Proof: the Media Lies About the Holocaust Conference in Tehran

You want proof of the lies of the Zionist-influenced media. It is being reported around the world that in my speech at Tehran I stated that the “gas chambers did not exist.” You can read and even listen to my speech right here on [davidduke.com](#). I said specifically that I take no position on that issue but that I believe in freedom of speech and find it an outrage that men such as David Irving are in prison for simply voicing an intellectual, historical opinion.

The Zionist-influenced media has maintained the purpose of the conference was denying the Holocaust when the actual purpose was to provide free speech on this important historical issue and to protest against the suppression of free speech in some European countries. The record of the conference is clear. There were many speeches at the conference that maintained the mainstream Holocaust view.

Third, the Zionist-influenced media has headlined that in the closing session Iran’s President called for wiping Israel off the map, suggesting that he advocated a genocide or destruction of the people of Israel. One more big lie. Any tape or transcript of his speech will show that he said support around the world for Zionism is dwindling and that the Zionist Regime will be replaced by a democratic state in the same fashion that the Soviet Regime was dissolved in Russia. He specifically advocated complete civil and political rights for all residents of the region, and specifically mentioned complete civil rights for Jews and Palestinians alike, and he stressed that all peoples should love and respect one another and disavow violence war. How the Zionist media lies!

The truth the Zionists are trying to create a catastrophic, murderous war with Iran so they are trying to stoke the fires of misunderstanding and hatred toward that country. Any fair-minded person who reads my actual words and the words of the academics at the conference and the words of the Iranian President can see for themselves that the Jewish-influenced media has made up colossal lies about this conference and its participants.

Why is a conference dedicated to free speech condemned, yet putting people in prison in Europe for exercising free speech is praised.

Who are the real deniers of freedom?

Interview Conducted By Rita Cosby
December 12th, 2006

Rita Cosby: David What are you doing in Iran what are you doing at a conference which is basically debunking the Holocaust?

David Duke: The Conference is dedicated as its organizers said to Freedom of Speech and the fact is that in Europe there are men and women, sitting in prison, simply for uttering their opinion. Researchers, academics - there are 67 academics, college professors and other academics from all over the world who have differing opinions on the Holocaust, some who may have mainstream opinions some who have controversial opinions, but it is a shame and a DISGRACE that there are people in European countries in PRISON for voicing an opinion. [David Irving](#) is sitting in prison right now for THREE years for simply uttering his opinion about the Holocaust and [Germar Rudolf](#) also faces this.....

David Duke speaks in

Tehran at the Holocaust Conference

There are many false reports about my speech in Tehran, here is the actual text of my speech on December 11, 2006 at the Holocaust Conference

Freedom of Speech and the Holocaust

Address by David Duke, PhD at the Holocaust Conference in Tehran, Iran

Former member of the House of Representatives
State of Louisiana, United States of America

www.davidduke.com email: dukeeuro@hotmail.com

Distinguished friends,

Thank you Dr. Mohammadi and all the distinguished scholars who are here at a conference that history shall one day deem as one of the most important of the 21st century

I and all the conference participants must be especially thankful to the President of Iran, Mahmoud Ahmadinejad, who has had the knowledge, the foresight and the courage to convene this conference to offer free speech for the world's most repressed idea, Holocaust revisionism. We must remember that the main themes of this conference as stated by Iran's President are the vital human right of freedom of speech and the condemnation of the shameful imprisonment of European scholars and academics who simply dare to state their opinions of historical events that occurred over 60 years ago.

This conference embraces the idea of free speech, thought, and conscience. The U.S. State Department, under thorough control of International Zionism, in a formal statement called this conference a quote, "disgrace." The real disgrace is that free men are imprisoned and silenced in Europe and in other European-descended nations around the world. The disgrace is that no leaders of our own nations seem have the courage to defend free speech.

I also want to thank your President for inviting me, as controversial as I am, to be here. The Zionist-influenced media lies about me with the same enthusiasm as they lie about him.

