**Subject: Forty black uniformed foreign "smart alec" troops/cops confronted at Virginia truck stop on I-81**

Somewhere about 30 miles south of Harrisonburg, VA, on I-81 is a truck stop. I believe it's the one near Raphine, VA. However, regardless, there is a particular truck stop on I-81 because I have been there several times and seen the small arms display featured by the truck stop owner. The weapons are locked under glass and among the many guns displayed is a .45 ACP Thompson WWII submachine gun.
