# Evidence points to 911 was executed by Mossad, with High governmental Pro-Zionist help!

author: researcher

The Mossad carried out 911, with high governmental Pro Zionist help and Cover-up!

LEASE take the time to read this in its entirety!!

For years I believed the Official version of 911, including the Arab hijackers but now I believe the Arab hijackers were Mossad imposters, and they had Zionist high governmental help.

Mossad attacked on 911 with U.S. ProZionist Official Help 15.Apr.2005 04:57

,Zionists are the enemy. Not all Jews, especially the relatives of those killed in the 911 attack!!!

A few days ago www.worldnetdaily.com Aaron Klein reports that EU is calling Hamas, "freedom fighters." Mr. Sharon is reacting to this negative attention and U.S. pressure by trying to create a Palestinian state in Gaza, so that the Zionist war on terrorism, war on Israelis neighbors, will continue, not withdraw, as there are so many rumors The US wants to pull out troops from Iraq. He's trying to buy time to get a US draft going, so the US will effectively help fight Iran.

Israel's had no reservations in sacrificing its own citizens in the past, the Israelis who dressed as Arabs not only killed British rulers, but also Israeli citizens. Israel also killed American allies in their attack on the U.S. Liberty.

Sharon thinks he can buy off the settlers with compensation, as Israel did with the survivors of the Liberty murders. Congress never investigated the case, nor demanded further explanation from Israel, despite the fact that Israelis have admitted to trying to sink the ship.

Given the fact that "terrorist" was coined by the British press to refer to the Israelis who dressed up as Arabs and bombed the King David hotel and given the long history of Mossad and Zionists even turning against their own allies (US Liberty) for the sake of the Israeli State I can understand Hamas saying they're freedom fighters, and that Israeli carried out 911.

Two books [link to www.the7thfire.com](#)

pieces the puzzle together, by showing how there were active Mossad agents in this country then, and many false flag operations. Other 200 Mossad agents were found with explosives in the Mexican Parliament, some with videos of the Sears Towers, some with nuclear U.S. Power plant plans, some posing as art students checking out Defense buildings.

Other glaring in discrepancies of the official 911 version ::Attars' passport was stolen and found blocks away from the Towers, the extremely impossible behavior of the "doubles in Florida, and Las Vegas, the demolition of building 7 by its owner Silverstein, the warnings to Odgio and only three deaths of Israelis in the disaster, one of which Daniel Levin, a member of Israel's top commando team, as a cover to throw suspicion away from Israel,(CNN doesn't have his name on thier list of those killed in the attack) shot with a gun brought through Logan airport owned by Israeli businessmen. The Pentagon was hit (probably a missile, (see for yourself the photographs in this book and on other 911 sites), to cover Pentagon involvement, no stand down action, the fact FEMA was in NY the night before, the put options showing somebody knew in Israel.

And [link to www.antichristconspiracy.com](#) explains how infiltrated the government is with pro Zionist leaders. These 200 found Israeli Mossad agents were deported with the help of Michael Chertoff, an American with dual citizenship, born to first stweerdas of El Al. Seven of the so called highjackers from Saudi Arabia are alive. Someone else was doing this, someone who knew about remote control, and these planes were guided to their targets. Then the trade center was demolished with controlled demolitions and the evidence carted off pdq to do away with the evidence, by another Israeli company.

Other cases lead support, the imprisonment of Lt. Veerland, the Navy Lt who wrote down most of the attack sites three weeks before it happened, stating he didn't think Bin Laden was

responsible, but "our brothers in faith." He noted the World Trade Center, Pentagon, Sears Towers?, Malaysia, Haidar among others.

Given the sex scandal of child abuse in Washington, many Congressmen and many higher ups in the administration, might have traded their votes and loyalties out of fear of blackmail. This even included the former President Bush. And how do you explain their perversion to visit Bohemian Grove and go through rituals like "The cremation of care"? Donning hoods and robes the elite jetsetters burn a body to throw away their cares before a tall Owl Statute. What about Trance Formation in America? All fiction?

All this was very convenient for Plans already under way to attack Afghanistan and Iraq. By duping Americans into fighting Moslems the Washington heads now have a green light to achieve Full Spectrum Dominance = World Control.

Zionists and Jesuits have entered into a plan to make Jerusalem the city of the earthly ruler, and Zionists may yet even double cross American interests by creating another financial depression through the manipulation of the privately owned Federal reserve banks who pay for the printing of money and then lend it back to the U.S. and other governments, thereby driving up the national debt, and through calling in foreign debtors to demand collateral, Western lands, signed by President Nixon)or carry out attacks to get American Jews to move back to Israel and having the President imitate martial law in this land.

They've placed the expansion of the State of Israel higher than the religion they profess. History shows the Mossad will kill innocent people, even their own.

The recent Tsunami may have prematurely started with a nuclear device, thereby getting rid of millions of their enemies, even Veerland's note mentions Malaysia.( see Joe Vialis) Veerland is now locked up in solitary confinement for child prostitution charges in Colorado and his interview notes says he knows some people who knew George Bush personally. (KNEW?)

Knowing Ariel Sharon blocked the escape of thousands in a massacre in the state of Israeli's interest, it's not impossible he'd ok the Mossad to act by deception to draw America in to fight Israel's greatest enemies( as it did in WW1. and WW2) We're now being told by him something has to be done about Iran. Latest I've read, a business man, Sarfraz Haidar was killed for selling 6 Russian KH-55 cruise missiles to Iran. These missiles are said to have a nuclear 200 kiloton warhead and can travel 3000 kilometers.

about Zionist complicity: Zim International vacates WTCs 15.Apr.2005

Another point that has slipped off the collective 'map' of 9-11 is that the shipper/trader organization, Zim International, broke its lease in the days before 9-11. It vacated rather quickly.

What is interesting about Zim International is that it is a corporation half owned by the Israeli Government.

Another point that is interesting is that despite the cover being "rent was high," why loose \$40,000 right then and there for breaking your lease? And is money really all that important when you are half owned by a subsidy-based state like the State of Israel?

DID ISRAEL ATTACK THE UNITED STATES WITH CHERTOFF'S AID?

author: Phillip Yardley

It is a little known, but historical fact that Israel has attacked the United States several times. Yet, we now know that our New Homeland Security Chief helped Israel to do so.

NEW HOMELAND SECURITY CHIEF IN ALLIANCE WITH 9-11 TERRORIST

author: Dr. David Duke

There is hard, factual evidence that Michael Chertoff, the new Homeland Security Chief, has ties with the financiers of 9-11.

As incredible as this news may seem, it has now been revealed that the nominee of President Bush for the new Secretary of Homeland Security, Michael Chertoff, has ties with a man suspected of financing the 911 attacks, Dr. Magdy Elamir. There is also convincing evidence that Chertoff as head of the Criminal Division of the U.S. Justice Department shielded this financier of 911 from prosecution in a terrorist case.

Israel Clears Officer of Killing Journalist Who Had White Flag

By Donald Macintyre

The Independent UK

Friday 15 April 2005

The British government formally protested to Israel after the army officer who opened fire when the film-maker James Miller was shot dead in Gaza two years ago was acquitted of disciplinary charges.

The decision by the head of Israel's Southern Command to clear the officer overturned a recommendation by the military advocate general that he should be severely disciplined. Mr. Miller was killed in Rafah in 2003 while walking back to his lodgings displaying a white flag and clearly identifying himself to troops as a journalist.

The officer acquitted yesterday has admitted opening fire and a 79-page report by Brigadier-General Avihai Mandelblit, the advocate general, held that the first lieutenant in the Bedouin Desert Reconnaissance Battalion had fired in clear breach of army rules of engagement.

