*Dear Liberty Dollar Supporters:*

*I sincerely regret to inform you that about 8:00 this morning a dozen FBI and Secret Service agents raided the Liberty Dollar office in Evansville.*

*For approximately six hours they took all the gold, all the silver, all the platinum and almost two tons of Ron Paul Dollars that where just delivered last Friday. They also took all the files, all the computers and froze our bank accounts.*

*We have no money. We have no products. We have no records to even know what was ordered or what you are owed. We have nothing but the will to push forward and overcome this massive assault on our liberty and our right to have real money as defined by the US Constitution. We should not to be defrauded by the fake government money.*

*But to make matters worse, all the gold and silver that backs up the paper certificates and digital currency held in the vault at Sunshine Mint has also been confiscated. Even the dies for mint the Gold and Silver Libertys have been taken.*

*This in spite of the fact that Edmond C. Moy, the Director of the Mint, acknowledged in a letter to a US Senator that the paper certificates did not violate Section 486 and were not illegal. But the FBI and Services took all the paper currency too.*

*Dollar was designed so that the vast majority of the money was in specie form and in the people's hands. Of the \$20 million Liberty Dollars, only about a million is in paper or digital form.*

*I regret that if you are due an order. It may be some time until it will be filled... if ever... it now all depends on our actions.*

*Everyone who has an unfulfilled order or has digital or paper currency should band together for a class action suit and demand redemption. We cannot allow the government to steal our money! Please don't let this happen!!! Many of you read the articles quoting the government and Federal Reserve officials that the Liberty Dollar was legal. You did nothing wrong. You are legally entitled to your property.*

*Let us use this terrible act to band together and further our goal – to return America to a value based currency.*

*Please forward this important Alert... so everyone who possess or use the Liberty Dollar is aware of the situation.*

*Please click [HERE](#) to sign up for the class action lawsuit and get your property back!*

The criminals will not get away with their actions. They may persecute us, but it is not going unrecorded. They are bringing on their own heads an unquenchable fire--not by our hands, but by their own.

We support you in your difficult time, as well as those others who have been defrauded in this matter. Let's band together and show them the power of the people.
