Gates arrives in israel for marching orders

"The first thing that the secretary will want to do will be reassure Israel vis-a-vis the Iranian issue and the nuclear issue," said a senior US Defence Department official travelling with Gates, speaking on condition of anonymity.

Gates will also ask about Israel's regional intentions, "particularly vis-a-vis Lebanon, the Gaza Strip and Syria," the official said.

Israel waged a month-long war against Lebanon's Shiite movement Hezbollah in 2006 and accuses the militia of trying to re-arm *ahead of another potential conflict, mainly across Lebanon's porous border with Syria.*

How dare Gates ask about Israel's intentions vis-a-vis Lebanon, the Gaza Strip and Syria?

That is none of US's business. The US administration has already committed itself unconditionally to come to Israel's rescue, no matter who is to blame for the situation!

Can Israel live with such a nosy US defense secretary? I guess that they will have him changed.

What is it Gates is going to reassure Israel when it comes to Iran and the nuclear issue? The US aggressiveness towards Iran is well known from the media after all! Is he going to reassure Israel that the US will keep its promise and nuke Iran even in spite of the unfortunate delays?

The article says, in summary, the specific group visited the Pentagon and gave directions behind the doors.

And you have to wonder why [Israel 'offered its service'](#) to train the Americans in the art of assassination and sabotage.

Something's fishy about what's going on in Iraq and Iran with massive vehicle bombings.

Israeli military officers and their subordinates -- in effect Zionist thugs -- have the invisible power over the Pentagon.

State of Israel have proven itself to be a *deadly* adversary to American sovereignty and values, exactly like George Washington forewarned in Farewell Address in 1796.
