CNN blows it. Truth told about Gaza.

Sunday, June 24, 2007

Nir Rosen (Angry journalist) on CNN (thanks Nir):

"NIR ROSEN, JOURNALIST: Well, it already did. We created a civil war. This is actually outrageous. Outgoing U.N. envoy to the Middle East peace process, Alvaro De Soto, himself accused the U.S. of fomenting a civil war by training, funding and arming Fatah thugs and inserting them into Gaza to destabilize the Hamas government. We never gave them a chance. They were democratically elected in an election that was widely recognized as free and fair, even by former President Jimmy Carter. And then the U.S., along with Israel, Jordan and Egypt trained these gangs and actually put them in Gaza to overthrow the Hamas government. And, of course, it's actually backfired and Fatah was overthrown. But all you're going to do is isolate and further radicalize Hamas. And so when you say that the U.S. is seeking to ease tensions in the Middle East, I disagree with you. These are tensions that the U.S. actually created in the Middle East.

ROBERTS: Nir, I mean what are you talking about, we have Fatah thugs being sent into the country to wage war with Hamas.

ROSEN: Well, they were trained by the U.S. General Dayton (ph), our envoy to the peace process, was responsible for a program, along with Elliot Abrams (ph), the deputy national security adviser for the Middle East, and they actually trained Fatah in the West Banks. The Jordanian special forces created the Fatah Badr brigade. The Egyptians, as well, trained Fatah in Egypt. The United Arab Emirates actually sent money and arms. And then they were allowed to enter Gaza and then began to attack Hamas. I mean this was an existential threat to a democratically elected government. What we've done is overthrow a government that was elected. The U.S. . . ."

NO! We, the West, the U.S. did NOT create a Civil War. The Palestinians/Arabs/islamics, are responsible for their own troubles.

There islamic religion has always been divided and slaughtering each other - even at the time of mohamad - 1400+ years ago. Either sunni or shia or wahabis or ahmadis. The basic problem is the koran, which encourages hatred and violence and slaughter.

See:

Don't be so quick to me misogynists - and take blame on yourselves, or to disown your own culture.

Don't push us to set aside our superior culture - we've got a ways to go yet - but so far we've worked hard to evolve to where we are right now.

We do NOT want to DEVOLVE back to savage, 7th century tribesmen.

BAAAAAAAAAAAAAAAAAAHHHHHHHHHH (as the sheep say)

You're an unthinking fool. Open your eyes and look at the facts. The US wanted a democracy, just not that democracy.

Let's cut to the chase.

"islam watch" is a neocon front group/hasbara propaganda website.

"NO, it kant be, da gubment always tell me da truth, da evuldoerz r gonna git me!!!"

When I hear American pansy asses talking like this, I just remind them that 1/2 of every tax dollar goes to promoting war and that's why they call us dumb Americans. I guess when American public schools are just babysitting houses training idiots to be cannon fodder, you can't expect much more from them.

Now can we attack Iran?

Thanks for pointing out what "islam watch" is.

BTW, I have seen the kool-aid drinker's writing style previously. His location is Hebron, Israel. I used to get a laugh out of Jewish Israelis going on about being part of the West. Need more kool-aid I guess. Anybody got any soma?
