## Poland will not let Iran Research "Holocaust". Why?

February 17, 2006

WARSAW (Reuters) - Poland's Foreign Minister Stefan Meller on Friday ruled out allowing any Iranian researchers to examine the scale of the Holocaust committed by the German Nazis on Polish soil during World War Two.

Meller's remarks came after repeated denials of the Jewish Holocaust by Iranian officials and their suggestions that more research is needed to establish the truth about what happened to European Jews.

"Under no circumstances we should allow something like that to take place in Poland," Meller told Polish news agency PAP. "It goes beyond all imaginable norms to question, even discuss or negotiate the issue."

Polish daily Rzeczpospolita reported on Friday that Iran wants to send researchers to Poland to examine the scale of the Nazi crimes during the war.

Some 6 million Jews perished in the Holocaust, with an estimated 1.1 million killed in gas chambers at Auschwitz- Birkenau, a death camp set up in German-occupied Poland.

Last week Iran's ambassador to Lisbon, who in the past served as a diplomat in Poland, said in an interview on Portuguese radio that according to his calculations based on a visit to the camp, now a museum, it would have taken the Nazis 15 years to burn the corpses of 6 million people.

Next time you see a photo of these ovens, note the size of the doors, and oven. Then tell me just how many could fit into one of these ovens, and how long would it take to fill up the oven and how long before they could load it up again?

When did this 6 million figure appear in the official history as a fact carved in stone? Is it a Jewish estimation or really based on German documents?

Basically Iranians are right in explaining that the Holocaust was / is a European moral problem, but the Muslim nations have to pay the price. Maybe some of Iranian wordings about the subject have not been politically clever. But so long as Israel and its big supporter use the Holocaust as a main political "excuse" for the decades long cruel occupation, landgraping and starting wars against neighbours, the Muslims have atleast to moral right to check the "historical" facts.

They also claimed that 6 million were killed in World War I.

As for World War 2...

"In all of German-occupied Europe there were 2.4 million Jews. After the war, 3.8 million Jews claimed "survivor" pensions from the German government. Tragically, the remaining 6 million were lost."

by Gord on 19.02.2006 [02:32 ]

Comments of mine were deleted yesterday from winnipeg.indymedia.org as holocaust denial.

I defend the Palestinians and the Iranians against zio lies. So the zios plead holocaust. I apply a little intellectual rigour to the zio claims about nazi treatment of the jews and my remarks are deleted for offending an "historical victim group" i.e. jews, which is against the law in Canada.

I don't blame jews. I blame zios. Not all zios are jews. And many jews are anti-zio.

So I no longer use the term zio-nazi because, while I don't say the nazis were nice guys, I understand what they were up against.

Canada is a zio-stalinist country.

You defend the West when you deny the Holocaust?

You do not further the Palestenian cause with the argument put forth.

Learn your own history before you question the Poles, victims in their own right of the murderous Nazis and then the Soviets. Palestenian losses in the last 55 years are a trifling to the rape of Poland in 6.

Can't you see when you question the Poles you deny their experience and the genocide they suffered and not that of the Jews? Why would they allow such a supercilious investigation.

Lay your hostility at the feet of Zionists and Great Britain Not civilian dead. Jew or Pole

The Partition of Palestine was determined in 1921. The Ottoman Turks were to be punished for their support of Germany during WWI

Blame the French For Separating North Africa from the Rest of The Moslem World ,The British and Americans for Egypt,Turkey, Iran and Iraq in the 1920s and beyond

Britain began the partition long before any Holocaust. Haj Amin al-Husseini led the great Palastinian uprising against it in 1936 and the British only relented in 1939 due to the outbreak of the war

But in 1941 Arabs again supported the Germans, This Time Nazis. The Moselem Brotherhood led to pro German Govt in Egypt and the Ba'athist movement formed in Syria, Iraq and Iran.

