Israelis Stop Fuel Supply to Palestinians

RAMALLAH, West Bank (AP) - Dor Energy, the Israeli company that provides fuel to the Palestinian areas, is cutting off supplies due to growing debts, Israel and Palestinian officials said Wednesday.

Palestinians warned the move would deepen a humanitarian crisis brewing in the West Bank and Gaza Strip.

The head of the Palestinian petrol commission, Mujahid Salame, said he expected gasoline supplies to run out on Thursday. "If this happens, there will be a humanitarian crisis," he said.

He said Palestinian officials were in touch with American and European diplomats in hopes of pressuring Israel to reverse the move by Dor Energy.

Asaf Sharif, a top aide to Israeli Prime Minister Ehud Olmert, confirmed that Dor has decided to halt the shipments. The company had no immediate comment.

In the past, Israel paid the debt from tax revenues it collects for the Palestinian Authority. However, Sharif said Israel would not do so again.

Israel has frozen the \$55 million in monthly tax transfers to the Palestinian Authority as part of its boycott of the new Hamas-led government. The tax money has been placed in escrow, and Israel used some of the money last month to pay the fuel debt, preventing a fuel crisis.

How far is this stupidity allowed to go
by Finn on 10.05.2006 [15:00]

It is astonishing that Palestinians are demanded by EU and USA to approve Israel and its borders, but Israel is not demanded to say what the two state solution is and where are the final borders. It should not be unclear to anybody that 1967 borders is the minimum what could garanty a peace.

Palestinians should let the situation now go so bad that the public opinion in the west would force USA and EU to command Israel to the only possible solution. 1967 borders. The money blockade has been a bad mistake by Israel and USA. The more miserable the situation in Palestinian areas becomes the less time Israel has for its land grabbing policy.

by paul pawlowski on 10.05.2006 [15:50]

There are many ways to solve the Jew-Arab conflict.

1 — Jew state recognize Palestine state without borders and Palestine state recognize Jew state without borders. Borders solved through dialogue Jew-Arab.

2 — Jew state starve Palestine into submission.

I say impose surcharge on barrel of Oil. Make the Jewlovers pay higher price for Oil. Save Palestine.

No wonder the Israeli's want Munich banned

The movie is most disturbing for the world to see. Perhaps Spielberg is tired of the lies too. You're right, it is the Jews who have destroyed America, and now, the world is not only "next" but "last." Obviously, the Goyim are merely "animals" for target practice, and truly Mossad have no conscience in killing all other human species who get in their way of establishing a total Jewish world. The Yiddish Nurdlings have crapped in the garden where we all must eat, and have so generously created plastic shoes to give us warmth in winter. What does that make us? Royalty without a kingdom? The Jews will eventually kill each other off. Once all the humans are gone, they must look to each other for sport, for they certainly could not exist if they looked to their hollow insides. There is no comparison. Ahmadi-Najad is only a man-child, but he is beautiful.

A man is only as good as his words ...

for words can reflect a man's soul.
