Britain's prime minister becomes patron of Zionist agency

By Redress Information & Analysis

28 July 2007

British Prime Minister Gordon Brown has agreed to become patron of the UK arm of the Jewish National Fund, whose funds have contributed to Israeli ethnic cleansing, the destruction of Palestinian villages and the expropriation of Palestinian land, and whose constitution requires it to promote and implement policies that discriminate against Israel's Arab population.

Gordon Brown has crossed a new threshold on the path to becoming a fully-fledged Zionist.

According to a [report](#) in the Jewish Chronicle, Gordon Brown has agreed to become a patron of the British arm of the Jewish National Fund (JNF UK) following an invitation from JNF UK President Gail Seal, who wrote conveying her good wishes the day after he took office?.

In a letter to Gail Seal, Gordon Brown said that he was ?delighted to accept your offer to become a patron of JNF UK?. A spokesman for Brown confirmed that the British prime minister had ?agreed to become a patron of JNF UK?, and that he had done so ?in order to encourage their work to promote charitable projects for everyone who lives in Israel?.

In fact, far from being ?a charity? that benefits ?everyone who lives in Israel?, the JNF is a [principal tool](#) of Israel's discriminatory system of land administration. Founded in 1901 to help establish a Jews-only state in the Arab country of Palestine, the JNF?s constitution requires it to benefit Jews exclusively. It therefore promotes and implements policies that discriminate against the Arab population of Israel.

The JNF is also guilty of ethnic cleansing, the destruction of Palestinian villages and the expropriation of Palestinian land. According to [PalestineRemembered.com](#), in its operation in Israel, the JNF has

expropriated illegally most of the land of 372 Palestinian villages which had been ethnically cleansed by Zionist forces in 1948. The owners of this land are over half the UN-registered Palestinian refugees. The JNF had actively participated in the physical destruction of many villages, in evacuating these villages of their inhabitants and in military operations to conquer these villages. Today, the JNF controls over 2500 sq. km of Palestinian land which it leases to Jews only. It also planted 100 parks on Palestinian land.

In addition, the JNF has a long record of discrimination against Palestinian citizens of Israel as reported by the UN. The JNF also extends its operations by proxy or directly to the occupied Palestinian territories in the West Bank and Gaza. All this is in clear violation of international law and particularly the Fourth Geneva Convention, which forbids the confiscation of property and settling the occupiers' citizens in occupied territories.

Ethnic cleansing, expropriation of property and destruction of houses are war crimes. As well, use of tax-exempt donations in these activities violates the domestic law in many countries where JNF is domiciled.

Since becoming prime minister at the end of June 2007, Gordon Brown has [appointed](#) several Israel apologists to key positions in the British government. He has also been at pain to stress his Christian [Zionist credentials](#).

As patron of JNF UK, Gordon Brown will join a club that includes prominent British politicians and religious figures who, on the one hand, speak of the need for peace and justice in the Middle East while, on the other, promote and defend the racist Jews-only state of Israel. They include Tony Blair, Conservative leader David Cameron and Chief Rabbi Jonathan Sacks, who is said to be a close friend of Brown.
