

More Bush Chicanery? Saddam's Double Hanged?

From Dick Fojut in Tucson

Note - Saddam was another CIA creation and knew more about Bush family-CIA Dirty Operations than most people on the planet. The entire 10 year, horrible, Iraq-Iran war was essentially a CIA/US operation, for example. The biggest question remains: why would 'Saddam' take all that damning information with him to the grave? Any normally intelligent dictator, and Saddam was/is very intelligent, would have committed all of those secret dealings to paper or videotape and had that information hidden away at multiple locations as insurance against betrayal by the CIA/US Government - betrayals which certainly began with the US Ambassador April Glaspie's trickery and deceit to induce Saddam to invade Kuwait. In this day and age, anything is possible, and for that reason, we present the following from Dick Fojut. - Rense.com

Saddam Double 'Hanged!' Charade Ended (maybe)!

About the "Saddam" double just sentenced and privately "hanged" - or has a different "body" been substituted while the cleanly shaved double has been flown out of Iraq, his bombastic shouting charade no longer needed?

America's major "news" media are obediently parroting the Bush Administration (and puppet Iraqi government) claim that (the REAL) "Saddam" has been sentenced and hanged - carefully ignoring the following contradictory facts...

* Saddam's Wife (of 25 years), angrily said the Prisoner was NOT Saddam, but one of his doubles

* Saddam's Mistress said the Prisoner was NOT Saddam, but one of his doubles

* Saddam had even, pristine teeth, the Saddam double's teeth were/are uneven and ragged

(Further below, open and read URLs of entire articles detailing the above)

REMEMBER THE BUSH ADMINISTRATION'S OTHER LIES...

A majority of American voters (and members of Congress) are now aware that President Bush and his cabal of (pro-Israel/anti-Iraq) NeoCon MISadvisors publicly LIED to falsely "justify" their (long pre-planned) war on Iraq...

* They LIED when they claimed Iraq possessed "Weapons of Mass Destruction."

* They LIED when they claimed Iraq had ties to Al Qaeda.

* They LIED when they "inferred" that Iraq and Saddam were DIRECTLY involved in the 2001 9/11 attacks. (Often more than just "inferred" by VP Cheney)

According to a recent poll in Iraq, Cheney's 9/11 lie is believed by a deceived majority of our misinformed troops in Iraq - who still falsely THINK our invasion and occupation is justified "REVENGE" for Iraq's role in 9/11)

* They LIED about Iraqi civilian dead, pretending they were far less than the recent estimate of more than 655,000.

* And they may also be LYING - and hiding - how many American troops have actually died, more than the near 3,000 officially reported. Evidence has surfaced that OVER 10,000 Americans may have died...

* They LIED about WHERE and WHEN their hanged "Saddam" was captured. See further below...

With the preceding Bush lies in mind, why should we (and "gullible" news media) not suspect we are again being LIED to about (the REAL) "Saddam" being sentenced and hanged? Check out the following articles...

FURIOUS MRS. SADDAM SAID THE PRISONER (ON TRIAL) IS NOT SADDAM!

June 18, 2004 - Excerpts only...

Sajida Heiralla Tuffah, after the Russians demanded she be allowed to visit her imprisoned husband Saddam in Qatar: "This is not my husband but his DOUBLE... You think I do not know my husband?" Sajida shouted furiously, "I was married to the man for more than twenty-five years!" Then she stormed off, never to return.

This remarkable confrontation was reported by Pravda and four other newspapers in the east between 13 and 17 April (2004), but the New York Times and others made damn sure you didn't read or hear about it in the west.

EX-MISTRESS SAYS IT WAS A DOUBLE

ABC News, March 21, 2003 - Excerpts only...

Parisoula Lampsos, who says she was Saddam's mistress over a period of nearly 30 years, told U.S. officials and ABCNEWS that the man who appeared on TV was not Saddam.

For starters, she said, the real Saddam has an unusual tattoo: two dots on his left hand that he received in prison years ago. But his eyes are the real giveaway, she said.

NOT SADDAM - DOESN'T HAVE REAL SADDAM'S EVEN TEETH (Many Photos)

When the "Saddam" double opened his mouth in court last year, his exposed ragged teeth and misshapen jaw bone, tipped off the (recently deceased) Australian Investigator JOE VIALLS...

Excerpts only...

...expert dental service was free to all Iraqis, and President Hussein's teeth were and are in pristine condition.

(The Saddam double) has ragged uneven teeth when compared to the even teeth of President Hussein... (See comparison photos.)

Excerpt only...

"Iranians are laughing about it. In the orchard around Saddam's hideout, the dates are on the trees!. Everyone in Iran knows that dates are harvested in the hottest part of August. The dates on the trees and the color of the trees tell us the photos of Saddam's hideout were taken in summer. This is late autumn."

MSNBC - July 25, 2003

According to John Loftus: "military intelligence is so convinced that he was killed on March 20. So, nobody has the body, so nobody's confirming it. But everyone in -- that I've talked to in Centcom and Special Operations Command are so certain that he's dead that they're not even bothering to look."
