"Evidence linking these Israelis to 9/11 is classified. I cannot tell you about evidence that has been gathered. It's classified information." -- US official quoted in Carl Cameron's Fox News report on the Israeli spy ring and its connections to 9-11

Who's Trying To Take Our Guns Away?

By Ground_Control

2/26/06

There is an ongoing campaign in the United States right now, to deprive American citizens of their Constitutional and God-given right to keep and bear arms. What is not well known however, is just who it is that's behind this effort to take away our firearms, and what extreme lengths they will go to, to achieve their goals.

Their objective is to leave the average, law-abiding citizens unable to defend themselves, in what we will probably witness, which will be a dire time of need. Our enemy must accomplish this before Americans wake up and realize the score.

Numerous school shootings which have occurred, can be attributed to an organized attempt to influence anti-gun legislation.

Columbine happened just when the anti-gun crowd most needed it. Several states had passed concealed carry laws, and experienced dramatic drops in crime as a result. Colorado was about to pass a similar conceal carry law, accelerating the trend. Columbine slammed on the brakes not only in Colorado, but other states that were ready to pass gun laws organized crime did not want passed.

I recommend to you, for your own safety, and the safety of your family , that you study the following links and decide for yourselves, who is behind the school shootings.

Kip Kinkel, another "Manchurian Candidate"

Columbine Basement Tapes

Both the Zionist control of the media and the media bias against the citizen's right to keep and bear arms are generally recognized but seldom discussed publicly, for fear of the charge of "anti-Semitism." The names of the principal anti-Second Amendment legislators -- Feinstein, Metzenbaum, Schumer -- tell part of the story, and the anti-gun lobbying organizations, of which the Anti-Defamation League of B'nai B'rith -- the ADL -- is the most powerful, tell the rest.

This is the same group of people which is simultaneously lobbying, to take away our First Amendment Rights also, under the guise of fictitious, hate crimes legislation.

It's true, they do hate us for our freedoms. But we have been fooled, through a coordinated propoganda campaign, into looking in the wrong direction! Our enemy isn't over in some distant land, most people couldn't find on a map. No, the enemy is at our doorstep.
