John Negroponte & CIA Cocaine Trafficking CoverUp

by CONSPIRACY PLANET

In his column 'How To Recycle a Cabalist: The John Negroponte Story,' political analyst Al Martin, author of "The Conspirators: Secrets of an Iran Contra Insider" reveals the hidden history of the crimes of DNI John Negroponte and DCI Porter Goss.

"Bush Cabalist John Negroponte has been named the new DNI (Director of National Intelligence)," writes Martin. "He will have as his most immediate subordinate our new DCI Porter Goss. And this is the secret history of two former Cabalists who have been rehabilitated into the highest ranks of the new regime of the Bush Cabal.

"Goss is going to be reporting t directly to Negroponte, which strikes me funny because this is a Reagan-Bush era redux. Now we have an old wet-ops guy (Porter Goss) reporting to an old narcotics smuggler (John Negroponte) ...

"John Negroponte was US ambassador to Honduras in the Reagan-Bush regime, and then he was forced out of that position in 1985 when it became known that he had facilitated Oliver North's wet operation in Honduras to assassinate the then Honduran Army Chief of Staff, Lieutenant-General Reuben Mata," Martin continues.