He will be condemned for having me here, and I as a former American elected official will be condemned by the Zionist influenced press in America for coming here in peace and friendship to a nation that they hate: the nation of Iran.

But, we at this conference have decided that no longer will we let the Zionists dictate to us. They shall not dictate to us who will be our friends, who will be our enemies, nor will we permit them to dictate to us only their version of the past, and we will certainly not let them dictate our future! [The Iranian Holocaust Conference](#)

Posted under:

- [General](#)

— @ 8:08 am

The Iranian President has called an international conference in Tehran to allow free speech and inquiry on the nature and scope of the Holocaust. David Duke has been invited as a principle speaker and will focus his lecture on the shameful suppression of free speech on this important historical issue.

Dr. Duke Reports from Tehran, Dec. 10

At the suggestion of the President of Iran, Mahmoud Ahmadinejad, Iran is hosting a conference in Tehran dealing with the Holocaust on December 11 and 12 with over 67 scholars in attendance from 30 countries of the world.

The conference will include academics who embrace the prevalent historical conception of the Holocaust and those who have a revisionist view. Revisionists question parts of the official Holocaust story. In some Western nations, to diverge even slightly from Holocaust orthodoxy will cause an historian to face not only a loss of academic career but also imprisonment.

The main theme of the Holocaust Conference is that there must be freedom of speech on this subject as on all others. Free speech, inquiry and debate is the only way to learn the truth on any issue. Many Western governments have imprisoned many academics for simply expressing their historical opinions on the Holocaust.

For instance, world-renowned historian David Irving at this moment sits in a prison near Vienna, Austria for simply stating his historical opinion about Auschwitz in a lecture in Austria in 1989. German researcher/chemist Gernot Rudolf faces years of imprisonment for simply publishing a forensic analysis that challenged the authenticity of alleged Auschwitz gas chambers.

In prosecutions of Holocaust questioners, authorities have not allowed introduction of any evidence supporting their claims. The courts have even announced in their guilty verdicts that “The truth is no defense,” i.e. that even if the defendant can be shown to be honest and accurate, and even if his claims can be substantiated by physical and documentary evidence, he has broken the law by simply questioning aspects of the official Holocaust Story.

Bush Is No Conservative

By [Paul Craig Roberts](#)
December 4th, 2006

Neoconservative translates as “**new conservative.**” However, there is nothing at all conservative about neoconservatives. The name is a misnomer of the first rank. Repercussions of Senate Bill 2611

As you sleep, your government plots to destroy future sustainability of your country. If John McCain, Arlen Specter, Teddy Kennedy, Nancy Pelosi and George Bush sneak S.B. 2611, named the “comprehensive immigration reform bill” into law, it’s as Orwellian as it gets!

S.B.2611 misleads! It gives blanket amnesty to illegal alien employers. It gives Carte Blanc to illegal aliens to rape our welfare system, medical care and schools.

This bill completely negates the rule of law by encouraging lawlessness by forgiving past lawlessness. It creates two tiers of justice: one for you to abide by our laws and another for illegal aliens whereby they don’t have to abide by our laws. It protects employers who attract illegals. The US and the Middle East: A “Grand Settlement” Versus the Jewish Lobby

By [Dr. James Petras](#)

December 4th, 2006

Chances for a change in the direction of US Middle East policy are extremely unlikely. The reason is the growing power of the Jewish Lobby in Congress, the massive Zionist propaganda campaign in all the mass media, Olmert’s ‘nose leading’ of Bush, and a host of related activities. The end result is that Congress will not withdraw or reduce US troops and war funding for the Iraq War. Bush, with the support of McCain and Clinton, Liebermann, Reid and Hoyer, will push for more troops in pursuit of an all-out blood bath in Baghdad. The Baker Iraq Study Group under siege from the Zioncons and Zionlibs will be unable to deal with Israeli violence against Palestinians or enter into a dialogue with Syria and Iran on any but the most narrow and unpromising terms.

