Is This 20-Year CIA Vet Crazy For Saying 9/11 Is a Probable Inside Job?

Debunkers not so quick to attack hugely respected intelligence & foreign policy expert Robert Baer

Debunkers can scoff and chuckle all day long when a celebrity uses their public prominence to talk about 9/11 truth, but when a 20-year decorated CIA veteran says that the evidence points to 9/11 being an inside job, dismissive hand waving and off-the-cuff ad hominem attacks on credibility aren't so easy to justify.

Bill Maher recently suggested that people who dare to question this habitually lying government's official version of what happened on September 11 are crazy and should ask their doctor if Paxil is right for them.

Perhaps Maher would be less reticent to question the sanity of a man labeled "perhaps the best on-the-ground field officer in the Middle East" by Seymour Hersh and whose astounding career formed the script for the Academy Award winning motion picture Syriana.

Robert Baer is no "radical left loony" as Bill O'Reilly would allege and neither does he lean to the right. He is a widely respected expert on intelligence matters and middle eastern foreign policy, an Emmy award nominated documentarian and a strong advocate of the CIA's need to increase Human Intelligence (HUMINT) on the ground.

Baer served as a clandestine officer in Madras and New Delhi, India; in Beirut, Lebanon; in Dushanbe, Tajikistan; and in Salah al-Din in Kurdish northern Iraq. While in Iraq, Baer tried to persuade the Clinton administration to back a coup to overthrow Saddam Hussein.

So when Baer told a radio host that "the evidence points at" 9/11 having had aspects of being an inside job, the noisy negativists and the trolls were notable by their absence.

So where are the debunkers on this one? What does Bill Maher have to say about it? One of the foremost intelligence and foreign policy experts in America and a 20-year CIA veteran to boot says that 9/11 looks like an inside job.

Let's hear Bill O'Reilly try and trash this hugely regarded individual as another tin-foil hat wearing conspiracy theorist.

Let's hear Glenn Beck attempt to slander Baer as the next Timothy McVeigh terrorist bomber.

Let's hear Sean Hannity ridicule this honorable professional and CIA Career Intelligence Medal decorated stalwart as a caricature of liberal political hate speech.

They couldn't, and that's precisely why the debunkers, the COINTELPRO counter-operatives, the Neo-Con talking heads and the trolls are loathe to address Baer's expert judgment on 9/11 being a likely inside job.
