Muslim group links Al Qaida reports with visit of Israeli team

The Milli Gazette

Muslim Intellectual Forum (MIF), a Mumbai based platform of intellectuals, thinkers and human rights activists has linked the recent release of Al-Qaida related CDs here with the visit of Israeli military and intelligence delegation to India. In a statement Feroze H. Mithiborwala, Convenor of MIF, said, "The latest addition of the Al- Qaida Hind tapes appeared on the same day that an Israeli military and intelligence delegation was to visit India and advice the government on counter-terror measures in Jammu and Kashmir."

He added that it has been the observation MIF that the Al-Qaida tapes come at the most opportune times for US president George Bush and Israel.

"In our estimation, Al-Qaida is nothing but a front organization of the CIA and MOSSAD. The US-Zionist empire has stated that their war against terror will be fought endlessly and across borders and for that they have created a phantom organization, the Al-Qaida. Interestingly, the growth of US-Israeli Imperialism is directly proportional to the growth of terrorism and inversely proportional to the growing resistance," Feroze said.

According to him, the then Palestine president Yasir Arafat publicly stated that MOSSAD was trying to create Al-Qaida cells to demonise the resistance struggle. Even president Assad of Syria had stated that the Al-Qaida does not exist. The Al-Qaida cells uncovered in Europe, were basically cells manned by Israeli MOSSAD operatives. Today more than 50 percent of the American people are convinced that the terror attack on the WTC was a CIA-MOSSAD operation, he observed.

The Convenor of MIF viewed that in India basically terror attacks have replaced communal riots as a strategy of the state to divide, confuse and terrorise the people. No terrorist attack requires a commission of enquiry, only pin the blame on some Muslim sounding organization.

The 7/11 Mumbai terror attack occurred on the same day that Israel launched its war on Lebanon. The terror attack on the Sankatmoc-han Mandir on March 7, 2006, occurred a few days after the greatest Indian upsurge after the Quit

India movement, against the visit of Bush. Even the terror attack on the Indian Parliament has never been investigated.

Also the fact lies that even the media is not investigating the terror attacks and the media tends to go with the police uncritically.

Feroze stated that both Bajrang Dal and SIMI are anti-national organizations and are involved in fomenting terror. Also the possibility of rogue elements from within the state, staging these terror attacks in co-ordination with the CIA-ISI-SIMI on the one hand and the CIA-MOSSAD-Bajrang Dal on the other cannot be ruled out.

"We are of the opinion that the people of India must understand the danger that the CIA and MOSSAD poses to our country. Today America is a rampaging imperialist power that seeks to stamp its hegemony across the world. Israel, which is a Zionist and apartheid state, is a colonial occupying power that is brutalising the Palestinian people," he said.

The convenor of MIF alleged that the Indian government is aligning itself with the axis of evil that are clearly losing the wars in Iraq, Afghanistan, Palestine and Lebanon. [17 June 2007]
