## "Showdown"?

...from [Newsweek](#):

*"A looming court fight over claims that one-time enemy combatant [Jose Padilla](#) was "tortured" by the U.S. military is threatening to create new difficulties for one of the Bush administration's most high-profile terrorism cases.*

*In a motion last week, the Justice Department asked a federal judge to block any public testimony about the circumstances of Padilla's interrogations during the more than three years he was detained and interrogated in a military brig in South Carolina. For most of that time, Padilla, a 35-year-old Brooklyn-born U.S. citizen who was raised in Chicago, was held incommunicado, unable to meet with his lawyer or any other visitors..."*

One tends to think that there may be many things that the Dubya Administration doesn't want Mr. Padilla to say.
