Dr Geerd Ryke Hamer - 70 years old - refuses to bend to Jewish pressure

- refusing to bend to Jewish pressure -

Adelaide Institute will now limit its reporting to matters concerning REVISIONISTS currently imprisoned, in particular

Ernst Zündel, Germar Rudolf, Siegfried Verbeke, Ernst Günter Kögel et al.

The HOLOCAUST BELIEVERS HAVE LOST THE ARGUMENT – they have none, never did have, and so their resorting to legal persecution merely reinforces the believer's own impotence against TRUTH and JUSTICE, the REVISIONISTS' trusted friends — and for the REVISIONIST imprisonment, death even, becomes irrelevant.

The REVISIONISTS' moral and intellectual integrity remains intact because Holocaust believers cannot produce well-reasoned criticism of the REVISIONIST position, only smear campaigns that actually accurately reflects the HOLOCAUST BELIEVERS' mindset — fuelled by hatred derived in parts from the Talmud where world-conquest, domination of the non-Jewish world, is the imperative.

It is the moral duty of all freedom-loving individuals to oppose this strategy of establishing, through playing the victim card, a world dictatorship where things Jewish are worshipped.

My world view cannot be reduced to things Jewish because there is more to life than being Jewish! I am glad that I am not burdened by the absurd notion of belonging to God's chosen people!

There will also be continued reporting on the plight of Dr Geerd Ryke Hamer, founder of German New Medicine that challenges school medicine's hold, in particular, on cancer treatment.

If Revisionists think they have suffered, then they are deluding themselves because Dr Hamer's plight is a horror story. Dr Hamer's continued imprisonment in France is reaching a crisis point.

On 9 September 2004, Dr Hamer was arrested in Spain, a day later sent to Madrid, then extradited to France - on a fraudulent arrest warrant.

Three days later, on 12 September 2004 Chirac, Zapatero and Schröder met. Dr Hamer does not view this as a coincidence that the heads of Spain, France and Germany suddenly met like that. Dr Hamer's case is a worry to those individuals who cannot refute his five iron-clad natural laws of cancer.

Like the Revisionists' arguments that are suppressed/absorbed by 'Holocaust' believers, the defenders of school medicine feel justifiably threatened by Dr Hamer's ground-breaking research - something that is being suppressed all over Europe. In particular Jewish groups wish to absorb Dr Hamer's discoveries and then sell his German New Medicine as having come from Jews. Fortunately, Dr Hamer took out patents and registered his discoveries under Germanische Neue Medizin - German New Medicine.

At a 13 October 2005 Liberation conditionelle court hearing matters were discussed, and the young assistant judge advised Dr Hamer that Director Katz of Maison d'arrêt de Fleury-Mérogis - the prison where Dr Hamer is being held - viewed disapprovingly Dr Hamer's continued interest in German New Medicine.

On 27 October 2005 Judge Bessy, in the presence of Me Bremaud - Hamer's attorney - admitted to Dr Hamer, that in order to have Hamer extradited from Spain to France, he, Bessy, fraudulently fabricated a pretext in order to activate the extradition process.

- remember Ernst Zündel's and Germar Rudolf's extradition from the USA to Germany in which bureaucratic fiddling of the books occurred at the highest level within the US and German government? Jewish influence is all pervasive - a fact!

It is customary in France to release foreign prisoners before Christmas, especially if they have served half of their

sentence. In Dr Hamer's case half of the three years' sentence expired on 2 September 2005.

The prison authorities and the judiciary are colluding in this matter because they wish Dr Hamer to sign an agreement never to practice German New Medicine again - and to hand over all rights to his inventions and discoveries to Jewish interests, in particular his Copyrights and patents to Rabbi Sabbah, Bronfmann, et al, something Dr Hamer refuses to do.

The German embassy also advised Dr Hamer's attorney that his release is conditional on his 're-canting' his pioneering work in German New Medicine.

Dr Hamer was deregistered in Germany, and had a massive run-in with Jewish medical interests. For that he spent one year in a German prison!

Hence the fear is that Dr Hamer will not be released at all - and that he will be killed in prison. This is not said lightly because Dr Hamer has survived numerous assassination attempts on his life. The fact that the Masonic P2 and B'nai B'rith Lodges are involved in this matter raises additional concerns. Very few non-Jewish lodge members know that the Masonic movement is Jewish controlled with a simple aim: to re-build King Solomon's Temple in Jerusalem. Hence, all Masons the world over wittingly or unwittingly are captives of this Jewish mindset, and by implication Masons are thus willing helpers to ethnic cleansing/genocide of the Palestinians.

At 70 Dr Hamer is the oldest of about 1000 prisoners held at Maison d'arrêt de Fleury-Mérogis. Another of his Liberation conditionelle is that he would be prevented from leaving France for 7 years, and then be under constant legal surveillance.

Dr Hamer is one German who will not let evil forces strip him of his intellectual property - as happened sixty-years ago at the end of World War Two when Germans were too weak to resist the plunder of their intellectual property.

Since 1981
