The Madman of Tel-Aviv

"The situation is both alarming and catastrophic. There are about 500,000 people displaced already. *The situation is extreme*" the representative of the United Nations Children's Fund (UNICEF) in Beirut, Roberto Laurenti, told AFP.

Lebanon's grim body count [well over 200] continued to mount as Israeli pressed on with its campaign to defeat fighters of the Shiite militant group Hezbollah, *killing 28 people in attacks that flattened homes and hit an army barracks.*

And across the border in northern Israel, **a civilian was killed** when a rocket hit a park in the resort of Nahariya in the latest of hundreds of rocket attacks by Hezbollah.

Prime Minister Fuad Siniora accused Israel of *"committing massacres against Lebanese civilians and working to destroy everything that allows Lebanon to stay alive."*

"The intensifying aggression in this barbaric way proves that Israel has decided to push Lebanon back 50 years," he said.

But Israeli Prime Minister Ehud *Olmert defended the relentless bombardment, saying it was aimed at obtaining the release of TWO Israeli soldiers and the disarmament of Hezbollah in line with an existing UN resolution.*

That's right - TWO.

This stark-raving lunatic and his band of murderous thugs have *destroyed an entire nation, displaced half a million people, and killed hundreds of innocent civilians* so that he can secure the safety of only 2 -- that's right -- T-W-O, Israeli soldiers and to ensure compliance with a resolution that he has no authority whatsoever to enforce.

He is a murderous madman and [anyone who supports him](#) is insane.

Trade John Bolton for the 2 captured Israeli soldiers. Then earmark all the funds the US sends to Israel for rebuilding Lebanon.
