

HUNDREDS OF MOSSAD AGENTS CAUGHT RUNNING WILD IN AMERICA!

The Austin American-Statesman, November 25, 2001, pg. A-11

We spoke earlier about the five celebrating Israeli "movers", (Mossad agents), who were arrested and placed in solitary confinement for weeks after they were spotted in a white van suspected of attempting to blow up the George Washington Bridge. We also reviewed how the Israeli owner of Urban Moving Systems - Dominick Suter - then suddenly abandoned his "moving company" and fled for Israel on 9-14. But there were still more Israeli "movers" and other Israelis whose actions raise serious suspicions. Even more suspicious is how they are *always* quietly released and deported.

In October of 2001, three more Israeli "movers" were stopped in Plymouth, PA because of their suspicious behavior. These "movers" were seen dumping furniture near a restaurant dumpster! When the restaurant manager approached the driver, a "Middle Eastern" man later identified as Moshe Elmakias fled the scene. The manager made note of the truck's sign which read "Moving Systems Incorporated" and called the police. When the police spotted the truck, two other Israelis - Ayelet Reisler and Ron Katar began acting suspiciously. The Plymouth police searched the truck and found a video. *The Israelis were taken into custody and the video tape was played at the police station. The video revealed footage of Chicago with zoomed in shots of the Sears Tower.* The police quickly alerted the FBI and it was also discovered that the Israelis had falsified travel logs and phony paperwork on them. (1) They were also unable to provide a name and telephone number for the customer that they claimed to have been working for. These Israelis were up to some sort of dirty business, and you can be sure it had nothing to do with moving furniture. These Israeli spies may have had a dark sense of humor. The name of their "moving company" actually contained the word **MOSSAD** embedded inside. *Moving Systems Incorporated... MOving SyStems IncorporAteD.....MOSSAD*

On October 10, 2001, CNN made a brief mention of a foiled terrorist bomb plot in the Mexican Parliament building. They promised to bring any further developments of this story to their viewers, but the incident was never heard of again in America. But the story appeared in bold headlines on the front page of the major Mexican newspapers (2) and was also posted on the official website of the Mexican Justice Department. (3) Two terror suspects were apprehended in the Mexican Chamber of Deputies. Caught red-handed, they had in their possession a high powered gun, nine hand grenades, and C-4 plastic explosives (*great stuff for demolishing buildings!*) Within days, this blockbuster story not only disappeared from the Mexican press, **but the Israelis were quietly released and deported!** The two terrorists were Salvador Gerson Sunke and Sar ben Zui. Can you guess what their ethnicity was? Sunke was a Mexican jew and Zui was a colonel with the Israeli special forces (MOSSAD). (4)

The story in El Diario de Mexico went on to reveal that the Zionist terrorists had fake Pakistani passports on them. Can you say "false flag operation?" The probable motive of this particular botched terrorist operation was to involve oil rich Mexico in the "War on Terrorism". (*The War on Israel's enemies would be a more accurate description*). Mexico is no military power, but the psychological trauma of an "Arab" attack on Mexico would surely have induced Mexico to provide unlimited cheap oil to her American "protector". With cheap oil flowing to America at low prices from Mexico, the US could better afford to break off relations with the oil rich Arab states in general **and Saudi Arabia in particular**. That's why the planners chose 15 Saudi identities to steal for the 9-11 operation.

Many Mexicans expressed shock at the release of the two Israelis. But when you learn that Mexico's Secretary of Foreign Relations is a Zionist named Jorge Gutman, it's not surprising! The Zionist tentacles reach even into Mexico! La Voz de Aztlan (*Mexican-American news service*), in it's excellent investigative report revealed:

"La Voz de Aztlan has learned that the Israeli Embassy used heavy handed measures to have the two Israelis released. Very high level emergency meetings took place between Mexican Secretary of Foreign Relations Jorge Gutman, General Macedo de la Concha and a top Ariel Sharon envoy who flew to Mexico City specially for that purpose. Elías Luf of the Israeli Embassy worked night and day and their official spokeswoman Hila Engelhart went into high gear after many hours of complete silence. What went on during those high level meetings no one knows, but many in Mexico are in disbelief at their release." (5)

In November of 2001, 6 more suspicious Israelis were detained in an unspecified mid-eastern state. They had in their possession box cutters, oil pipeline plans, and nuclear power plant plans. (6) The local police called in the Feds and Immigration officials took over the scene and **released the men without calling the FBI**. The Jerusalem Post, the Miami Herald, (7) and the Times of London (8) all carried this amazing story and all revealed how furious FBI officials were that these terror suspects with nuclear power plant plans were allowed to go free. Of course, the corruption riddled FBI would only have caved into Zionist pressure from the Justice Department's Criminal Division boss, Michael Chertoff, and also from the ADL's "partner", FBI boss Robert Mueller - who would no doubt have found a way to eventually release those Israeli terror suspects too.