Mr. Miller's widow Sophy said the decision "makes a mockery of Israeli claims that they follow due process where IDF soldiers have acted criminally and outside their own rules of engagement".

Mr. Miller's family had been bitterly disappointed when they were told at a meeting with General Mandelblit in Tel Aviv last month that the officer would not be prosecuted because of a lack of ballistic evidence proving the bullet which killed Mr. Miller came from the officer's weapon. But they - and British officials - were assured that the advocate general was recommending a stiff disciplinary sentence.

Baroness Symons, the Foreign Office minister, has summoned Zvi Heifetz, the Israeli ambassador in London, on Monday to protest at the decision and urge that it be reversed, a message also strongly conveyed in a letter last night by Simon McDonald, the British ambassador

in Tel Aviv, in a letter to Shaul Mofaz, Israel's Defence Minister.

Yesterday, Baroness Symons said she was "shocked and saddened" by the decision by the Brigadier-General Guy Tzur, the Southern Command chief of staff. The Israeli army said General Tzur decided that under the conditions then - including "frequent terrorist attacks; thick darkness and earlier that same day the soldiers were fired at by anti-tank missiles" - the shooting was "reasonable". The family's lawyers are seeking reversal of the decision. .

Mr. Miller, an award-winning documentary maker who had been working on a film about Palestinian children caught up in the conflict, was shot while walking openly with two colleagues to their apartment.

They were carrying a white flag with a torch shone on it, their helmets were clearly marked "TV" and they called out that they were British journalists as they approached an armoured personnel carrier to ask permission to leave. Israeli claims of heavy fire between Palestinians and Israeli troops at the time were disproved because an Associated Press cameraman filmed the incident.

Mrs. Miller said the family believed there had been no "genuine will" to uncover the truth because the site of the shooting had not been secured for forensic investigation. It was bulldozed three days later and Israeli authorities took 11 weeks to impound the guns involved in Mr. Miller's death for ballistic examination.

We've lost our way

By GERSHON BASKIN

On April 10, three Palestinian youths aged 14 were killed by Israeli troops in Rafah. The two sides presented very different reports regarding the circumstances of the killings.

Israeli sources reported that the youths were smuggling weapons, that warning shots were fired before they were shot and killed. Palestinian sources reported that they were playing soccer and were shot for no reason. A later Palestinian report stated that they may have been trying to steal surveillance cameras.

Regardless of which of the stories is correct, I fail to see why three 14-year-olds were given a death sentence. Beyond the anger of such a senseless and ugly loss of life, I am amazed and distraught about why there was absolutely no discussion of these senseless killings in the Israeli body politic or press. The only part of the story that made the media and political debate was the Palestinian reaction to the killing - the shooting of tens of mortars into Gush Katif and Israel.

I am outraged by these youths' killing. Was there no other way to respond? Couldn't the army have arrested them? The boys were only a few hundred meters away - within the soldiers' gun sights and in clear range of the lethal bullets. Couldn't our soldiers have called the Palestinian police to arrest them?

Why was there no public outcry over these senseless killings? Do we simply not care about Palestinians who are killed? Have we lost our humanity?

As if a script had been prepared and played out, just as Prime Minister Ariel Sharon was off to Texas to meet with President George Bush at his Texas ranch, the Palestinians could be accused of breaking the cease-fire. Mahmoud Abbas (Abu Mazen) could be described as not doing anything to fulfill his road map commitments - just look how the Palestinians are shooting mortars and Abbas is doing nothing.

How convenient for Sharon. How manipulative can we be?

Abbas is in trouble. Everyone shares this assessment. On the streets of Palestine, people give him weeks, perhaps months, before he disappears from the scene. His supporter-critics in Palestine say he is not decisive enough, that he should immediately fire all the senior officers who are not implementing his policies - beginning with Musa Arafat, who recently threatened to kill Interior Minister Nasser Yousef, should he come to Gaza.

Abu Mazen should have immediately launched a corruption investigation; many people should already be standing trial. They say he should have fired the attorney-general and brought in a more serious senior prosecutor, one with clean hands. They say he should have arrested all the Fatah gunmen who have paraded around the Palestinian cities threatening to use their weapons against the Palestinian Authority.

This is all true. There are many other issues that also must be immediately addressed by Abu Mazen. The new political parties law is long overdue. The election law and the shape of the elections must be decided and legislated without delay. The list of what Abbas must do is almost endless. But if he falls, the blame will not lie on his own shoulders only. We must also ask ourselves: What has Israel done to support Abu Mazen and advance his chances of success?

Perhaps we should first ask ourselves if Israel is really interested in Abu Mazen's success. I do not have a definitive answer to this question. Unfortunately, I cannot say categorically that Israel is working to ensure Hamas does not replace Abbas and the Palestinian Authority. I cannot say Sharon would not prefer to have the Palestinians run by people who really cannot be viewed as partners.

Apr. 19, 2005 3:32

We've lost our way

By GERSHON BASKI

(Continued from page 1 of 2)

Isn't it easier for Israel to continue its expansionist settlement policies when the Palestinians are led by Islamic extremists? What could be a better situation for Israel's right wing than a Palestinian public that democratically elects a Hamas leadership?

Imagine a scenario where, after Palestinian legislative elections in July, Hamas emerges the victor. What is the future of Israeli-Palestinian negotiations for the creation of a Palestinian state, according to Bush's vision, when Islamic fundamentalism is on the other side of the negotiating table?

There would probably be no negotiations at all. It is completely likely that Hamas would not even participate in negotiations with Israel - at least at anytime in the near future.

Some Palestinian analysts state that Hamas is afraid of the upcoming elections because it may win a majority of seats. That would place it in the position of having to confront the question of negotiating with Israel, something it is not yet ready to accept.

Wouldn't that be convenient for Sharon? Increasing support for Hamas in Palestine is not only because it is presenting clean hands to a public fed up with corruption. Its members are also asking themselves, every day, what has Abu Mazen and his moderation brought us? There are still 7,500 Palestinians in Israeli prisons. New arrests take place everyday. Jericho and Tulkarm have been turned over to Palestinian control, but Israeli roadblocks continue to surround them. What about the rest of the cities?

Every day Palestinians witness more land confiscation, more olive trees uprooted and more walls constructed, putting them in ghettos and enclaves. More Palestinians are being killed, albeit far fewer than this time last year, but there is supposed to be a cessation of violence - at least the violence controlled and directed at the official levels.

What has changed in Israel's policies since the election of Abu Mazen? In the eyes of the Palestinian public, nothing.

I don't usually believe conspiracy theories. But in light of the reality we witness every day, what else is there left to believe? If Israel really wanted Abbas to succeed, there is a lot that we could be doing to increase his chances. Instead, it seems to me, we are doing almost everything possible to ensure his failure.

I do not believe this is acting in the interests of Israel, and I cannot understand our obtuseness. The writer is the Israeli CEO of the Israel/Palestine Center for Research and Information. [www.ipci.org](http://www.ipci.org)

## CHAPTER 20 - FOLLOW THE PHONY TRAIL AND DEDUCTIVE LOGIC

### REVEALS THE TRUE CULPRITS

AN INDEPENDENT INVESTIGATION OF 9-11 AND THE WAR ON TERRORISM by: Dr. Albert D. Pastore Phd.

LOGICAL CONCLUSION #1: 9-11 WAS CARRIED OUT BY EITHER ONE OF TWO GROUPS.

GROUP #1: MUSLIM TERRORISTS seeking to avenge U.S. policies in the Middle East..

OR.....

GROUP #2: ZIONIST TERRORISTS seeking to frame their enemies as a pretext for involving the US in a war against Arab/Muslim states.

THERE ARE NO OTHER LOGICAL SUSPECTS OTHER THAN THESE TWO

WHICH LEADS US TO...

