## Three New Co-Sponsors For Cheney Impeachment

McDermott to Cheney: 'Resign or face impeachment'

By Chris Good

June 29, 2007

Rep. Jim McDermott (D-Wash.) told Vice President Dick Cheney to "resign or face impeachment" Thursday night as three more House Democrats lent their support to a plan to impeach the vice president.

"The vice president holds himself above the law, and it is time for the Congress to enforce the law," McDermott said in a floor speech. "For the good of the nation, the vice president could leave office immediately."

McDermott was one of three House Democrats to come out in favor of impeachment Thursday, along with Reps. Keith Ellison (Minn.) and Hank Johnson (Ga.). Including the three lawmakers, seven members in June have shown new support for impeaching Cheney.

McDermott cited Cheney's refusal to cooperate with the Information Security Oversight Office (ISOO), which, pursuant to an order signed by President Clinton, oversees the handling of classified documents by executive agencies. McDermott denounced a 2004 claim that Cheney's office is not part of the executive branch.

"When a sitting vice president claims that he is not part of the executive branch of government to which he was elected, it is time to remove him from office," McDermott said.

Johnson also cited the refusal to submit to ISOO oversight in his decision to support impeachment.

McDermott, who was lambasted by conservatives for opposing the Iraq war, said he anticipates a barrage of attacks in response to his support for impeachment.

"The intent of this administration, and this vice president, has been to silence all dissent," McDermott said. "Fear is what kept this administration in office in 2004, and fear is the only public discourse this administration understands — and practices."

The articles of impeachment, introduced by Rep. Dennis Kucinich (D-Ohio) in April, have garnered support from 10 House cosponsors.

Unlike the other impeachment backers, McDermott voted against an

amendment proposed by House Democratic Caucus Chairman Rahm Emanuel (Ill.) to deny funding to the Office of the Vice President Thursday night. Emanuel proposed the amendment earlier this month as Cheney's document secrecy gained more attention.

The amendment failed 217-209, receiving votes from two Republicans: Reps. Ron Paul (Texas) and Walter Jones (N.C.).

How can you not love this guy listen to him he is truly a man who tells the truth "We The People" are taking our country back and restoring the original Constitutional Republic and returning Amerika back to America not the Homeland. "A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and he carries his banners openly. But the traitor moves among those within the gate freely, his sly whispers rustling through all the galleys, heard in the very hall of government itself. For the traitor appears not a traitor---he speaks in the accents familiar to his victims, and wears their face and their garment, and he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation---he works secretly and unknown in the night to undermine the pillars of a city---he infects the body politic so that it can no longer resist. A murderer is less to be feared.

--- Cicero: orator, statesman, political theorist, lawyer and philosopher of Ancient Rome.

"In the time of universal deceit, telling the truth is a revolutionary act" GEORGE ORWELL

"None are more enslaved than those who falsely believe they are free."
