

Who really orchestrated the OKC bombing?

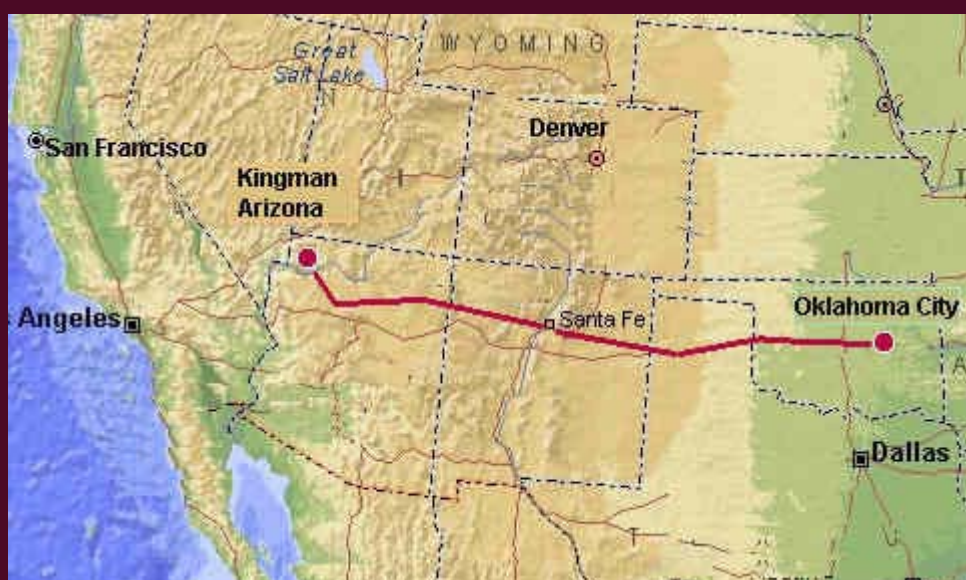

Whose M.O. is this, and who benefits?

"The official story"

These two drifters blew up the Murrah building, using an aluminum truck containing five plastic drums of fertilizer, which was parked 40' from the building.

Their base was 1100 miles from Oklahoma City

The truth

The attack was orchestrated by Zionists out of Elohim City

These are the real masterminds of the bombing.

Reverend Millar

Millar, a Jewish Canadian, played the Fuehrer of Elohim City

In 1995, a massive explosion in the heartland of America, killed 169 people. The government told everyone it was the work of a disgruntled ex-army private, who became a white supremacist.

Now it appears, that the American Mossad units, the SPLC and ADL, had a connection, and there was multiple bombs.

The Public Story And Timeline

Timothy McVeigh, born in New York in 1968, was the alleged mastermind. In 1990, McVeigh joined the Army, where he met Fortier and Nichols (Anti-Semites). McVeigh is discharged in 1992 and headed home to NY, where he worked as a security guard till 1993. Next he visits Nichols at a Michigan farm, where he is reputed to have read anti-Jewish propaganda, and became a neo-nazi.

McVeigh made a living as a free-lance salesman, traveling the gun show circuit.

In March of 1994, he met Strassmeir at a gun show. In April 94, he went back to Kingman, Arizona for a few months, where he lived with an Army buddy, Michael Fortier. McVeigh and Nichols later meet in Kansas, where they rob a gun collector of \$60,000, and start buying fertilizer for the bomb.

Jan 1995 -April 95

In January 1995, they take the fertilizer to Arizona, and meet with Mike and Lori Fortier, where McVeigh stays for three months.

April 1995

McVeigh and Nichols meet in Herrington Kansas, 150 miles north of Oklahoma City, a week before the bombing. They rent the truck, mix the chemicals, then McVeigh blows up the building on April 19, 1995.

Terry Nichols

Nichols was a 35 yr old drifter, who joined the army in 1988, where he met McVeigh and Fortier. He spent time in the Philippines, where he married twice. Oddly, he made a few trips to the Philippines alone during 1994, and Jewish sources contend that Nichols trained under Ramsi Yousef.

The intelligence community say - "*Nichols was an unwitting Mossad recruit, and floating the ridiculous Ramsi Yousef story is typical of Mossad disinformation propaganda. The Philippines is a Mossad hub.*"

The real story and the history of Militias

David Paul

Typified the swindle

Everything Starts With The S & L Collapse Of 1982

From 1973 to 1982 the Federal Reserve flooded the economy with credit, and the result was a major farm property and commodity [inflation](#). Midwestern farmers, buoyed by inflated asset prices, and encouraged on by the [banks](#) borrowed excessive amounts of cash. Everything was fine until 1982, when the [Federal Reserve](#) drove interest rates to 22%, and commodity prices collapsed.