LOGICAL CONCLUSION #2: THE TRUE CULPRITS WISH TO REMAIN UNKNOWN.

We know this because Bin Laden strongly denied any involvement in 9-11 and suggested that the Zionists were behind it. (1) It is widely believed throughout the Arab and Muslim world (and even much of Europe) that Israeli and U.S. elements staged 9-11 as a pretext for a war against the Islamic world.

The Zionists and the U.S. scoff at this idea and insist that Muslim terrorists carried out 9-11.

IN SHORT, GROUP 1 CLAIMS GROUP 2 DID IT, AND GROUP 2 CLAIMS GROUP 1 DID IT.

WHICH LEADS US TO...

LOGICAL CONCLUSION #3: TO ESCAPE PUNISHMENT FROM AN OUTRAGED USA, THE TRUE CULPRITS WOULD NEED TO PLANT A FALSE TRAIL OF "EVIDENCE" AWAY FROM THEMSELVES AND TOWARDS THE OTHER GROUP.

Given that both Group 1 or Group 2 would be in serious trouble if it were discovered to be responsible for 9-11, and given the fact that each group blames the other, we would therefore expect the true culprit to attempt to divert the investigation towards the innocent group and away from itself. This trick is as old as crime itself. As surely as night follows day, a phony evidence trail would have to have surfaced following the 9-11 operation.

WHICH LEADS US TO...

LOGICAL CONCLUSION #4: IF WE FIND WHAT APPEARS TO BE A FALSE EVIDENCE TRAIL, WE WILL HAVE FOUND THE TRUE CULPRIT.

By simply reversing the direction to which the phony trail points towards, we can logically deduce who the true culprits were. Whichever group has phony-looking evidence directed towards it must therefore be the innocent group. Find the phony trail and you will find the guilty party.

WHICH LEADS US TO...

LOGICAL CONCLUSION #5: THE ONLY TRAIL THAT APPEARS TO BE OF SUSPICIOUS ORIGIN POINTS TOWARDS MUSLIMS. CONSIDER THESE VERY STRANGE PIECES OF "EVIDENCE" THAT SURFACED IN THE DAYS FOLLOWING 9-11.

1. A few weeks before 9-11, Israeli Mossad officials flew to the U.S. and met with leaders of the FBI and CIA. The Mossad claimed that a major terrorist attack was imminent and that the culprits would be Osama Bin Laden and Iraq's Saddam Hussein. They gave no other details.(2)

2. After the attacks, there were widely publicized reports that the government had a tape recording of Bin Laden calling his mother just a few days before the attacks and telling her: "Something big is about to happen and you won't be hearing from me for a while." This claim was broadcast repeatedly on every news network and convinced many people that Bin Laden was indeed guilty.

Weeks later, CNN corrected itself and revealed that the story turned out to be baseless. Although the story is now UNIVERSALLY repudiated by even the mainstream media, far fewer people ever heard the repudiation than did the original hyped-up claim. (3)

3. Hours after the attacks, investigators received a report of a suspicious car left behind at Boston's Logan Airport by a group of belligerent Arabs. Inside the car, investigators find an Arab language flight manual. (4) HOW CONVENIENT!

4. Investigators then find a suitcase supposedly "forgotten" by Mohammed Atta, "ringleader" of the suicide hijackers (why would someone pack a suitcase for a suicide mission?) Inside the suitcase they find a Koran, a fuel consumption calculator, a suicide note, and more Arab flight manuals. (5) Why would they need a suicide note? Do they need to justify anything to those who find it? HOW CONVENIENT!

5. At the crash site in Pennsylvania, investigators find an incriminating letter written by one of the hijackers. (6) The destruction at the crash site was so complete that the largest piece of human remains found was an 8-inch piece of spine. (7) Yet the letter survived the awesome crash and incineration unscathed. HOW CONVENIENT!

6. Days after the attacks, a slightly burned passport belonging to one of the "Saudi hijackers" is miraculously found just a few blocks away from the rubble of the World Trade Center. (8) HOW CONVENIENT!

7. FBI Director Mueller even admitted that identity thefts were used in connection with 9-11. (9) As many as 7 of the 19 "Arab hijackers" are alive and well and some had reported their passports stolen in 1999. (10)

8. Weeks after 9-11, Anthrax letters killed 5 people. The wording of the letters was designed to implicate Muslims. "Death to America. Death to Israel. Allah is great" It has long since been established that the anthrax came from a US army lab and was not mailed by Muslims. (11)

9. The Zionist run Pentagon claimed to have found a "confession video" from Osama Bin Laden. How convenient that the man who was clever enough to pull off 9-11 would suddenly become so careless and leave a self - incriminating video laying around Afghanistan. Independent translations of the barely audible video later exposed the US translation as "manipulative and inaccurate" (12). Other analyses of the video raises even more questions of fraud and doctoring.

10. It is then revealed that investigators also found a business card belonging to one of the hijackers at the Pennsylvania crash site. On the back of this miraculous business card is a

telephone number linking one of the hijackers to the "20th hijacker" Zaccarias Moussaoui. (13) HOW CONVENIENT!

11. Also at the Pennsylvania crash site, another miracle passport belonging to "hijacker pilot" Ziad Jarrah was found. (14) HOW CONVENIENT!

Why were these hijackers carrying passports for internal domestic flights anyway?

12. The Friday before the attacks, three loud mouthed, drunken "hijackers" ( Mohammed Atta and the Al-Shehhi brothers) make a memorable scene at a restaurant in Hollywood, Florida. (keep the name Hollywood, Florida in your mind for a moment) The London Telegraph (and many other sources) tells us:

"Mohammed Atta, 33, who almost certainly was the Florida-trained pilot who rammed American Airlines Flight 11 into the north tower of the World Trade Centre, his cousin Marwan al-Shehhi, 23, and an Arab believed to be a brother of al-Shehhi, appeared to have been in a bibulous celebratory mood last week.

Tony Amos, the manager of Shuckums Oyster Bar and Restaurant in Hollywood (Florida) just north of Miami, was interviewed by the FBI and he and his barman and a waitress all identified Atta and his cousin as some hard drinkers who propped up the bar last Friday.

Atta's bill for three hours of vodka drinking came to \$48. When he drunkenly disputed the charge, Mr Amos intervened. "Of course I can pay the bill," Atta told him. "I'm an airline pilot." (emphasis added) (15)

Devout fundamentalist Muslim "martyrs" drinking vodka for three hours? And notice how "Mohammed Atta" purposely goes out of his way to tell the manager he was "an airline pilot". This is very similar to the way in which he purposely told his flight school instructor he was "leaving for Boston".

13. The night before the attacks, three loud-mouthed "hijackers" (one of them again being the "ringleader" Mohammed Atta) visited a Florida strip club where they again cause a scene and make a deliberate point of telling people about a pending terror attack. They then conveniently "forget" yet another Koran at the bar! CBS News reported on September 14, 2001:

"The three men spewed anti-American sentiments in a bar and talked of impending bloodshed the night before the terrorist attacks on New York and Washington, a Daytona Beach strip club manager interviewed by the FBI said Thursday."

"They were talking about what a bad place America is. They said 'Wait 'til tomorrow. America is going to see bloodshed,'" said John Kap, manager of the Pink Pony and Red Eyed Jack's Sports Bar. Kap said they made the claims to a bartender and a patron. Kap said he told FBI investigators the men in his bar spent \$200 to \$300 apiece on lap dances and drinks, paying with credit cards. Kap said he gave the FBI credit card receipts, photocopied driver's licenses, a business card left by one man and a copy of the Quran - the sacred book of Islam - that was left at the bar. (16) (emphasis added)

This one takes the grand prize! Devout, fundamentalist Muslim "martyrs" not only getting drunk, but fondling naked dancers just hours before they were scheduled to meet with God! These highly skilled secret operatives then jeopardize their mission by drawing attention to themselves while publicly bashing America and boasting about pending bloodshed, to take place the following day? And what on earth were they doing in Florida instead of Boston the eve of 9-11 anyway? Didn't they realize that if either of their two early morning connecting flights (first to Maine, and then to Boston) were a bit delayed the next morning, their whole operation would have been at risk? And finally, they oh-so-conveniently forget their business cards and Koran at the bar!