Seeing opportunity for Arab liberation, Haj Amin al-Husseini led a pro German uprising in Iraq, in 1941. The Germans looked likely to win the War, but The British crushed a revolt that saw little German support as they were invading Russia.

When they won the war the British and Americans pursued retribution and the partition.

There was a Pro German stance in 1914 and Pro Nazi 1941. Arabs are being punished not for the Holocaust but because of this.

Denying Arab nationalism is a cornerstone to American and British foreign policy since Roosevelt and Churchil in 1941

The Holocaust, true or not is a straw man for you to attack. A non issue.

Answer this question

How could 1 million dead jews be preferable to you, to your cause?

Why are 7 million Black slaves in America acceptable and not 20 million slaves? to the racist elite here ?

What if the Jews died of death and disease as slave labor in German Gulags, is that not genocide ?

Your arguments are specious and scurulous. The Polsh government and Catholic Church were duplicitous with all refugees in the war, the Germans killed millions

You fools are arguing about how many dead bodies can be stuffed into an oven. How many angels on the head of a pin ?

This is presented to show that Judaism has been engaged in a perpetual pity party since before they had any reason to be pitied. While the first articles we present are from 1926, a bit further down there are articles from 1920. Note that the same five to six million people who were starving and dying in the streets in 1920 had not diminished at all by the time they were still alleged to be starving six years later, nor had their starvation been abridged. That's because it never really happened. Here are some stories printed in the New York Times claiming that World War I resulted in the starvation of six million (five million in some stories) Eastern European Jews, who, while starving, had an infant mortality rate of "nearly 100%". As is mentioned as an aside a bit later on, nearly all the money raised by these big capitalists like Jacob Schiff and these media barons like William Fox went to "Soviet Russia".

Palestinian Independence is not conditional on the Holocaust, why participate in this debate and thus make it so.

It is Your Struggle.

Your freedom is not bound by interpretation of history, a righteous cause needs no argument.

Liberty is your human right. You were born with them.

Demand Your rights on their own Merit they are not conditional !

Do not fall prey to false distractions

**holocaust a khazar creation**

by falluja\_superstar on 19.02.2006 [06:18 ]

Holocaust is a VERY important factor. Jews-Khazars would use this to slam any critic of them as agents of Rothschild as an anti-semite. Remember this fact, Arabs being the brother of Isaac from Ishmael are also semite people.

Don't let this term fool you. Semite are the sons of Prophet Abraham, both the Israelite Jews and the Arabs. Isay Israelite because the Jews now dominating the world are European in nature, the Khazars. Some believed them to be the gog and magog. Only God Knows.

**RE: Palestine**

by Finn on 19.02.2006 [06:42 ]

Naturally the Holocaust is also in a way behind the future independence of Palestine. Why, because the Israelis say it is. Israelis say that they must have secure borders so that Holocaust doesn't happen again. Naturally the Israelis declare themselves what are "Holocaust safe" borders against people who did not cause the Holocaust.

Israel also used the memory of the Holocaust in their propaganda in the "pre-emptive" wars against Arabs in 1956 and 1967, which they started not the Arabs.

The moral point is that a nation that suffered a Holocaust should not bring Holocaust to others; at least not to people who did not have anything to do with the original Holocaust. Let's remember the facts. Israel is the 5th strongest nuclear weapon power in the world. Nobody is capable to destroy Israel militarily without making on the same time a national suicide. So the propaganda of the weak vulnerable Israel is pure fiction.

Israelis and others use the term Holocaust denial, which is considered bad. Well shouldn't we also have the term Palestine Occupation denial? It is Israel which keeps millions under military occupation, kills their leaders, builds walls around them on their land, uses them as a huge cheap labour reserve and steals their land and water, chops their olive trees etc. The Palestinians did not start the war in 1967. Isn't denying the Occupation and its consequences as bad as denying Holocaust? What is the difference? Numbers, 6 million versus x thousand killed, or what? If it is the numbers then "the real 6 million" matters.