In December, 2001, the Los Angeles Times published the story of how **two jewish terrorists were arrested by the FBI for plotting to blow up the office of US Congressman of Arab descent - Darrell Issa (R-CA), and a California mosque**. (9) Irv Rubin and Earl Kruger of the Jewish Defense League (JDL) were charged with conspiracy to destroy a building by means of explosives. This story got brief national coverage but quickly disappeared too. These Zionists sure love blowing up buildings and killing innocent people don't they?

In May of 2002, yet another *moving van* was pulled over in Oak Harbor, Washington near the Whidbey Island Naval Air Station. Fox News reported that the van was pulled over for

speeding shortly after midnight. The passengers told the police they were delivering furniture, but because it was so late at night, the police weren't buying the story. A bomb sniffing dog was brought in and the dog detected the presence of TNT and RDX plastic explosives in the truck (great stuff for demolishing buildings!) Both Fox News (10) and the Ha'aretz newspaper of Israel (11) reported that the two "movers" were Israelis.

In December, 2002, Ariel Sharon made the amazing claim that Al-Qaeda agents were operating inside of Israel. But when Palestinian authorities apprehended the suspects, they turned out to be Palestinian traitors impersonating Al-Qaeda agents for the MOSSAD! From the Sydney Morning Herald of Australia:

"Palestinian security forces have arrested a group of Palestinians for collaborating with Israel and posing as operatives of Osama bin Laden's al-Qaeda terrorist network, a senior official said yesterday. ..The arrests come two days after Israeli Prime Minister Ariel Sharon charged al-Qaeda militants were operating in Gaza and in Lebanon.

It was considered a surprise because the Gaza Strip is virtually sealed off by Israeli troops. The hardline Israeli leader also charged other members of the terror group were cooperating with Lebanon's Shi'ite militia Hizbollah" (12)

You know, if Sharon wasn't so dangerous, I'd almost be amused by his bullshit!

According to FOX news, throughout late 2000 and 2001, a total of 200 Israeli spies were arrested. (13) It was ***the largest spy ring to ever be uncovered in the history of the United States***. The Washington Post also reported that some of these Israelis were arrested in connection with the 9-11 investigation. (14) US. Carl Cameron of FOX News Channel did a excellent four part, *nationally televised*, series of investigations into this blockbuster scandal. But FOX pulled the investigative series after Zionist groups complained to FOX executives. ***FOX even went so far as to remove the written transcripts of the series from its website!*** In its place was posted a chilling, Orwellian message which reads: ***"This story no longer exists."*** (15) Fortunately for the sake of history, the FOX transcripts were copied onto to many other websites and all four parts are available for your review. (see footnotes.)

The FOX series and other mainstream news media sources revealed that many of these Israelis were army veterans ***with electronics and explosives expertise***. Many of them failed lie detector tests. FBI agents told FOX that some of their past investigations were compromised because suspects had been tipped off by Israeli wiretapping specialists. It was discovered that Israeli companies such as Comverse and Amdocs have the capability to tap American telephones (*great for blackmailing all those wife-cheating politicians!*) FBI agents also told FOX they believed the Israelis had advance knowledge of the 9-11 attacks. (*which certainly would explain why no Israelis died in the WTC*) Still another US official informed FOX that some of the detained Israelis actually had links to 9-11, but he refused to describe the nature of those links. The FBI official told FOX's Carl Cameron:

"Evidence linking these Israelis to 9-11 is classified. I cannot tell you about the evidence that has been gathered. It is classified information." (16) (emphasis added)

Then there was that small army of Israeli "art students" who were arrested for trying to sneak into secured US Federal buildings and staking out 36 Department of Defense sites. Some of these suspicious "art students" even showed up at the homes of Federal employees. (17) Ron Hatchett, a Department of Defense analyst, told Channel 11, KHOU news in Houston that he believed that the "art students" were gathering intelligence for future attacks. Here's an excerpt from the October 1, 2001 KHOU investigative report by Anna Werner:

"Could federal buildings in Houston and other cities be under surveillance by foreign groups? That's what some experts are asking after federal law enforcement and security officials -

nationally and in Houston - described for the 11 News Defenders a curious pattern of behavior by a group of people claiming to be Israeli art students."