This Mohammed Atta character sure is an absent-minded fellow isn't he? He "loses" his passport in 1999, he "forgets" how to speak German when his flight school instructor tries to make small talk with him (see Chapter 11 ), he "forgets" his suitcase before the 9-11 attacks (or perhaps he remembered at the last moment that he wasn't going to need a suitcase for a suicide mission! ), he "forgets" a Koran in a Florida strip club, and then "forgets" yet another Koran in Boston, and also "forgets" his Arabic language flight manual and "forgets" his fuel consumption calculator! How did this guy ever get to be an electrical engineer?

My dear reader- no disrespect intended- but if you can't see through these little stunts as the obvious work of a team of "false flag" imposters, then you are either truly stupid or willfully blind. So who, if not Mohammed Atta and his friends, could these drunken, womanizing, Koran-toting, "Muslims" in Florida actually have been? An excellent May 7, 2002 story written by Christopher Ketcham of Salon Magazine provides a clue. Ketcham writes about the Israeli "art student" spy ring that was uncovered in 2001. In an article entitled "The Israeli Art Student Mystery", Ketcham informs us:

"For almost two years, hundreds of young Israelis falsely claiming to be art students haunted

federal offices..... No one knows why -- and no one seems to want to find out.

"In HOLLYWOOD, (Florida) several students lived at 4220 Sheridan St., just down the block from the 3389 Sheridan St. apartment where terrorist mastermind Mohammed Atta holed up with three other Sept. 11 plotters. Many of the students, the DEA report noted, had backgrounds in Israeli military intelligence and/or electronics surveillance; one was the son of a two-star Israeli general, and another had served as a bodyguard to the head of the Israeli army. (emphasis added) 17

Need I connect these dots for you too, or are you now seeing the picture? How appropriate that these Israeli actors should stage their stunts in a town called "Hollywood"!

These are just a few of the highly suspect pieces of "evidence" that have turned up in the wake of 9-11. ON THE OTHER HAND, Nothing resembling such a phony, transparent, and ridiculous trail has been found to point towards Israelis and Zionists. No Jewish skullcaps left behind at the airport, no Jewish Torahs found in "forgotten" suitcases, no six-pointed Stars of David found at crash sites, no mysterious videos of rabbis taking credit for 9-11, no Israeli passports turning up at the WTC or other crash sites, etc

BUT THERE DOES EXIST AN ENORMOUS BODY OF REAL EVIDENCE THAT POINTS TO AN ISRAELI CONNECTION TO 9-11 AND OTHER ACTS OF TERROR AGAINST THE USA.

WHICH LEADS US TO..

LOGICAL CONCLUSION #6 THE MUSLIMS WERE FRAMED FOR 9-11 BY THE ZIONISTS

Zionists and allies within the U.S. government carried out 9-11 and the anthrax mailings. They then planted a phony evidence trail designed to frame Arabs/Muslims. Is there any other logical explanation?

Anti-Semitism you say? Then perhaps you prefer to hear it from a Jewish scholar instead. In an article entitled: The Zionist Roots of the War on Terror, Dr. Henry Makow, (inventor of the board game Scruples) writes:

"Until recently I accepted Israel's self-image as a beleaguered, peace-loving nation in a sea of blood thirsty Arabs. The idea that this tiny state had imperialist designs seemed ludicrous. But what if, unknown to most people, including Israelis, the world's power elite were using Israel to advance their plan for New World Order?... Israel's image of vulnerability is a ruse. Israel has always planned to become the dominant power in the region, and "invented dangers" in order to dupe its citizens and provoke wars. ...The Mossad's fingerprints are all over 9-11."(emphasis added) (18)

According to Abe Foxman's and the ADL's dubious logic, Makow must therefore be a "self-hating" Jew.

The official position of BushCo is that al-Qaeda did it. Their favorite alternative theory is that the Mossad did it. They want you to choose the first theory, but would be happy if you'd choose the second theory, since its easy to smear you as an anti-Semite if you do.

However, in a sense, the official position is correct. Al-Qaeda did it. What is incorrect in the official version is the identity of al-Qaeda. Al-Qaeda is a shadowy terrorist network led by the son of a wealthy man. It uses an international network of criminals to get its deeds done. No, I'm not talking about Osama bin-Laden. I'm talking about George Bush and the CIA.

The biggest government conspiracy is to claim that there are no government conspiracies. 9/11 WAS AN INSIDE JOB! Why didn't the Secret Service hustle The President out of the classroom after he was told the nation is under attack? Why did Bush stay in Texas on vacation for the month of August and Cheney in Wyoming? Why did Cheney say that everyone in the White House started taking

Cipro on September 12 when the first anthrax letter wasn't postmarked until September 18? Why was Cheney running several war games on 9/11 including scenarios where commercial jets were hijacked and flown into buildings? Why did the U.S. Military Stand Down on 9/11? Why didn't jets intercept the airliners since they had numerous warnings of terrorist attacks? Why did none of the 19 hijackers appear on the passenger lists? Why were the Black Boxes never recovered? Why has the U.S. Government classified evidence linking Israeli Spies to 9/11?

## Evidence points to 9/11 and Mossad

The evidence points to Mossad and 9/11/01? It is entirely possible. It is entirely possible that George Bush is an ignoramous. It is entirely possible that Donald Rumsfeld is the Angel of Death. It is entirely possible that the entire U.S. government has slipped the cognitive gears and run completely out of control and insane. It is entirely possible that Karl Rove brought his pedophile ways with him from Utah and spread a discipleship of child sexual torture through out Washington D.C.. It is entirely possible that the U.S. government is corrupt beyond redemption. It is entirely possible that Ariel Sharon is a chunky genocidal dough-boy. It is entirely possible that the U.S. throws way too much money at Israel. It is entirely possible that Condoleeza Rice is Bush's on the side squeeze. But, I would bet that Vlad Putin could whip Ms. Rice in an arm wrestling contest. I would bet that Germany and France would like to see the U.S. and the U.K. go down like a burning kite. I would bet that if push comes to shove, China could kick the U.S.'s ass in a straight up grudge match. But, the evidence presented is more than a mite convoluted.

Anybody but the actual perps, the US gov't, working on behalf of the American elite, with the Mossad, ISI (Pakistan's CIA), MI6 and others working as \*subcontractors\* and being set up as patsies. This account is nothing more than an "alternative legend", in case the main cover-up frays. see <http://globalresearch.ca> and look at articles by "Chaim Kupferberg" regarding alternative legends.

that 19 Arabs were recruited by an organization that represented itself as Al Quada but in reality was the Mossad. It's possible that only four or five of the perps actually knew was was really going to go down.

>

What has always amazed me about the whole 9/11 deal was how little the government claimed it knew before 9/11 and how fast they knew the names of all 19 of the alleged hijackers after 9/11.

>

Also if the Mossad wasn't actively involved in 9/11 then it is surely possible they knew it was going to happen and maybe even facilitated it by giving false leads to take the FBI etc away from the actual perps.

>

The Israeli right wing is the most dangerous group of people in the world today. Israeli as run by them has not been, is not, and never will be a ally of the United States. The history of Israeli treachery towards the U.S. spans back for its entire existance. We should be very wary of them. If ever there is another terrorist attact on the U.S. note the location. If done by Arabs it will be in a place of with a high concentration of Jewish residents. If it's not then my bet is it will have been carried out by the Mossad or rogue factions from Israel.

