**San Francisco 9/11 Truth Tea Party Dumps Official Whitewash in the Bay**

On Saturday, December 16, 2006, on a bitter cold day in San Francisco's Fisherman's Wharf district, about forty hardy patriots came out with the intent to expose the lies and omissions of the 9/11 Commission Report by passing out information to tourists and locals, by reciting most of the omissions and deceptions in the official document, and then dumping the offensive whitewash in the San Francisco Bay.

**sfteaparty\_aquatic2.jpg**

Marking the 223 anniversary of the Boston Tea Party where 18th century colonists decided to reject onerous and unjust taxation by dumping tea in the Boston harbor, these modern day patriots, some with fifes and drums, marched from Pier 39 past curious, and some stunned, onlookers to the end of the Municipal Pier at Aquatic Park. They then proceeded to dump the 9/11 Commission Report to its watery grave to boisterous "hoorays" from the crowd gathered.

Before the book tossed an audience gathered to hear Truth activists "Connect the Dots" and to voice a proclamation demanding an immediate, genuinely independent investigation.

According to the latest polls, 62% of the American people believe that the official 9/11 story of George W, King Pretender, is fatally flawed or a deliberate lie.

The catastrophic events of 9/11 and the illegal, unilateral wars and unprecedented assaults on our constitutional rights and liberties here at home, justified by the official lie about who perpetrated the 9/11 events, are at the very center of everyday life in America. We therefore will accept no compromise until the full truth of 9/11 reclaims its rightful place at the core of the American psyche. Only a complete and independent 9/11 investigation will yield the answers all Americans deserve.

Patriots "Connecting the Dots"

## Proclamation

# HEAR YE, HEAR YE!

**F**ellow citizens, the lies and deceptions, regarding the crimes of September 11th, have undermined our democratic processes, our liberties, and have been used to launch wars upon other nations.

**Whereas** the Commission failed to investigate war games conducted on 9/11 that crippled aircraft interception capability; and

**Whereas** the Commission failed to mention the demolition of the 47-story World Trade Center Building 7, which was not struck by a plane, but went down at near freefall speed at 5:20 pm on 9/11; and

**Whereas** the Commission ignored lies and falsified data, about air and water after 9/11; and

**Whereas** the deceptions used to attack our Constitution, the Bill of Rights, and habeas corpus, and whereas subsequent wars, have threatened all of humanity—physically, legally, morally, and psychologically; and

**Whereas** the Commission failed to address who had motive, means, opportunity, and benefited from the crime, such as members of the *Project for a New American Century*, who desired to expand the military and dominate the world; and

**Whereas** the Commission wrote who financed 9/11 was “of little practical significance,” ignoring evidence that top ISI General Mahmoud Ahmad had \$100,000 wired to Mohammed Atta, the alleged “Mastermind” of the attacks on 9/11.

**We DEMAND a genuine independent investigation of the 9/11 attacks.**
