## Israel may launch false flag war provocation vs. Americans in Lebanon

### BEWARE OF FALSE FLAG WAR PROVOCATIONS PLANNED WITH CONNIVANCE OF CHENEY

By Webster G. Tarpley

Washington DC, July 15 (1 PM EDT) – The escalating Israeli assault on Lebanon clearly represents a conscious bid to provoke a general war in the Middle East. The captured Israeli soldiers are only the pretext for the present massive military operations. Israeli spokesmen are making constant allegations that Hezbollah missiles being fired at Israel have been manufactured or delivered by Iran. At the same time, the Israelis accuse Hezbollah of wanting to transfer the two captured Israeli soldiers to Syria or Iran. These statements are an attempt to build a case for an Israeli sneak attack on Syria and/or Iran. US spokesmen, including the Nietzschean fascist Bolton, constantly repeat the litany that Syria and Iran are the supporters of Hezbollah.

How might the Israelis and their Bush-Cheney allies escalate to a Middle East regional war? A linear scenario is that, after further bombardment of Israel by rockets allegedly made in Iran and allegedly delivered with the connivance of Syria, the Israeli Defense Force (IDF) lashes out at Damascus and Teheran. Syrian and Iranian retaliatory measures would then be seized upon by the Bush-Cheney regime as a pretext for US entry into the war. Here the US would be openly dragged into war as the tail of the Israeli dog. But this is a deeply flawed scenario, sure to generate huge waves of resentment against the Israelis and their US partners as the body bags begin to come home.

False flag scenarios would be entirely more effective from the point of view of the war planners. CNN and MSNBC coverage this Saturday morning has been stressing the situation of the 25,000 Americans now stuck in Lebanon. These Americans are being invited to register with the US consulates for possible evacuation. The State Department and the US military have been remarkably slow to begin such an evacuation.

One possible provocation scenario to bring the US into the war is that a helicopter carrying US citizens being evacuated out of Lebanon is hit by a missile and destroyed, killing all on board. The missile might be fired by the Israelis or by their allies among the fascist Lebanese Phalangists. The Israelis would announce that the helicopter had been destroyed by Hezbollah, opening the way for a hysterical campaign by Fox News and the rest of the neocon mass brainwashing apparatus to secure an early US attack on Syria and Iran.

An alternative: a group of Arabic-speaking Israeli Mossad or Shin Beth special forces, or a group of Phalangist militia round up a few dozen Americans and machine-gun them to death. The controlled media then blame the massacre on Hezbollah, thus stampeding the US population into war.

The "Christian" Phalangist (or "Kataeb Party") have long been a willing cat's paw for the US and Israelis in Lebanon. It was the Phalangists, controlled by the Gemayel family, who did most of the actual killing at the infamous Tel-al-Zaatar massacre in August 1976, the midst of the Kissinger-provoked Lebanese civil war. The Phalangists in that case did the dirty work under the supervision of the Israelis. Although the controlled media have been silent about the Phalange, it is clear that they are still available for dirty operations.

In an ominous sign, CNN broadcasts have featured first-person interviews with Caroline Shamoun, supposedly an American stuck in Lebanon. This reference recalls Camille Chamoun, the CIA puppet president of Lebanon who called in US forces in 1958. The goal of the current campaign is manifestly to call US forces to intervene into a Lebanese-centered crisis once again.

All peace-loving governments and all Americans of good will should make it clear that they hold the Israeli Mossad, Shin Beth, and Israeli Defense Forces directly responsible for the safety and welfare

of the Americans trapped in Lebanon by the present aggression. Any atrocities against these Americans cannot be attributed to Hezbollah, Syria, or Iran, none of whom has any conceivable interest in provoking the US into an attack. It is Israel and Cheney who have such an interest, as is likely to have been discussed during Olmert's visit to the US in May and Netanyahu's visit here in June.

It is imperative that the US and world population be inoculated against the provocation scenarios now being propagandized by CNN, MSNBC, and the rest of the controlled media.

Comments:

"MAY", they already have. All three of their soldiers are probably sitting in barracks in Tel Aviv. US already launches enough false-flag operations (9/11), so they can curb our rights. They violate the 1st Amendment by caging peaceful protestors and pressuring Amazon to drop the book "America Deceived" by E.A. Blayre III. They violate the 4th Amendment by tapping phones without a warrant. If the US used false-flag operations for those 'benefits' then one is certainly coming for a war with Iran. US doesn't need an Israel false-flag operation, we have homegrown methods.

Support indy media.

My hat's off to Webster G. Tarpley for recognizing that the defacto Cheney is the evil bastard in this whole affair. I dismiss any pundit who speaks of Bush as being responsible for anything. Of course, the false flag operation that we should really be concerned about is 911.

Mr. Tarpley, you are scaring me.

The reason I think it's time for a false-flag against the US by israel, and the reason they will get away with it is because of the USS Liberty incident.

That is covered up as much as all the other crap, so it indicates that they have more up their sleeves. Otherwise, even israel might have admitted the "mistake" in their attack.

They never have and we have never allowed the truth to be general knowledge. This can only mean that there is more in store.

I am worn out following all the stories. Iraq, Gaza, Lebanon, Syria, and now Egypt for chrissakes. This is what the neo-cons talked about.

We'll still be scratching our heads while they create even more new "realities".

Vile. Cheney is vile.