## INADEQUATE EXPLANATION

21.Apr.2005 11:55

Do the research

[link](#)

Saying "the Jews" did it, or Israel "did it", is quite naive. Complicity was required by many, MANY ethnicities and states, and the like.

For instance, calling Bush a Zionista is pretty silly, because every last link in his chains points to Nazism, fascism, and esoteric occultists bullshit like the Masons and Bohemian Grove and the Franklin Cover-up. NONE of this can be accurately attributed to any one religion or state, and thinking about it in terms of such stifle inquiry by providing easy (and fallacious) answers.

Israel benefits - Sharon said exactly that. But Monsanto, Betchel, and Halliburton benefit a whole lot more, and those companies are simply NOT jewish or Israeli.

As you TRULY study the facts, you will see that "the jews" are just another Nazi scapegoat, this time

falling behind the "ay-rabs" in order of use. But they are STILL just scapegoats for the masons, for the British Crown, for the premise of empire, etc. If it ever came out that it WASN'T the ay-rabs, the Jews were the fall back story: "THEY conspired, not US!"

Bullspittle. Do not let ideology overwhelm evidence. The evidence points STRAIGHT to the military-industrial complex Ike warned us about. The Masons. The same masons who were Nazi sympathizers. They killed both Kennedys, MLK, and Diana, to name a few. Warren Commish? ALL MASONS.

Tho it goes back much further than that, of course.

I always used to think David Icke was a crank (shapeshifters? I doubt it.), but after watching his 6 hour lecture "Secrets Of The Matrix" the other day, I realized he had at least as good an understanding of long-term historical meaning as I did. Watch it - I didn't hear "reptilian" once, and was frankly impressed. His stuff about symbology is right on, and he's well versed in the darker details of Luciferianism and occultism, and the like. Again, 3 days ago I would have said Alex Jones' "Martial Law", or "Road To Tyranny", but Icke's lecture is simply brilliant, and if you want to get your head around the big picture, it's the best docu I've seen yet, and I've seen most of 'em by now.

It's not the Mossad. Arguably Israel is a Nazi front anyway. Funny how it shows up in the middle of their plans a century after Balfour.

I can see a lot of time and thought went into that essay. However, I'm afraid it only serves to complicate the issue. While it is obvious the official story is a complete farce I think it is best to stick to evidence that proves beyond a doubt the lies and complicity of Bush&Co. The one thing I always point out to people is the impossible collapse of WTC7. Even the most stubborn skeptics I have spoken with were forced to admit there is something wrong with that picture. #7 straddled the city's Con Ed electrical substation. It was constructed of some of the thickest steel beams of any building anywhere on the planet. Yet the Govt. expects us to believe that a few minor office fires reduced these beams to toothpicks in a total collapse. And FEMA's final report claims they have no idea why that building came down even though Larry Silverstein admitted to pulling it. Bring this to peoples attention first, then show them a little more at a time. This tactic has worked well for me.

## The Mossad was only WATCHING and RECORDING

21.Apr.2005 13:10

Wise One

[link](#)

The Mossad was ONLY WATCHING and DOCUMENTING the Bush/American Military cabal's complete complicity in 9-11 to blackmail them and cover their own asses. They wanted to make DAMN sure that Bush didn't frame THEM for 9-11 and stab THEM in the back like all other former Bush allies... Saddam, McVeigh, Osama. The Mossad has INDISPUTABLE PROOF of Bush 9-11 complicity and it's the only thing keeping Sharon alive at this point. Yes they benefited tangentially, but they're too damn smart to ever have involved themselves in this in the first place, especially after Bush asked. But that was enough to make them document the entire thing, from Marvin Bush's company wiring the towers, right down to the final implosion. The Mossad and Israelis know full well that, once the Mideast "arab" problem final solution is implemented, THEY'LL BE NEXT ON THE LIST. Yes they knew in advance, but are using the knowledge (and protecting it with disinfo) as INSURANCE and BLACKMAIL AMMO.

There are no true allies in this operation... all are out for their own agenda, fighting like lions over a tiny piece of raw meat (oil) for survival, and all will readily take a fatal chunk out of their nearest neighbor as soon as feast beside them.

Problem is, this proof will be held over Bush's head, forcing him to attack Iran in June, at which time China and Russia will take care of the worlds' "Amerikan Empire" problem, and permanently, through a scalar attack that will result in Amerikan nuclear reprisals and corresponding China and Russian nuke retaliation. Russia will let China take the lead, and then bring up the rear as Amerika's capability to retaliate is decimated. China will survive; Amerika will not.

Johnny Wizard Reveals  
Bush did 9/11

A war plan to kill the people of Afghanistan for Enron's power plant in India was on the White House desk on the ninth of September. A plan to blame bin Laden for a crime without providing any evidence. Then 9/11. None of the ample evidence implicated Laden, like none of the suspects were from Afghanistan, so why not seek the true culprits responsible? FBI officers have claimed publicly that warrant requests were sabotaged by someone at headquarters just prior to 9/11. The CIA has publicly claimed stock options were played on the loss of the two airline companies as insider trading. FBI officers claim Mr. Atta received \$100,000 in terrorist funding by General Amed, who was meeting with the Bush administration a week prior and after 9/11. Then rumsfeld and bush stood against our humanity without reason to steal our lives, playing out an evil never before shown to sway their capture as traitors to the American dream. I demand my voice be heard through our corporate news services, to accept any debate from those who fight to keep us ignorant on our ability to freely communicate.

The difficult struggles of equal representation are systemic to the entire body politic. Equal rights for all, is understood to best serve every individual. The reasons stand in a mutual agreement, when

understood. The truth of living is of living as truth is. We exist. Those in positions against the betterment of the whole, are honestly shown to be by illustration. By CNN ignoring everyone, setting no priorities on behalf of the dying humans, censoring basic facts known by everyone else with a concern, makes US as the living, demand to be in the balance. For you alone as creation looking for comfort as of being a part of perception, as shared with all as love, can bring to understand Justice to be a human thing. My struggle to be heard is to be alive for my love as God to do what I can as a man capable of understanding such wonders as basic simple things.

[Goto Google 'groups' and search "Johnny Wizard"]

Again, we witness no counter argument for bush and rumsfeld's treason against all the American people. They both have struggled deliberately to hide the culprits responsible for 9/11, blamed a nation of millions without evidence to murder for Enron, have attacked the American Constitution, stolen billions from cowardly Americans silenced by the corporate agenda through frauds blatant...

And, they both need to immediately be tried for war crimes, or taken out by loyal American Patriots who will stand up for freedom to be America.

Look you might not care for me personally, okay, but this George W. Bush's treason of nine-eleven is an evil we together, will never, be too weak to stand against as. As indecisive humans without a leader, we will never be too few from demanding Justice be served in respect of Humanity's interest.

Johnny Wizard Reveals  
Bush did 9/11

A war plan to kill the people of Afghanistan for Enron's power plant in India was on the White House desk on the ninth of September. A plan to blame bin Laden for a crime without providing any evidence. Then 9/11. None of the ample evidence implicated Laden, like none of the suspects were from Afghanistan, so why not seek the true culprits responsible? FBI officers have claimed publicly that warrant requests were sabotaged by someone at headquarters just prior to 9/11. The CIA has publicly claimed stock options were played on the loss of the two airline companies as insider trading. FBI officers claim Mr. Atta received \$100,000 in terrorist funding by General Amed, who was meeting with the Bush administration a week prior and after 9/11. Then rumsfeld and bush stood against our humanity without reason to steal our lives, playing out an evil never before shown to sway their capture as traitors to the American dream. I demand my voice be heard through our corporate news services, to accept any debate from those who fight to keep us ignorant on our ability to freely communicate.

