpt from David Harrison’s *Telegraph* story entitled:

“Revealed: The Men With Stolen Identities

“Their names were flashed around the world as suicide hijackers who carried out the attacks on America. But yesterday four innocent men told how their identities had been stolen.

“The men, all from Saudi Arabia – spoke of their shock at being mistakenly named by the FBI as suicide terrorists. None of the four was in the United States on September 11 and all are alive in their home country.

“The *Telegraph* obtained the first interviews with the men since

they learnt that they were on the FBI's list of hijackers who died in the crashes in New York, Washington and Pennsylvania.

“All four said they were outraged to be identified as terrorists. One has never been to America and another is a Saudi Airlines pilot who was on a training course in Tunisia at the time of the attacks. Saudi Airlines said it was considering legal action against the FBI for serious damaging its reputation and that of its pilots.”

The story of these identity thefts was also briefly reported by ABC and BBC (England). The FBI does not deny this. Nobody denies the fact because it is easily verifiable. Instead, the US media and government just ignore this inconvenient little fact and keep right on repeating the monstrous lie that the hijacker identities are known and that 15 of them were Saudis.

CNN revealed that FBI director Robert Mueller openly admitted that some of the identities of the 9-11 hijackers are in question due to identity theft. Here's what CNN reported on September 21:

FBI Director Robert Mueller has acknowledged that some of those behind last week's terror attacks may have stolen the identification of other people, and, according to at least one security expert, it may have been “relatively easy” based on their level of sophistication.

This opens up a whole Pandora's box of unanswered questions. First and foremost of which is this: why would Osama Bin Laden, the Saudi Arabian “cave man”, attempting to cover his tracks, steal the identities of ... fellow Saudi Arabians??? What would be the point? Why go through the trouble of stealing identities that would point back to you. Why not steal Greek identities, or Brazilian identities, or Turkish ones? A much more logical conclusion is that non-Arabs stole these identities as part of a “false flag” operation designed to point the blame at Arabs, and Saudi Arabia in particular.

What kind of a character is FBI boss Mueller? He initially admitted that false identities were involved with 9-11, but then he allows the media to keep naming these innocent, and alive, Arabs as the hijackers? Why doesn't he correct them? ...

Now I'm really going to rock your faith in the false religion of 9-11. In February of 2000, Indian intelligence officials detained 11 members of what they thought was an Al Qaeda hijacking conspiracy. It was then discovered that these 11 “Muslim preachers” were all Israeli nationals! India's leading weekly magazine, *The Week*, reported:

“On January 12, Indian intelligence officials in Calcutta detained 11 foreign nationals for interrogation before they were to board a Dhaka-bound Bangladesh Biman flight. They were detained on suspicion of being hijackers. ‘But we realized they were tabliqis, so we let them go’ said an intelligence official.

“The eleven has Israeli passports but were believed to be Afghan nationals who had spent a while in Iran. Indian intelligence officials, too, were surprised by the nationality profile of the eleven. ‘They say they have been on tabligh in Indian for two months. But they are Israeli nationals from the West Bank,’ said a

Central Intelligence official. He claimed that Tel Aviv 'exerted considerable pressure' on Delhi to secure their release. 'It appeared that they could be working for a sensitive organization in Israel and were on a mission to Bangladesh,' the official said.

What were these 11 Israeli nationals doing trying to impersonate Al Qaeda men? Infiltrating? Perhaps. Framing? More likely. But the important precedent to understand is this: Israeli agents were once caught red handed impersonating Muslim hijackers!

This event becomes even more mind boggling when we learn that it was Indian Intelligence that helped the US to so quickly identify the "19 hijackers"! On April 3, 2002, *Express India*, quoting the *Press Trust of India*, revealed:

"Washington, April 3: Indian intelligence agencies helped the US to identify the hijackers who carried out the deadly September 11 terrorist attacks in New York and Washington, a media report said here Wednesday."

Did you catch that? The Indian intelligence officials who were duped into mistaking Israeli agents for Al Qaeda back in 2000, were the very same clowns telling the FBI who it was that hijacked the 9-11 planes! Keep in mind that Indian intelligence has an extremely close working relationship with Israel's Mossad because both governments hate the Muslim nation of Pakistan.

