## Don't let them fool you - ISRAEL STARTED IT

Ever since the bloody carnage in Lebanon started, the mainstream media has echoed Israel's self-righteous indignation about how they're merely defending themselves - "[Israeli sovereignty was violated](#)" when Hizbullah "kidnapped" their soldiers from "across the border."

What they conveniently reverse is that Hizbullah confronted Israeli troops on the **LEBANESE SIDE OF BORDER**.

[It all started on July 12](#) when Israel troops were ambushed on **LEBANESE SIDE OF THE BORDER** with Israel. Hezbollah, which commands the Lebanese south, *immediately seized on their crossing*. They arrested two Israeli soldiers, killed eight Israelis and wounded over 20 in attacks inside Israeli territory.

[Ehud Olmert holds "Lebanon responsible](#) for the fate of the missing soldiers," *who were captured near Aita al-Shaab on the **LEBANESE SIDE OF THE BORDER**, that is to say the soldiers violated the sovereignty of Lebanon, a COMMON OCCURRENCE.*  
[Kurt Nimmo]

Even Israeli News reported it on the 12th, contemporaneously with the incident.

[The Hizbullah said its operatives destroyed an Israeli tank](#) attempting to cross the border into Lebanon.

ISRAEL STARTED IT.

*"If somebody wants to kill you and you use a deception to save your life, it's not immoral."*

That might well be true.....If so, all the better.....My only concern now is, will Israel FINISH IT, by completely destroying their enemy as in the Biblical days of old when King David's forces annihilated their enemies!

Or maybe the Muslims will finish it, and retake Jerusalem, as Saladin's forces did in medieval days of old!

The Arabs in Palestine have a richer culture and history than the Jews. Palestine has been occupied by the Zionists for some 60 years now, but Muslims controlled it for most of the previous 1400 years.

The Zionists underestimate the courage and determination of the Arabs - they may someday find a way to overcome their oppressor. Without US support, Israel would have never won its battles. Maybe someday we'll awake from our slumber in America and realize it is in our best interests to support the Arabs instead!

I just recently came across this blog recently hosted by a Arab American lady that is now involved in listing the blogs from Lebanon. Check out her site.

Dove is the name of the site.

Something bloggers have missed---recall the killings of the past president of Lebanon last year and Syria was forced to leave.

ODD THING--with Syria's presence--Lebanon became

wealthy,prosperous.Syria's army was a check on the Jews

invading. Like most greedy people--they ousted the Syrians.

The fools didn't know that the X-President's killing was done by MOSSAD. Just like ARfats murder--the Jews did it.

For the poster that suggests Israel's death coming--forget it--they will take us with them .-Nukes!

For ages,the Jews have been forced into the middle-east--for the UK/USA to have a permanent foothold in the middle-east - Middle east will never have peace until all the black gold is

This is the nugget I've been searching for. Up to now, I had merely wondered what the israelis were doing so close to Lebanon's border.

Of course, given their recent aggression, why would Lebanon assume their actions to be benign?

wow...WOW...this is a staggering piece and exposes the entire spin a large part of MSM has evidently been spewing. Ive been trying to get a grasp on what has been going, staying as objective as I could, but I recently read an article, I think it was on infowars.com (you can use their search if they have one) revealing israeli documents planning the invasion of iraq, iran, syria and lebanon and having them partitioned to avoid them being robust states able to defend their own interests and those of the Palestinians. A picture is starting to emerge now, and Im starting to see the neocons as having a very "special" role in doing the bidding of this plan...this is getting scary...screaming emergency kind-of-scary...

God bless Palestine.

I promise to all of you humiliated Muslims that large proportions of Germany stand behind the cause of Palestine. The intelligent and progressive minds in Germany know what's going on, we thank Iranian President Ahmaninedjad for his words to the German people. Let us join against the Allies and Zionism.

Take a look at [this](#):

*A Hezbollah official in southern Lebanon said the guerillas were "retaliating" after Israeli forces shelled several villages near the border. There were no any immediate reports of casualties.*

*Witnesses in southern Lebanon said the bombings were still continuing one hour after the clash began.*

*Al-Manar, the TV station of the Hezbollah guerrilla group, reported that Israeli artillery was pounding the fringes of the villages of Aita el-Shaab, Ramieh and Yaroun in the hills east of the coastal border port of Naqoura.*
