Was Aleister Crowley Barbara Bush's Father?

[Pauline Pierce](#) was friends with Aleister Crowley, maybe more than friends. Pauline had a reputation of being a bit on the wild-side in the 20's. It's been reported that she and Aleister were in France together around September/October of 1924. Upon return to America and her boyfriend here, Pauline gave birth to Barbara Pierce. Fearing retaliation from James I, the Pierces changed their name from Percy to hide from their involvement in the "[Gun Powder Plot](#)" of 1605, starring Thomas Percy, Robert Catesby, and, of course, Guy Fawkes, the fall guy. We actually get the word, guy, from Guy Fawkes. He was also known as Guido, but I digress. The "Gun Powder Plot" was designed to make James I of Biblical fame, harsher on the Catholics, for he was the target of all that gun powder. With a few plot twists, Lord Robert Cecil, the Earl of Salisbury and Venetian Intelligence, councilor to James, informed him of the plot. Cecil was behind the plot. Guy Fawkes took the fall. He was the Timothy Mc Veigh of his time.

For those of you that believe it would make an impact to dress as this patsy, it would do better to use your own imagination rather than that provided by the magician's wand.

Even now, few understand that plot: Guy was no fox but a dupe ensnared by the chief minister himself in a madcap scheme to blow up King and Parliament. The real plot was royally successful: to invent a pretext for war with Spain. This fraud was the foundation of the British Empire.

Fawkes was discovered and arrested during a raid on the cellar in the early morning of 5 November. Catesby and Percy were cut down in the process and killed on the spot. Guy was immediately taken to the Tower of London and tortured over the next few days, after special permission to do so had been granted by the King. On 31 January, Fawkes, and a number of others implicated in the conspiracy, were tried in Westminster Hall, and after being found guilty, were taken to Old Palace Yard in Westminster and St. Paul's Yard, where they were hanged, drawn, and quartered. Fawkes cheated this fate in a way: though weakened by torture, he jumped from the gallows and snapped his neck rather than being hanged until almost dead.

Quite simply, all the fireworks are to celebrate the torture and execution of Mr. Fawkes, who, along with several other Catholics, conspired to blow up Parliamentor did they? It seems that the "gun powder" was corn powder and would not have exploded. The "Hidden Hand" was behind the works and the Wizard of Oz is Lord Robert Cecil, the Earl of Salisbury and Venetian Intelligence.

Venice needed England to war with Spain to keep the money rolling in. They were the CIA of their day. So why did I start this with Pauline Pierce, you ask? Pauline Pierce, after sexcapades with Aleister Crowley, gave birth to Barbara Pierce who became Barbara Bush, who gave birth to none other than, George VV Bush, Aleister's grand-son. Barbara Pierce is a descendant of President Franklin Pierce, Sr (not a Freemason), who is a descendant of Thomas Percy who tried to blow up the Parliament and King James I. Franklin Pierce lost favor over wanting to keep slavery alive and was replaced by James Buchanan (Freemason) who is a descendant of James I and both James are accused of being homosexual.

You couldn't make this stuff up!

And what revelation does this tale of V portend? These vilest of villians will get you to do their dirty work and kill you in the end for the vacuous endeavor of making slaves of men.

Or Is She?
