The following '**FALSE FLAG ATROCITY ALERT**' was sent first class post to 650 UK journalists, all Mainstream Media Editors, all English Football Teams and to all members of the English World Cup Squad on 31st May 2006.

Israel Warns of World Cup Terror = *ALERT* MOSSAD Staged "False Flag" Atrocity

Note: This has to be taken seriously as similar warnings from Israel appeared on the Internet prior to both the Staged 'False Flag' Atrocities at New York 9/11 and London 7/7

All of the details on this page & links confirm that there is an extremely high likelihood of a **Staged "False Flag" Atrocity on or around the 5th June 2006** – not necessarily on 6/6/6. Although it could happen anytime in that period, more evidence points to 5th June 2006 than 6th June 2006 and particularly if you include the required element of surprise. Everyone will be watching on the 6th, no-one will be watching on the 5th.

I previously gave 650 major UK Journalists and all UK Media Editors, and many Fire Dept's in Chicago, an advance alert of a probable **Staged 'False Flag' Atrocity** on 22nd July, 2005 with the main target being Chicago. There is substantial evidence on the Internet that the Chicago Grand Jury bombing was stopped, but Egypt did happen at 22.07 GMT on 22nd July 2005. I had previously received 5 threatening phone calls and on 29 July 2005 I was offered (recorded) £50,000 a year to "stop writing to people to tell them what we're up to" & "you're one of the few who know"

I also previously gave 650 major UK Journalists, all media Editors and 112 London Fire Stations an advance alert of a probable **Staged 'False Flag' Atrocity** on either 5th or 11th November 2005, with the main target being the Parliament Building in London. London did not happen or was stopped because of the advance publicity, but Jordan did happen on 9th November 2005.

I have given no other previous alerts. I now give a formal advance alert of a probable **Staged 'False Flag' Atrocity** on or around 5th June, 2006 with the main probable targets being the World Cup or secondly the Sears Tower, Chicago, Zip Code 60606, which has far too many references to 666 detailed on the Internet to list here.

Israel Warns of World Cup Terror - Saudi newspaper says Israel warned US, European intelligence service of possible attempts by Hizbullah cells to carry out attacks during upcoming soccer tournament in Germany in bid to prove to international community that Tehran is capable of retaliation if attacked.

International Stock Exchanges & US Dollar Falling Apart - With the International Stock Exchanges and the US dollar falling apart over recent weeks, due to Iran and Russia oil exchanges coming on. This means that the 'hidden hand' - bent private international bankers, who own most of the Western Governments '*by illegal money creation*' & control their people *by 'massive & fraudulent tax overcharging'* & '*fear of a terrorist bogeyman organisation that does not even exist*', have to do something dramatic soon to continue with their New World Order agenda of stealing all the World's energy resources.

To give the 'hidden hand', the huge sway in public opinion required to immediately invade Iran, the **Staged 'False Flag Atrocity'** target would surely have to be the England or USA team. That is why: **FIFA has (previously) cancelled the opening gala for the 2006 World Cup finals in Germany.** The gala, was going to replace the usual opening ceremony, on 7 June in Berlin's Olympic Stadium - two days before the tournament begins. It was cancelled in January, 2006. They realised that they cannot have a World Cup Gala 2 days after a major World atrocity - it's too soon, but with the opening match not being until 9 June, that gives them more time to say "The World Cup Goes On" and whilst the people of the World are distracted with the football they will invade Iran, steal their oil & gas and massacre their innocent civilians - men, women & children - with illegal chemical weapons.

Note: This has to be taken seriously as similar warnings from Israel appeared on the Internet prior to both the Staged 'False Flag' Atrocities at New York 9/11 and London 7/7 - there are now many films available with overwhelming factual evidence which totally destroys the official version of these atrocities.

As a serious precaution please ensure that no footballer is anywhere near Germany between the 4th and 8th June 2006, and certainly not flying. Please ensure that Chicago is evacuated during that same period.

PS- Ignore the mainstream media - they own 70% of them too! Funded by massive illegal tax overcharging. Income tax, NI, Council tax, petrol tax, cigarette tax, road tax, alcohol tax, stamp duty, capital gains tax, speed camera fines (tax), parking fines (tax), death duty, water tax, pension fraud (tax), etc = around 80p in every £1 - they steal your money and invest it in the Stock Exchange & appoint their corrupt Chairmen.