The difficult struggles of equal representation are systemic to the entire body politic. Equal rights for all, is understood to best serve every individual. The reasons stand in a mutual agreement, when understood. The truth of living is of living as truth is. We exist. Those in positions against the betterment of the whole, are honestly shown to be by illustration. By CNN ignoring everyone, setting no priorities on behalf of the dying humans, censoring basic facts known by everyone else with a concern, makes US as the living, demand to be in the balance. For you alone as creation looking for comfort as of

being a part of perception, as shared with all as love, can bring to understand Justice to be a human thing. My struggle to be heard is to be alive for my love as God to do what I can as a man capable of understanding such wonders as basic simple things.

[Goto Google 'groups' and search "Johnny Wizard"]

Again, we witness no counter argument for bush and rumsfeld's treason against all the American people. They both have struggled deliberately to hide the culprits responsible for 9/11, blamed a nation of millions without evidence to murder for Enron, have attacked the American Constitution, stolen billions from cowardly Americans silenced by the corporate agenda through frauds blatant...

And, they both need to immediately be tried for war crimes, or taken out by loyal American Patriots who will stand up for freedom to be America.

Well no shit. But a little rethinking is needed. This was an idea (911-war on -error) hatched in the US, organized & executed by Israel for the sake of secrecy and as such have entered into a sick union with the US party of responsibility using their position of involvment and ability to reveal the true masterminds to get what it wants ( Even though if it were to become public Israel's role you can kiss that failed state good bye as they would be so isolated and would grow so weak overnight with out all the US life support, well chances are you can any way just may take a bit longer).

This criminal deception is Israel's MO.It is Zionist MO, matter of fact it is the MO of organized religion, Jewish, Christian, Moslem, all BS! We would be a better world without all that crap! I'm tired of this stupid shit. We could get this sorted in a day if people would stop being such A-holes!

The idea here is all American, if the US element didn't want this no country and most of all Israel would not even think of striking the US.

Every person on Planet Earth who makes a comment or opinion to with 9/11, has the actual murdering perpetrators rolling on the floor with uncontrollable laughter.

Who, out of ALL of you, actually remembers their Science and Physics from school days? Nobody that's who!

Those buildings should have, by the Laws of Physics, come down to ground zero in at least 12.8 seconds.....So, how come it only took 6.7 seconds?

The technology used to do this does not belong to some bearded fool in a cave.

When you figure out who the only organization on Planet Earth could be, that owns this type of technology, you will know exactly who did it! OK? (there were no terrorists per-se)

When you figure out also, who removed the borders (boxes) on your dollar bills within 7 days of President Clinton's Impeachment Hearing in front of the Congress, you will come to the correct conclusion of 9/11, OK?

Who has absolute access to the mail, for the convenience of sending Anthrax through the mail?

Answer that question, and you will still come to the same conclusion of 9/11

I know exactly who it was, and how it was done...and BELIEVE ME, you're ALL wrong!

Prior to 911 on July 15,2001 there was a controlled demolition at the Greenpoint Holder Tank located in Brooklyn East Williamsberg\Greenpoint area.

This Controlled Demolition was Contracted by Keyspan Energy to Controlled Demolition Inc. And the Gulliani Administration. I don't have much information as to the contract information, but it is a confirmed incident and can be traced using google. Another problem is with the removal of City records relating to everyday meetings and negotiations, so I can only provide Key people and infmrtion on whats already out in the loop.

I am a Former NYPD Aux-PO and am conducting a crimminal investigation into 911. Being that there is no official investigation from the powers that be, we have the God Blessing from the Inter-net and the dedicated private investigators out there all over the world communicating. I don't know how long

we will be able to cross communicate as the government seems inten on controlling free speech rights guaranteed by the bill of right and the constitution, so you've got to really try to get out the message quickly.

I am also currently an FDNY Aux Lt Fireman who is working on my 11th years with the New York City Fire Department as an Civil Defense Fireman under the New York State Emergency Defense Act of 1951 after the Federal Civil Defense Act of 1950 signed in to Order by President Harry S Truman during the ColdWar.

I took FEMA Courses Prior to 911 in Emergecy Program Management and Radiological Monitoring. My specialty is Cross-Monitoring/Communications Inter-Ops. It is my opinion the Different First Responder Agencies responding to the same emergency need their information in real time while still in response mode. This is something that I was trying to put out to the different agencies prior to 911. Chief Eugene Kelty Formerly Captain of Engine/Ladder Ten is my witness to this. I programed the MessHall Scanner while operating of of TenHouse 98/99.

I don't claim to Know everything regarding 911 and I am not an expert on Demolitions and the Mathimatical Principles, and the comment made in error about knowing about a gag order by Woolsey is false, this was speculation and not a statement of fact. Mr Woolseys son was rescued from the south tower by firemen on 911. It is my op[inion that there wouldn't be a father who would knowingly allow his son or daughter to die or be injured by something he knew was coming. (Then again this is only my opinion) But I will say that I was there and I heard the Explosions which in my opinion had nothing to do with the Plane crashes.

If anyone is interested in the Research between the Keyspan Holdertanks Demo and the coincidences between this and 911. Send E-mail to [✉▶ Rsqsrvs@Yahoo.com](mailto:Rsqsrvs@Yahoo.com). Maybe someone with abilty can further the research into this anomoly. there is no charge for the information. I believe in truth NOT Profit. this is the deviding line.

I forgot to mention a few other questions surrounding 9/11.  
Where are the Black Box flight recorders from the so-called crashed airliners?  
Why was there no furniture such as steel filing cabinets, office furniture, etc, etc, amongst the rubble?  
Where is the 50,000 tonnes of steel, still missing from the inventory of the clean-up?  
Where is the 50,000 tonnes of concrete, still missing from the same inventory?  
Why was most of the office furniture in both towers, replaced with plastic items at least four weeks before the "Attack"?  
Who are the people claiming the \$millions of profit accrued from the Put Options stocks of United and American airlines? (placed there prior to the "Attack")  
Why were ALL the glass windows and doors, within 1600 metres diameter of the towers, completely shattered? (This never happens under controlled demolition conditions)  
Are any of you out there actually AWAKE or are you too busy to see what is really going on here?  
I once knew a person who was taken to see a forest, but complained because there were too many trees in the way!  
Have a nice dreamy existence ALL you Sheeple! Wakey, wakey, the world needs us.

Some more juicy little items for ALL of you!  
1. Forget about laying blame on ANY Religious groups.  
2. Forget about laying blame on ANY militant groups.  
3. Forget about laying blame on ANY countries.  
4. Forget about laying blame on ANY Governments.

Have any of you got your thinking caps on? Huh?

So, who do you think would do such a thing and in doing so, completely disregard Human life as we know it?

Here are some other tricky ones! a. Who attacked Pearl Harbour and why?  
b. Who attacked Hiroshima and Nagasaki and why? c. Which organization on Planet Earth have no religion, no politics, no boundaries or borders, and have totally unrestricted access to anyone and

anything?

I challenge any of you to answer all of the above, and you may just get the total picture to 9/11.