Baker’s Iraq Study Group and the Lobby’s Preventive War

Ehud Olmert, Israel’s Prime Minister, firmly imposed the party-line for the Conference of Presidents of Major American Jewish Organizations (CPMAJO) and related pro-Israel groups during his November 13 visit to Washington in which he stated his categorical support for Bush’s Iraq War policy and confrontational strategy with Iran. According to the Israeli daily Haaretz (November 14, 2006):

“Olmert said Israel and other countries in the area should be thankful to the United States and Bush. He said the Iraq war had a dramatic positive effect on security and stability in the Middle East as well as strategic importance from Israel’s perspective (my emphasis) and of moderate Arab states. Olmert said he was satisfied with the position Bush took on Iran which went further (my emphasis) than in their previous meeting in May. “Iran’s role in the conversation was quite clear, very serious and very significant and I left the meeting with an outstanding feeling,” said Olmert.” [\(more...\)](#)

[Many Bond Super Villains actually Jewish reports *The Forward*](#)

James Bond's Jewish Villains

The *Jewish Forward* recently published an article exposing the fact that Ian Flemming, the author of the James Bond book series, expressed what it calls “anti-Semitic” opinions. It is not, however, anti-Semitic for art to simply imitate life. The Bond books are rife with extremely rich Jewish-like oligarchs stealing Billions (such as Goldfinger) and fomenting wars and making mischief such as Blofeld in *You Only Live Twice*. Long after Flemming wrote his popular books that later became the most successful movie series in history, life indeed did imitate art in the former Soviet Union when 11 oligarchs (10 of them Jewish according to Jewish-owned *Fortune Magazine*) stole 60 percent of the wealth

of the richest resource nation on earth. They did it through, bribery, extortion, fraud and murder. It was indeed the biggest criminal theft of all time, and yet the Jewish criminals such as Gusinsky, Berezovsky, Abramovitch, Khodorkovsky and others have been defended and protected by powerful Jewish influence Western nations and in the Jewish-influenced media. Many others are hiding out with their billions in Israel. There is even a popular TV program in Israel called “The Oligarchs” which chronicles the happy adventures of the Jewish oligarchs in Russia as they go about defrauding the Russian people. As far as fomenting wars, have not the Jewish oligarchs of wealth and media around the world fomented the Iraq War and the clash of civilizations? Have they not supported the murderous terrorism of Israel against the Palestinians, the Lebanese and others. Are they not the ones who are the main protagonists of a proposed war against Iran which would be catastrophic for the whole world? Art often does record history, and life does in its unfolding often imitate the truth of art. — david duke

By Robert F. Moss
November 24th, 2006

Much of the publicity surrounding the recently released film “Casino Royale,” the 21st in the 007 franchise, has dwelt on the new, blond-haired James Bond, Daniel Craig. The actor is no stranger to the spy world; he played a Mossad agent in Steven Spielberg’s “Munich.” The notion of a Jew with a license to kill, however, most likely would have aroused little enthusiasm in either Bond or his maker, Ian Fleming. Most of the 13 original Bond books made a point of disparaging Jews, a feature that was purged from the film versions.

“Casino Royale,” published in 1953, kicked off the Bond series, establishing most of Fleming’s trademark devices, among them a grotesque criminal nemesis for 007. In “Casino Royale,” the monster is Le Chiffre, a major Soviet operative. Like all Fleming villains, he is a racial hybrid, “a mixture of Mediterranean with Prussian or Polish strains,” and has “large lobes, indicating some Jewish blood.” Goldfinger, possibly Fleming’s most famous villain, is only suspected of having Jewish ancestry, but his fierce obsession with gold pretty much erases any doubt. Ernst Stavro Blofeld (“On Her Majesty’s Secret Service”) was supposedly baptized, but he has a Semitic-sounding name and a set of those telltale “enlarged lobes.” ([...Full Article Here](#))

Millions of other Americans want Bush turned over to the war crimes tribunal at the Hague. The true fate that awaits Bush is psychiatric incarceration.