Now about Mohamed Atta ... the so-called "ring leader". There are a number of inconsistencies with that story as well. Like some of the 7 hijackers known to be still alive, Atta also had his passport stolen in 1999, (perhaps the same passport that miraculously survived the WTC explosion and collapse?), making him an easy mark for identity theft. Atta was known to all as a shy, timid and sheltered young man who was uncomfortable with women. The 5 foot 7 inch, 150 pound architecture student was such a "goody two shoes" that some of his university acquaintances in Germany refrained from drinking or cursing in front of him. How this gentle, non-political momma's boy from a good Egyptian family suddenly transformed himself into the vodka drinking, go-go girl groping terrorist animal described by the media, has to rank as the greatest personality change since another classic work of fiction, *Dr Jekyll and Mr Hyde*.

Atta, or someone using Atta's identity, had enrolled in a Florida flight school in 2001 and then broke off training, making it a point to tell his instructor he was leaving for Boston, In an October 2001 interview with an ABC affiliate in Florida, flight school president Rudi Dekkers said that his course does not qualify pilots to fly jumbo jets. He also described Atta as "an asshole" Part of the reason for Dekker's dislike for Atta stems from a highly unusual incident that occurred at the beginning of the course. Here's the exchange between ABC producer Quentin McDermott and Dekkers:

MCDERMOTT: "Why do you say Atta was an asshole?"

DEKKERS: "Well, when Atta was here and I saw his face on several occasions in the building, then I know that they're regular students and then I try to talk to them, it's a kind of PR – where are you from? I tried to communicate with him. I found out from my people that he lived in Hamburg and he spoke German so one of the days that I saw him, I speak German myself, I'm a Dutch

citizen, and I started in the morning telling him in German, “Good morning. How are you? How do you like the coffee? Are you happy here?”, and he looked at me with cold eyes, didn’t react at all and walked away. That was one of my first meetings I had.”

That is easily similar to the way in which Zacharias Moussaoui (the so-called “20th hijacker”) became “belligerent” when his Minnesota flight instructor tried to speak to him in French (his first language) at the beginning of that course. The *Minnesota Star Tribune* reported on December 21, 2001:

“Moussaoui first raised eyebrows when, during a simple introductory exchange, he said he was from France, but then didn’t seem to understand when the instructor spoke French to him. Moussaoui then became belligerent and evasive about his background, Congressman Oberstar and other sources said. In addition, he seemed inept at basic flying procedures, while seeking expensive training on an advanced commercial jet simulator.”

It truly is an amazing twist of fate that both Atta and Moussaoui had American flight instructors who spoke German and French respectively. Even the great Mossad could not have foreseen such a coincidence! The real Atta would have been able to respond to his instructor’s German small talk and the real Moussaoui would have been able to respond to his instructor’s French small talk. Atta just walked away and Moussaoui threw a fit! Neither responded because neither could. They were impostors, whose faces were probably disguised by a make up artist. Their mission was to frame the two innocent Arabs who were probably targeted by the Mossad at random.

The imposter was able to create a new Atta by using Atta’s stolen passport from 1999 – the same passport that floated safely to the ground with a few burnt edges on 9-11. These strange inconsistencies tend to give support to Mohammed Atta’s father’s claim that he spoke over the phone with his son on September 12th, the day after the attacks. Could a group of professionals have abducted and killed the real Atta in the days following the 9-11 attacks? Mossad agents, posing as “art students” were arrested after conducting some kind of operation in Hollywood, Florida, the same town that Atta stayed in! So what happened to the real Mohammed Atta? To quote his grief stricken father: “Ask Mossad!”

So who, if not the “19 Arabs” was on those planes? That’s the million dollar question! There are a number of alternative scenarios. Could some Israelis have been fanatical enough to have volunteered for such a suicide mission? Odd as that may sound at first, it is not out of the realm of possibility. The fact is, hard-core Zionist extremists have proven themselves to every bit as fanatical (and more so) than Arab extremists.

A nation which can produce thousands of bloodthirsty Zionist extremists, Irgun war criminals, Mossad terrorists who blow up occupied buildings, assassins who kill Israeli Prime Ministers in full view of policemen, and crazed killers who have conducted sickening massacres of Arab women and children, would surely be capable of recruiting a few fanatics willing to sacrifice for “the cause.” The theory becomes even more plausible when we consider that only the pilots would have needed to know that the planes were on a suicide mission. ...

One has to wonder if some of [Baruch] Goldstein's admirers were flying those planes on 9-11. There is one interesting side note here which may or may not be of any significance. One of the two Israelis who died aboard the hijacked planes was Daniel Lewin – who was aboard the first plane to crash into the Twin Towers. The *Ha'aretz News Service* of Israel revealed that Lewin was a one time officer in the Israeli Defense Forces Sayaret Matkal commando unit. Oddly enough, Lewin's name is missing from CNN's comprehensive September 11 Memorial website. ...