## Building 7 was admittedly pulled

The following is from <http://www.prisonplanet.com/011904wtc7.html> Professional Demolition of World Trade Center Building 7 Larry Silverstein, the owner of the WTC complex, admitted on a September 2002 PBS documentary, 'America Rebuilds' that he and the NYFD decided to 'pull' WTC 7 on the day of the attack. The word 'pull' is industry jargon for taking a building down with explosives. We have attempted to call Larry Silverstein's office on several occasions. Silverstein has never issued a retraction for his comments. Photos taken moments before the collapse of WTC 7 show small office fires on just two floors. Firefighters were told to move away from the building moments before it collapsed. In February of 2002 Silverstein Properties won \$861 million from Industrial Risk Insurers to rebuild on the site of WTC 7. Silverstein Properties' estimated investment in WTC 7 was \$386 million. So: This building's collapse resulted in a profit of about \$500 million! ----- Close-Up of WTC-7 Collapse Footage Shows Unmistakable Demolition Charges Construction Worker Gives Another Account Of Underground Blasts In The WTC First-hand Accounts of Underground Explosions In The North Tower New York Firefighters Discuss Bombs in WTC Towers In this clip you will hear a discussion between New York Firefighters from September 11 where they describe the WTC and the fact that it looked like detonators were planted in the towers. WTC Construction Manager: Towers Were Designed to Take Numerous Plane Crashes Update: WTC Construction Certifiers Say Towers Should Have Easily Withstood Jet Fuel Temperatures NNBC: FDNY Chief of Safety Reported Bombs Both Within the Towers and on the Planes on 9/11 "The results of these tests appear to indicate that the buildings should have easily withstood the thermal stress caused by pools of burning jet fuel. " Debunker Attacks WTC 7 Evidence on MSNBC's Countdown CNN Poll: 89% Believe US Government Covering Up 9/11 Zogby Poll: Half of New Yorkers Believe Government Complicity in 9/11 Instead the WTC and building 7 collapses resembled this. Who Else Knew That Building 7 Was About to Collapse? A photographer named Tom Franklin was near Building 7 at around 4pm. He remarked, "Firemen evacuated the area as they prepared for the collapse of Building Seven. We were catching out breath, drinking water and juice, when I decided to walk back towards the debris. It was between 4 and 5pm. I would say I was 150 yards away when I saw the firefighters raising the flag." This strongly indicates that somebody told the firefighters to stay away from Building 7 because it was about to collapse. Why would firefighter stay away from a building unless the knew it was going to collapse? No fire had ever caused the collapse of a steel building before and there were only two small fires that were blazing. Why were the firefighters warned to stay away from buildings while the people in the twin towers were ordered to STAY IN the buildings AFTER both planes had hit? Before either of the twin towers collapsed, Mayor Rudolph Giuliani and his associates were told to leave the headquarters they had set up within Building 7. "We were operating out of there when we were told that the World Trade Center was gonna collapse," Rudolph Giuliani told Peter Jennings of ABC News that morning, "and it did collapse before we could get out of the building." Despite this, Giuliani fled WTC 7 at least eight hours before it collapsed. How did he know that the twin towers were going to collapse if it was such an unprecedented occurrence? Why didn't the firefighters on the ground get the same warning? How Could The Explosives Have Been Placed Beforehand? Ben Fountain, a financial analyst who worked in the World Trade Center Complex, told People Magazine that in the weeks before 9/11 there were numerous unannounced and unusual drills where sections of both the twin towers and building 7 were evacuated for quote 'security reasons'. This was obviously the perfect opportunity to place those explosives. How Did Larry Silverstein Benefit from the Collapse of Building 7? In February of 2002 Silverstein Properties won \$861 million from Industrial Risk Insurers to rebuild on the site of WTC 7. Silverstein Properties' estimated investment in WTC 7 was \$386 million. So: This building's collapse resulted in a profit of about \$500 million! Objections Raised to the Meaning of Silverstein's Comments Listen again to Larry Silverstein's comments on the PBS documentary. Michael Kane's comments appeared on Jeff Rense's website at <http://www.rense.com>. He writes... "I've said it once before, and I'll say it again, someone MUST call Larry Silverstein and get an official comment on this because LARRY DOES NOT SAY THAT WTC 7 WAS DEMOLISHED, OR "PULLED", ON SEPTEMBER 11TH, 2001. What he says is that they made the DECISION to "pull" (meaning demolish) WTC 7 and SHORTLY AFTER THEY MADE THAT DECISION, Larry Silverstein says "they watched the building COLLAPSE. Regardless of what really happened, what this man said does NOT say that the building was demolished. He clearly says "the decision was made to pull" and then he says, "and we watched the building collapse" The connotation is that they were going to demolish it anyway, but golly-gee-wiz the building collapsed right when they made that decision so they DID NOT actually go through with the demolition. So, when Jeremy Baker said in his article: "Mr. Silverstein's comments imply that he and the FDNY threw together an expert demolition job in the space of a few short hours on the afternoon of 9/11" This is not correct, Silverstein was very careful to NOT imply this in the way he worded what he said. Silverstein's statement does not imply that was done - it is impossible to do that anyway and Silverstein did not walk into a trap like that; he covered his ass with the way in which he worded what he said. I don't have time for this now, but I hope someone out there does (hopefully Jeremy Baker can do this to properly follow-up on his first piece, which was otherwise quite good) CALL LARRY SILVERSTEIN, GET HIM OR HIS PEOPLE TO COMMENT ON THIS GET THE FDNY TO COMMENT ON THIS That's what must happen. The above article by Jeremy Baker makes assumptions off of a statement which, in a court of law, can be defended the way I just interrupted above. I guarantee when someone calls Mr. Silverstein he is going to say EXACTLY what I said

above because it makes sense and still jives with the official story. Whoever calls and asks this should very thoroughly consider what their FOLLOW-UP questions will be because that is where we may get good information. I applaud Jeremy Baker for writing a piece to scrutinize the Achilles heal of 9-11, but he (or someone) must follow up properly with calls to Larry Silverstein and whoever the head of FDNY was that day who he spoke to and clarify this. Without doing so, we will make no further progress." My response.... Even if this is true and Silverstein meant that they were going to pull the building but it collapsed before they had the chance, there are still inconsistencies. Whether he is saying they DID pull the building or merely INTENDED to pull the building, the questions remain the same. Why would they even be considering pulling the building when it only had two small pockets of fire visible? How could they safely and successfully demolish the building that day when it would take at least a few days to rig the explosives in a 47 story building? Is Silverstein merely trying to cover his tracks by recognizing the demolition possibility while still claiming the collapse was natural? This would give him more credibility rather than if he just ignored all the questions about demolition altogether. What remains clear is that THE BUILDING WAS DESTROYED BY EXPLOSIVES WITHIN THE BUILDING. There is no other explanation for its sudden, perfect, symmetrical fall. Furthermore, go back to the top of the page and watch the video clip again. Silverstein's body language clearly indicates that they regrettably (sic) had to pull the building, NOT that they considered pulling it. The bottom line is that Silverstein made \$500 million as a result of the collapse. The building would not have collapsed on its own and the only reason that they would make the DECISION to destroy the building would not be to 'save lives' as Silverstein claimed, but to make hundreds of millions of dollars on the insurance. Evidence of Explosives Used in the Twin Towers