The [1980's](#) saw \$ 400,000 harvests, and \$ 2,000,000 farms collapsed by 75%, and the bankers forced the farmers to auction.

[David Paul](#), who stole \$3 billion from Miami S & L's, typified the swindle. The FDIC found that Paul had lent billions to Jewish acquaintances, loans that were never repaid.

The bankers initially felt this would be another simple 1929 style swindle, but as the banks started to foreclose, the farmers formed the basis of the [modern militias](#). These Militias pinpointed the bankers as the ones behind the scheme, and [threats](#) of violence shook the community.

Jewish Watchdogs Mobilize

The ADL and SPLC, the Mossad's American terror organizations, realized these militias would provide a basis for a future resistance movement, and they needed to take action. These groups could jeopardize their plans for a 2006 world-wide collapse (1929 redux).

SPLC and ADL formed anti-militia units

[Morris Dees](#) and Abe Foxman, through their organizations, formed special '[Militia Watch](#)' units. The [SPLC's](#) normal function was keeping the blacks stirred up with their bogus KKK, and protecting Jewish interests, such as their [abortion industry](#). After the S & L fiasco backfired, they realized Militias were their first real threat. Their target now became the militias.

Both groups infiltrated the militias, and set up False Flag terror bases at Coeur d'Alene, Idaho and Elohim City, Oklahoma.

[Coeur d'Alene - Idaho](#)

A sacred [Mecca](#), in Northern Idaho, where future psychos gather, and were groomed.

ADL agents prowled militia meetings, gun shows, White Power websites, where they recruited unstable dimwits, parolees, and violent gun nuts, etc.

They shipped them to both spots where they became fodder for future operations.

[Elohim City - Oklahoma](#)

They put a Canadian Jew, Robert Millar, to work as the head of the compound.

These groups went on a spree of [false flags](#): ~ The [murder of Alan Berg](#) by the 'Order', Chevy Kehoe, Gordon Kahl, Robert Matthew's Brinks heist.

The Jewish goal was to use the FBI and BATF eliminate their enemies, the militias.

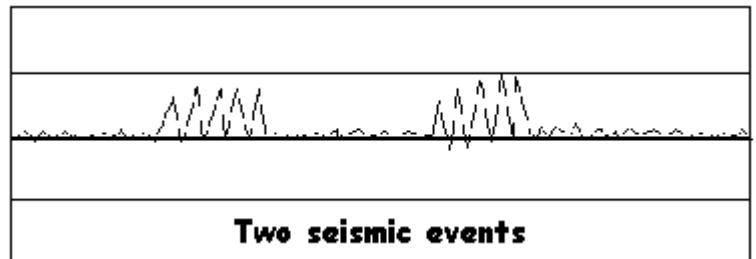

The bomb itself

There were multiple bombs

These images are scans of the [seismographic](#) output from the Norman, Oklahoma Z-axis recorder for April 19th show there was a [second explosion](#). The fact that the YMCA across the street unaffected confirms the truck bomb didn't implode the Murrah building. It turns out that the 10 second delay is caused by differing propagation times through the layers of shale and sandstone that lie under Oklahoma City.

Strassmeir had Israeli special forces demolitions experts wire the Murrah [building columns](#) with high-explosive charges. [Sayanim](#), who provided building maintenance, provided the access.

Military demolition expert [reviews it](#). Witnesses saw [repairmen](#) working on columns.

The Real Perpetrators

Andreas Strassmeir

A German Jew, and the mastermind.

Strassmeir cover is he German. He was trained in Israel, and was [sent directly](#) to Elihom City. He

speaks fluent Hebrew, and has a [girlfriend](#) in Israeli army. He is Mossad agent and an [explosive expert](#). He is considered [John Doe # 3](#).

Micheal Brescia

[Morrano Jew](#) and FBI informant. Michael Brescia was identified as [John Doe #2](#), the person witnesses saw with McVeigh that morning.

Gary Hunt

Hunt runs a [Patriot Website](#), and was also involved with the Waco Massacre in 1993. Gary Hunt is a suspected informant for the BATF. Hunt was in Oklahoma City on the day of the bombing. He is believed by some to be Jewish..