"Hatchett says they could be doing what he would be doing if he were a terrorist, sizing up the situation: "We need to know what are the entrances to this particular building. We need to know what are the surveillance cameras that are operating. We need to know how many guards are at this operation, when do they take breaks?" Says Hatchett: This is not a bunch of kids selling artwork."

"A former Defense Department analyst, Hatchett believes groups may be gathering intelligence for possible future attacks. "Some organization, thinking in terms of a potential retaliation against the U.S. government could be scouting out potential targets and ... looking for targets that would be vulnerable."

And a source tells the Defenders of another federal memo, stating that besides Houston and Dallas, the same thing has happened at sites in New York, Florida, and six other states, and even more worrisome, at 36 sensitive Department of Defense sites. "One defense site you can explain," says Hatchett, "well that was just a serendipitous, Thirty-six? That's a pattern." (18)

A Federal memo stated that these "art students" may have had ties to an "Islamic terror group". More likely, they *were* the "Islamic terror group"! Remember the bombing of the King David Hotel in 1946, and how the "Arab terrorists" were actually Irgun terrorists? Remember the Zionist terrorists caught in Mexico with Arab passports? Remember the official motto of the Mossad - *By Way of Deception Thou Shalt Do War*. Are you getting the picture? Can you say "false flag operations"?

In a follow up report a few days later, KHOU Channel 11 revealed that Dallas was also targeted:

"11 News reported how people claiming to be "Israeli art students" might be trying to sneak into federal buildings and defense sites, and even doing surveillance. And at least one expert said he thought it could all be preparation for an attack. Well, now federal sources say they are not ruling out that all of this could be connected with the hijackings on September 11, because of events in another Texas city.

*In Dallas, the so-called students hit early this year at the city's FBI building, the Drug Enforcement Administration and at the Earle Cabell Federal building, where **guards found one student wandering the halls with a floor plan of the building.***

So the Dallas INS went on the alert, finding and arresting 15 people in March. Thirteen claimed to be Israelis and two are professed Colombians. But according to sources, once again their passports were phony. And another federal source says some of those arrested also appeared to have lists of federal employees and their home addresses.

All 15 "students" have now been deported. Now, since our first story ran Sunday night, some viewers called who said that they've been visited by people who claim to be Israeli students selling art." (19)

Absolutely mind boggling! Why were Israeli **explosives experts**, posing as "art students" roaming the halls of US Federal buildings? Why were Israeli army vets, **armed with explosives and detonators**, roaming the halls of the Mexican Congress? Why were Israeli "movers" caught in **vans with explosives residue** ? Might some of these shady characters have once also "roamed the halls" of the World Trade Center prior to 9-11? Why aren't "60 minutes", "Nightline", "20/20", and the rest of the Zionist media aggressively pursuing the story behind the Israeli "art students" and "movers" with 1/1,000th the zeal that they pursued Martha Stewart over allegations of insider trading (*who cares?*), or 1/10,000th the zeal that they

pursued the Catholic Church over an occasional pedophile priest? (*funny how we never hear about the documented cases of pedophile rabbis!*) or 1/100,000th the zeal that they pursue the Muslim bogeyman on a daily basis? Something smells rotten here!

One would think that these intriguing mysteries would have great TV audience appeal, especially in light of the fact that the Oklahoma Federal building was blown up in 1995 by the since executed Timothy McVeigh (*dead men tell no tales*), and a "John Doe # 2" of "*Middle-Eastern appearance*", who was never tracked down or pursued despite numerous eye-witness accounts and despite an FBI All Points Bulletin which clearly described him as such.

Of America's major networks, only FOX News made a meager attempt to investigate these mysteries, but FOX was quickly silenced by Zionist pressure. This alone is evidence of criminal activity! Before his excellent work was silenced, FOX's Carl Cameron reported this amazing bit of information:

*"Investigators within the DEA, INS, and FBI have all told FOX News that to pursue or even suggest Israeli spying is considered **career suicide**."* (20) (emphasis added)

Did you catch that? If a Federal investigator dares to "even suggest" Israeli spying, he has committed "career suicide"! And if a journalist like FOX's Cameron dares to bring this scandal to light, he is told to shut his mouth. If they persist, they may even be called "*anti-Semitic*" - a label which has served as the kiss of death for many a career. ***This means that Zionist Mafia can do whatever it wants, whenever it wants, and however it wants*** - including orchestrating, financing, executing, and covering up the true story of events in the Middle East, the 9-11 massacre, and the ensuing "War on Terrorism" (*war on Israel's enemies*).

