Another Smoking Gun? Now CNN Jumps the Gun: On 911 CNN Announced WTC 7 "Has Either Collapsed or is Collapsing" Over an Hour Before it Fell

Chris | [Information Liberation](#)

In an amazing redux, new video has been unearthed of a CNN report on the day of 911 in which a CNN anchor announces they have received word that WTC 7 is on fire and **"has either collapsed or is collapsing."** The problem with this is that **WTC 7 is clearly visible behind the anchor.**

This report was carried at "about 4:15 eastern daylight time" (according to the anchor), over an hour before the building actually collapsed at 5:20. Who told them the WTC 7 building **"has either collapsed or is collapsing."**? Keep in mind he did not say it was going to collapse, he said it either had or was in the process of doing so. The anchor says is "we are getting information now", who is giving him this information? If you pay close attention you can see after the anchor announces this he turns around and sees the building as clear as day still standing, he then proceeds to backtrack on the initial information which informed him clearly the building **"has either collapsed or is collapsing."**

This report is doubled in significance seeing as it comes on the heels of a report that [BBC](#) announced that WTC 7 had collapsed over 20 minutes before it actually fell. Both of the anchors were told the building had collapsed, *the question is who told them?*

Surely, some will say they knew the building was going to collapse because it was on fire. This claim holds no water due to the fact no steel building has ever collapsed due to fire. For example in 2005 the Madrid Sky Scrapper was a towering inferno for hours on end and it did not come close to collapsing.

FULL CONTEXT

In order to understand the full significance of this video it needs to be put in context.

Firstly, a poll was conducted in 2006 which showed 42% of Americans were unaware a third building, WTC 7, collapsed on 9/11(PDF). Considering how many thousands of times the twin towers were shown collapsing on television, that in itself is extremely significant. There is, of course, a reason 42% of Americans do not know the story of WTC 7. If you watch the video below you will find out.

Secondly, there is smoking gun video of the owner of WTC 7, Larry Silverstein, admitting on a PBS documentary he ordered the building "Pulled" which is an industry term for demolished.

Larry Silverstein made billions off the collapse of the building as reported [here](#).

Larry “Lucky Larry” Silverstein

You've got to be lucky to make \$4 Billion killing on a 6-month investment of \$124 Million.

Larry Silverstein is the New York property tycoon who purchased the entire WTC complex just 6 months prior to the 9/11 attacks. That was the first time in its 33-year history the complex had EVER changed ownership.

Mr. Silverstein's first order of business as the new owner was to change the company responsible for the security of the complex. The new security company he hired was Securacom (now Stratasec). George W. Bush's brother, Marvin Bush, was on its board of directors, and Marvin's cousin, Wirt Walker III, was its CEO. According to public records, not only did Securacom provide electronic security for the World Trade Center, it also covered Dulles International Airport and United Airlines — two key players in the 9/11 attacks.

...Continued [here](#).

Additionally, Mayor Rudy Giuliani, who was in WTC 7 before it collapsed, admitted on ABC news he [was warned the buildings were going to collapse](#).

I .. I went down to the scene and we set up a headquarters at 75 Barkley Street, which was right there with the Police Commissioner, the Fire Commissioner, the Head of Emergency Management, and we were operating out of there when we were told that the World Trade Center was gonna' to collapse. And it did collapse before we could actually get out of the building, so we were trapped in the building for 10, 15 minutes, and finally found an exit, got out, walked north, and took a lot of people with us.

This is just a small sampling of the evidence for those who want to know the truth of what happened that day. For those who wish to avoid the truth I leave you with this quote to ponder...

"People avoid the truth because the first bit of truth uttered and lived would draw more truth into action and so on indefinitely, and this would rip most people right off the customary tracks of their lives. But people, basically, know what is true and what is not, even if they so often render help to the lie. They support the lie because the lie has become a crutch without which life would not be possible. Therefore, in common human intercourse, the truth, and not the lie, is suspected as being phony." - Wilhelm Reich, *"The Murder of Christ"*

172.144.XXX.XXX	<p>There's only one important question concerning the attacks, did the US gov't allow/participate in 9/11?</p> <p>The answer to that query would explain the illegal wire-taps, suspension of habeas corpus, banning of books like "America Deceived" from Amazon/Wikipedia, detaining of dissenters in fences miles away from events, and multiple wars based on lies.</p> <p>How can the gov't be innocent in 9/11 when we have caught it lying so many times (WACO, Ruby Ridge, no WMDs, USS Liberty, Operation Northwoods, Gulf of Tonkin, Pearl Harbor, ETC.)?</p> <p>In law, if you determine a person lies ONCE during his testimony, it can be assumed that he lied in the remainder of his testimony. 62.166.XXX.XXX	<p>As it happened I knew that it very suspicious. Especially that the the so-called hijacked were not noticed by Norad. Later Prof. Stevens convinced me that it was an inside job. The debris came from inside the buildings: this is not possible because a plane takes the debris with it to inside of the building!</p> <p>Planes don't pulverize concrete; the fine dust falling on cars, etc, is caused by huge explosions. Even the designer said that these planes couldn't bring these buildings. Newton's Laws and $F=MxA$ moved the buildings. You need these Laws in physics to move anything, even to drink your cup of coffee. The debris= evidence of the crime committed, was removed quickly and shipped to China they say. I don't believe the 'official' story of the Federal Commission. Too many questions are unanswered. Regards, Joop.</p>

When one takes the time to research the "liberal elite," whom the conservatives oppose, and the "conservative elite," whom the liberals oppose, one finds both "elite" are one and the same. "Liberal" or "Conservative" is not a substantive choice, it is only the carefully crafted illusion of a choice, for both parties come together when they are instructed to.

Joseph Kennedy, father of JFK, in the July 26th, 1936 issue of The New York Times.

If you care to know who runs the world you live in, view [these films](#). If you care not then I leave you with this quote to ponder:

"There will be, in the next generation or so, a pharmacological method of making people love their servitude, and producing dictatorship without tears, so to speak, producing a kind of painless concentration camp for entire societies, so that people will in fact have their liberties taken away from them, but will rather enjoy it, because they will be distracted from any desire to rebel by propoganda or brainwashing, or brainwashing enhanced by pharmacological methods. And this seems to be the final revolution."