Daniel Spiegelman

[Spiegelman](#) was the fund raiser for the Oklahoma City bombing operation. He stole some rare manuscripts from Columbia University. He was arrested and imprisoned in the Netherlands when he attempted to sell historic documents. United States District Judge Lewis Kaplan, a Zionist, sentenced Spiegelman to 60 months in jail, plus 3 years probation.

Daniel Spiegelman is Jewish.

Timothy McVeigh

McVeigh was a patsy.

ROBERT MILLAR

A Jewish Canadian who was an FBI informant

ELOHIM CITY is a 400-acre compound, which was founded in 1973, and is located near Muldrow, Oklahoma. Elohim is [Hebrew](#) for Gods.

Ancillary figures

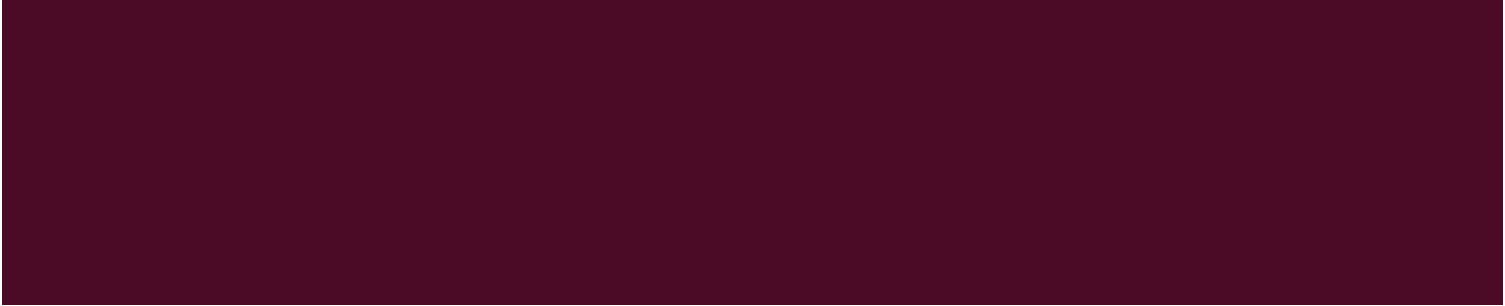

Judge Richard Matsch

Matsch, a Jewish cowboy, controlled the trial. His court blocked this [testimony on other bombs](#) and [seismograph information](#). Matsch wouldn't allow Carol Howe to testify about Elohim City.

Interesting MP3 [Audio](#) of bomb.

[Another audio](#)

Israeli Bomb Experts

Israeli bomb experts, Dorom Bergerbest-Eilom and [Yakov Yerushalmi](#), were brought to Oklahoma at the request of ATF agent [Guy Hamal](#).

According to Yediot Arhonot, there were [3 Israelis in Oklahoma](#) before April 19th attack.

[Carol Howe](#)

She was the Elohim City temptress.

Most likely an [SPLC plant](#), and definitely a federal informant.

Jesse Trentadue an attorney

[Trentadue](#) has sought FBI documents for years through the FOIA, which show a relationship between the SPLC and Elohim City. Information withheld because [careers at stake](#).

J. Cash - Reporter

This fellow spent ten years investigating the crime. Here it's 46 minute [Audio](#). Short transcript of what [Morris Dees](#) tells Cash.

J. Cash reveals [new information](#) in July, 2005 article.

Militia Movement

In many ways, the Oklahoma City bombing spelled the end of the anti-government militia movement to which McVeigh was linked. In the years following the bombing, most such groups either disbanded, or were pushed further to the fringes of American politics.

What Really Happened

The OKC bombing was engineered out of Elohim City, by Strassmeir, using Mossad demolition experts.

The SPLC, which is a US arm of the Mossad, set up the Elohim City base to recruit, and organize from. Their goal was to eliminate the Militias. After the BATF killings at Waco and Ruby Ridge, the FBI and BATF readily accepted the ADL and SPLC as [trusted informants](#).

The [ADL](#) covered themselves by telling the FBI: *"We have information on a pending terror attack, but not the specific location."*

If Elohim City wasn't an SPLC False Flag operation, the FBI would have called in the Air National Guard, and carpet bomb Elohim City.

The FBI leveled [Waco](#), slaughtered Randy Weaver's family, but they left the Elohim terror base untouched?