Now do you remember the Mossad's "warning" about the 200 "Al-Qaeda terrorists" said to have been preparing major attacks in the US? (21) At the time of this writing, we are one year into the largest investigation in American history, and not one of these 200 "terrorists" has yet to be uncovered. (22) But 200 Israeli spies were uncovered, among them many military members, electronics experts, wiretapping and phone tapping specialists, and explosives experts with the skill to *bring down tall buildings*. (23) ***Logic and common sense leads to the conclusion that the "200 Al Qaeda terrorists" were in reality, 200 Zionist terrorists sent to frame the Arabs for terrorist attacks and drag America into a war.***

On December 11, 2002, Senator Bob Graham (D-FL), ***a leading member of the Senate Intelligence Committee***, appeared as a guest on the PBS Newshour with Gwen Ifill. Graham surprised Ifill by expressing his belief that ***a foreign government or governments*** had to have funded and supported the hijackers. Here's part of the exchange:

IFILL: "Are you suggesting that you are convinced that there was a state sponsor behind 9/11?"

*GRAHAM: "I think there is very compelling evidence that at least some of the terrorists were assisted not just in financing – although that was part of it – **by a sovereign foreign government and that we have been derelict in our duty to track that down, make the further case, or find the evidence that would indicate that that is not true and we can look for other reasons why the terrorists were able to function so effectively in the United States.**"*

IFILL: "Do you think that will ever become public, which countries you're talking about?"

Now listen to Graham's bombshell.....:

GRAHAM: "It will become public at some point when it's turned over to the archives, but that's 20 or 30 years from now. And, we need to have this information now because it's relevant to the threat that the people of the United States are facing today." (24) (emphasis

added)

Senator Graham is suggesting that US intelligence *knows* which foreign government helped the terrorists, but the government isn't going to tell *us* for another 30 years! Given the current state of anti-Muslim war hysteria being promoted by the media and government, ***common sense dictates that if an Arab government was ever discovered to have sponsored 9-11, we'd be seeing the evidence night and day on the controlled media, and hearing about it non-stop from all the President's warmongers as well as the Israeli-occupied US Congress and Senate.*** This alone is evidence that no Arab government was involved in 9-11.

It can't be an Arab government. Why would any Arab government sponsor "Al-qaeda", an organization dedicated to overthrowing what it sees as corrupt, *US-backed* Arab governments? What Arab government would have incentive to attack America- its best oil purchasing customer? What Arab government would have the ability to shield itself from US media exposure? What Arab government would be so suicidal, so hell-bent on its own destruction, as to attack a mighty nuclear superpower like the United States? So who, if not an Arab government could be the chief sponsor of 9-11? Again, let's go back to FOX News quoting an FBI official. Pay close attention to the specific language used:

"Evidence linking these Israelis to 9-11 is classified. I cannot tell you about the evidence that has been gathered. It is classified information." (25) (emphasis added)

In order for evidence "*linking these Israelis to 9-11*" to become ***classified***, the evidence has to have existed in the first place! Furthermore, but it must have been very, very serious stuff indeed. Only the really ugly stuff merits the distinction of being "classified!"

It may be possible that the good Senator doesn't know himself which country or countries are involved. Graham may still be under the delusion that it's an Arab government. Or, perhaps he's a disgusted patriot just trying to throw a subtle shot at Israel in his own little way, without actually having to commit "career suicide" as so many other anti-Zionist politicians have in the past. History will reveal the truth one day, just as it did for Pearl Harbor. The trouble is, by that time, no one will care about 9-11 and this phony war "War on Terrorism" anymore. The American attention span does not reach "20-30 years". It's closer to 20-30 minutes, about the length of an average Dan Rather, Peter Jennings, or Tom Brokaw infomercial. If even that!

History always repeats itself. But who will teach this history to the American people when the Zionists control the information industry? The Zionist Mafia and their ass-kissing careerist henchmen in media, government, academia, and business have all of the bases covered.