The Firefighters' Tapes: Tapes reveal that fires were under control not raging infernos The audio presented here is a recording of the firefighter's tapes on September 11th that have been released publically. While the aircraft crashes caused minimal earth shaking, significant earthquakes with unusual spikes occurred at the beginning of each collapse. The Palisades seismic data recorded a 2.1 magnitude earthquake during the 10-second collapse of the South Tower at 9:59:04 and a 2.3 quake during the 9-second collapse of the North Tower at 10:28:31. The Palisades seismic record shows that -- as the collapses began -- a huge seismic "spikes" marked the moment the greatest energy went into the ground. The WTC and building 7 collapses should have vaguely resembled this. Professional Demolition of World Trade Center Building 7 Larry Silverstein, the owner of the WTC complex, admitted on a September 2002 PBS documentary, 'America Rebuilds' that he and the NYFD decided to 'pull' WTC 7 on the day of the attack. The word 'pull' is industry jargon for taking a building down with explosives. We have attempted to call Larry Silverstein's office on several occasions. Silverstein has never issued a retraction for his comments. Photos taken moments before the collapse of WTC 7 show small office fires on just two floors. Firefighters were told to move away from the building moments before it collapsed. In February of 2002 Silverstein Properties won \$861 million from Industrial Risk Insurers to rebuild on the site of WTC 7. Silverstein Properties' estimated investment in WTC 7 was \$386 million. So: This building's collapse resulted in a profit of about \$500 million! ----- Close-Up of WTC-7 Collapse Footage Shows Unmistakable Demolition Charges Construction Worker Gives Another Account Of Underground Blasts In The WTC First-hand Accounts of Underground Explosions In The North Tower New York Firefighters Discuss Bombs in WTC Towers In this clip you will hear a discussion between New York Firefighters from September 11 where they describe the WTC and the fact that it looked like detonators were planted in the towers. " Debunker Attacks WTC 7 Evidence on MSNBC's Countdown CNN Poll: 89% Believe US Government Covering Up 9/11 Zogby Poll: Half of New Yorkers Believe Government Complicity in 9/11 Instead the WTC and building 7 collapses resembled this. Who Else Knew That Building 7 Was About to Collapse? A photographer named Tom Franklin was near Building 7 at around 4pm. He remarked, "Firemen evacuated the area as they prepared for the collapse of Building Seven. We were catching out breath, drinking water and juice, when I decided to walk back towards the debris. It was between 4 and 5pm. I would say I was 150 yards away when I saw the firefighters raising the flag." This strongly indicates that somebody told the firefighters to stay away from Building 7 because it was about to collapse. Why would firefighter stay away from a building unless the knew it was going to collapse? No fire had ever caused the collapse of a steel building before and there were only two small fires that were blazing. Why were the firefighters warned to stay away from buildings while the people in the twin towers were ordered to STAY IN the buildings AFTER both planes had hit? Before either of the twin towers collapsed, Mayor Rudolph Giuliani and his associates were told to leave the headquarters they had set up within Building 7. "We were operating out of there when we were told

that the World Trade Center was gonna collapse," Rudolph Giuliani told Peter Jennings of ABC News that morning, "and it did collapse before we could get out of the building." Despite this, Giuliani fled WTC 7 at least eight hours before it collapsed. How did he know that the twin towers were going to collapse if it was such an unprecedented occurrence? Why didn't the firefighters on the ground get the same warning? How Could The Explosives Have Been Placed Beforehand? Ben Fountain, a financial analyst who worked in the World Trade Center Complex, told People Magazine that in the weeks before 9/11 there were numerous unannounced and unusual drills where sections of both the twin towers and building 7 were evacuated for quote 'security reasons'. This was obviously the perfect opportunity to place those explosives. How Did Larry Silverstein Benefit from the Collapse of Building 7? In February of 2002 Silverstein Properties won \$861 million from Industrial Risk Insurers to rebuild on the site of WTC 7. Silverstein Properties' estimated investment in WTC 7 was \$386 million. So: This building's collapse resulted in a profit of about \$500 million! Objections Raised to the Meaning of Silverstein's Comments Listen again to Larry Silverstein's comments on the PBS documentary. Michael Kane's comments appeared on Jeff Rense's website at <http://www.rense.com>. He writes... "I've said it once before, and I'll say it again, someone MUST call Larry Silverstein and get an official comment on this because LARRY DOES NOT SAY THAT WTC 7 WAS DEMOLISHED, OR "PULLED", ON SEPTEMBER 11TH, 2001. What he says is that they made the DECISION to "pull" (meaning demolish) WTC 7 and SHORTLY AFTER THEY MADE THAT DECISION, Larry Silverstein says "they watched the building COLLAPSE. Regardless of what really happened, what this man said does NOT say that the building was demolished. He clearly says "the decision was made to pull" and then he says, "and we watched the building collapse" The connotation is that they were going to demolish it anyway, but golly-gee-wiz the building collapsed right when they made that decision so they DID NOT actually go through with the demolition. So, when Jeremy Baker said in his article: "Mr. Silverstein's comments imply that he and the FDNY threw together an expert demolition job in the space of a few short hours on the afternoon of 9/11" This is not correct, Silverstein was very careful to NOT imply this in the way he worded what he said. Silverstein's statement does not imply that was done - it is impossible to do that anyway and Silverstein did not walk into a trap like that; he covered his ass with the way in which he worded what he said. I don't have time for this now, but I hope someone out there does (hopefully Jeremy Baker can do this to properly follow-up on his first piece, which was otherwise quite good) CALL LARRY SILVERSTEIN, GET HIM OR HIS PEOPLE TO COMMENT ON THIS GET THE FDNY TO COMMENT ON THIS That's what must happen. The above article by Jeremy Baker makes assumptions off of a statement which, in a court of law, can be defended the way I just interrupted above. I guarantee when someone calls Mr. Silverstein he is going to say EXACTLY what I said above because it makes sense and still jives with the official story. Whoever calls and asks this should very thoroughly consider what their FOLLOW-UP questions will be because that is where we may get good information. I applaud Jeremy Baker for writing a piece to scrutinize the Achilles heal of 9-11, but he (or someone) must follow up properly with calls to Larry Silverstein and whoever the head of FDNY was that day who he spoke to and clarify this. Without doing so, we will make no further progress." My response.... Even if this is true and Silverstein meant that they were going to pull the building but it collapsed before they had the chance, there are still inconsistencies. Whether he is saying they DID pull the building or merely INTENDED to pull the building, the questions remain the same. Why would they even be considering pulling the building when it only had two small pockets of fire visible? How could they safely and successfully demolish the building that day when it would take at least a few days to rig the explosives in a 47 story building? Is Silverstein merely trying to cover his tracks by recognizing the demolition possibility while still claiming the collapse was natural? This would give him more credibility rather than if he just ignored all the questions about demolition altogether. What remains clear is that THE BUILDING WAS DESTROYED BY EXPLOSIVES WITHIN THE BUILDING. There is no other explanation for its sudden, perfect, symmetrical fall. Furthermore, go back to the top of the page and watch the video clip again. Silverstein's body language clearly indicates that they regrettably (sic) had to pull the building, NOT that they considered pulling it. The bottom line is that Silverstein made \$500 million as a result of the collapse. The building would not have collapsed on its own and the only reason that they would make the DECISION to destroy the building would not be to 'save lives' as Silverstein claimed, but to make hundreds of millions of dollars on the insurance. "It is entirely within the realm of possibility "

question authority

"that 19 Arabs were recruited by an organization that represented itself as Al Qaeda but in reality was the Mossad. It's possible that only four or five of the perps actually knew was was really going to go down."

I would like to believe that the author known as "question authority" is an American. For if it is true, then there is hope and a happy ending to this most tragic period in the history of the United States.

Following up on this theory, it must be determined if the MI6 and/or Mossad had a hand (and still do) in the creation of a shadow Al Qaeda. This shadow Al Qaeda may have its roots in the in pre-Al Qaeda mujahidin days in which the MI6 had a hand. The British have always maintained gamesmanship over the CIA despite the size advantage of the USA. A shadow Al Qaeda which helps set policy and plant seeds (not only poppy) would make sense of out of all these convenient leaks of information outside and around the most sophisticated technological and personnel of intelligence gathering and analysis. Namely, that of the USA.

If you give credence to the theory of Illuminati and those who silently run the world, then you can reconcile the century of madness since oil has become more valuable than gold and the dollar has become prey to the Bretton Woods systems of "let it ride." Without September 11, 2001, that outdated and overextended system was about to come to a crash and displace some of the western elements of the Illuminati.

Even this pasts week's scare in NYC and the "new" NYPD's ex-CIA designed international

intelligence bureau would tend to make more sense based on "question authority's" theory.

Kudos to question authority. You are not alone!