Delusion still rules Bush three weeks after the American people repudiated him and his catastrophic war in elections that delivered both House and Senate to the Democrats in the hope that control over Congress would give the opposition party the strength to oppose the mad occupant of the White House. David Duke’s Triumphant Time in Hungary

By Kennewickman and other patriotic commentators in Hungary

The name Dr. David Duke is rapidly becoming well known in Hungary. Every day brings a new city with cheering supporters and another media interview. Dr. Duke in an exhausting schedule spent 9 days of nonstop activity educating, motivating and inspiring the patriotic movement of Hungary. He traveled across the whole country speaking to packed venues across the nation, and did many interviews with both hostile and friendly media.

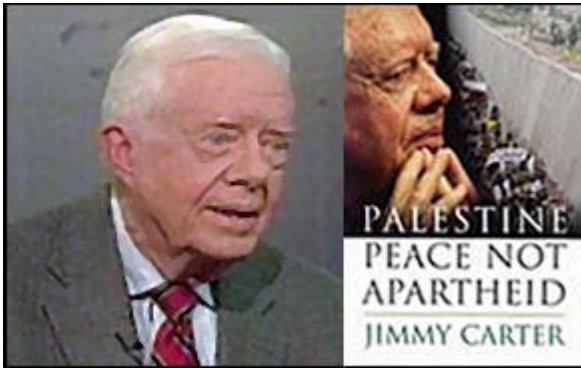

Dr. Duke's decades of experience with the pro-Zionists of the TV stations and newspapers has paid off handsomely in Hungary: His first media conquest was over a Marxist-oriented Jew by the name Friderikusz. He hosts a nationally broadcast evening TV show. Do not try to pronounce this name on your own; English speakers often mispronounce this name like "Freak-o-ricus" a grave insult to the proud owner of the name. So as it happened Mr. Friderikusz invited Dr. Duke to his studio introduced by five decades old film clips of the KKK and lighted crosses. Dr. Duke would not let this pass without response. He pointed out to the interviewer that when he was a young man he was in non-violent Klan organization, left it almost 30 years ago and went on to be elected to the House of Representatives in Louisiana and as Chairman of the largest Republican district of Louisiana, that he has gone on to earn a Doctorate degree, that he has lectured in major universities all over the world, and pointed out that he is author of one of the best-selling books in the world, yet the interviewer only shows decades old inflammatory pictures in an attempt to bias the audience. Carter on Palestinian Prisoners

KABOBfest
November 30, 2006

Jimmy Carter [appeared on PBS's Newshour](#). In his interview with Judy Woodruff, I was surprised to hear the kinds of arguments I never hear on American media outlets. Carter actually expressed the views of Palestinians. The former president, unlike most Americans, actually listened to what the Palestinians had to say — and checked it out himself. Can you imagine the

panic of Israel's PR specialists?

This exchange on the question of the captured Israeli soldier was impressive:

JUDY WOODRUFF: President Carter, people would listen to what you're saying here, and they would read your book, and they would say, "He's putting the onus here on the Israelis." And many would return that by saying, "But wait a minute. It's the Palestinians who continue to fire rockets into Israeli land. It's the Palestinians who have kidnapped Israeli soldiers. It's the Palestinians that continue to perpetuate terrorist acts against the Israelis."

JIMMY CARTER: Sure, that's what you say, and that's the general consensus in the United States. **The fact is that, when the Palestinians dug under the Israeli wall from Gaza and captured the Israeli soldier, one soldier, at that time, Israel was holding 9,200 Palestinians prisoner, including 300 children, almost 300, 293 children, some of them 12 years old, and holding almost 100 women prisoner,**

And immediately, the Palestinians who took that soldier said, "We want to swap this soldier for some of our women and children." And the Israelis rejected that proposal and refused to swap at all with the Palestinians in the West Bank. That was the key to the issue.

So it's right that the Palestinians took a soldier, which they should release. But for Israel to keep 9,000 Palestinians and not release any of them is something that you don't mention in the question, and it's generally not even known in this country.

Wow. At some point media heads will have to start asking tough questions to Israeli talking heads.
