Father Of 9/11 Victim Says Government Ran Attack As Media Hit Pieces Continue

Emotional shell game accusation of 'disgracing victim's memories' doesn't jive anymore

Paul Joseph Watson/Prison Planet.com | September 4 2006

Another 9/11 family member has gone public to rubbish the conspiracy theory that the attacks were planned and executed by nineteen incompetent Arabs with box cutters who were **getting drunk in a strip club the night before** and **barely even made it** to the airport on time. Meanwhile, hit pieces against the 9/11 truth movement continue in the lead up to the fifth anniversary of the event.

A familiar emotional shell game on the part of the debunkers is to proclaim that questioning any aspect of 9/11 disgraces the memory of the victims. This tactic is clearly not working anymore especially in light of the fact that Bill Doyle, representative of the largest group of 9/11 family members - **says that half now completely distrust** the official version of events.

Bob McIlvaine's son Bobby was working for Merrill Lynch in the 103rd floor of the south tower when Flight 175 struck. He was likely one of the unfortunate individuals who obeyed the Port Authority's ridiculous order for workers to stay in the building and not evacuate even after Flight 11 had ploughed into the north tower.

McIlvaine is convinced that the attacks were an inside job orchestrated by elements within the US government.

"Today, there are no ifs or buts in my mind that this was an inside job. The US government orchestrated it with the help of MI6 and Pakistan and Mossad. What they are telling us is bullshit. The hijackers were patsies and Osama bin Laden was set up," McIlvaine told the **London Independent**.

McIlvaine has since devoted his life to educating others on what really happened on 9/11.

Despite the best efforts of **Jewish American Adam Yehiye Gadahn** to propagandize the reality of the Al-Qaeda myth, Americans are becoming increasingly skeptical of 9/11 and if the recent rash of hit pieces against the 9/11 truth movement are anything to go by, the establishment is stricken with concern.

There were another two major 9/11 semi-debunking pieces over the weekend, one in the **San Francisco Chronicle** and one in **Reuters**. Expect a deluge of them for the next two weeks as the five year anniversary comes to pass.
