War With Iran?

... The Israelis, as is well-known, have had nukes since the 1960s. Now the Iranians are seeking to level the nuclear playing field, and Israel's amen corner in the West is up in arms. "The Lobby," as Stephen Walt and John J. Mearsheimer characterize the pro-Israel forces in the U.S., is pushing for a confrontation with Iran over the nukes issue ...

... As in Iraq, where the Lobby pushed hard for war, the U.S. is revving up its propaganda machine and belting out a martial anthem. Seymour Hersh has reported that a plan to nuke Iran's nascent nukes is already on the Pentagon's drawing board ...

A senior editor with one of America's largest daily newspapers, who asked not to be quoted by name, said: "We don't get excited about academic papers unless they tell us something new, and this one doesn't."

so are we to assume that the editor of one of america's largest daily newspapers knows that the israel lobby is such common knowledge that it isn't news?
