## Holocaust education aim of federal bill

Shoah education aim of federal bill

By Kristin Erekson - Friday July 27 2007

Funding for legislation could provide curriculum guidelines and training for educators

With more than 62 years having passed since the Shoah, local and state lawmakers are working to give Holocaust education a boost.

Currently being reviewed by committees in the U.S. House of Representatives and Senate, the Simon Wiesenthal Holocaust Education Assistance Act - if passed - would provide select organizations nationwide with competitive grants to be used to develop Holocaust curriculum guides as well as training for teachers.

The act would distribute \$10 million - \$2 million yearly for five years - in federal funding to establish these programs, according to Newtonville resident Rosian Zerner, a Holocaust survivor from Lithuania who is supporting the bill. The U.S. Secretary of Education determines the recipients of the funds and the amounts of the awards.

“Massachusetts should be at the forefront of this legislation,” said Zerner, who has been fervently sending out letters and meeting with legislators to garner more support for the act. “Holocaust education is important because it not only stands as a symbol of what should not be repeated in history but it is also necessary at a point where there are so many Holocaust deniers.”

Upon receiving a letter from Zerner, Congressman Barney Frank (D-Mass.) decided earlier this month to become a co-sponsor of the bill. Frank said he is “doing this for the world.”

“The more you learn about things, the better it is to make sure you avoid anything like it,” Frank added

U.S. Senator Robert Menendez, who is the author of the bill in the Senate, told the Advocate in an e-mail that the Holocaust Education Assistant Act is needed now more than ever because there are some who still deny “the Holocaust’s very existence.”

Menendez, along with other lawmakers, found it fitting to name the bill after the late Simon Wiesenthal, a survivor of the Nazi death camps who

dedicated his life to documenting the crimes of the Holocaust and to hunting down the perpetrators still at large. The act has no connection with the Simon Wiesenthal Center, Menendez said.

"I believe this legislation will be an important step to ensuring that students continue to learn about the Holocaust in an accurate and comprehensive manner," Menendez added.

According to the text of the act, several states, such as California, Florida and Illinois, now mandate Holocaust education in curricula. However, Heidi P. Guarino, spokeswoman for the state Department of Education, said Massachusetts does not exactly "mandate" the teaching of the Shoah.

Instead, Guarino added, the Massachusetts History and Social Science Curriculum Framework dedicates one world history learning standard to the Holocaust, as well as another addressing the creation of the state of Israel in 1948.

If the bill is passed, Guarino said that it will "spur a very intense effort on the development of teaching units and other materials on this subject."

Alan Ronkin, deputy director of the Jewish Community Relations Council of Greater Boston, told the Advocate that teaching about the Holocaust is "critical to shape the next generation."

Added Ronkin: "Holocaust education not only teaches about the past, but it also uses the lessons of the past to help shape students' decisions to become future leaders [who fight] against racism, bigotry and anti-Semitism."

This idea has as its goal to "sensitize" young people on the need for a State of Israel, which is entitled to a blank check to make the Palestinians suffer for whatever did or did not happen to Jews in Poland. It's Holocaust indoctrination for the sake of preserving the vile anti-Jewish State of "Israel" at the expense of Palestinians. Plain and simple.

Will this include the Armenian genocide and the OTHER victims of Germany's concentration camps, or is it strictly Jewish victims we're concerned with? Perhaps it ought to wait for a thorough study of the recently released Nazi archives.

It's certainly odd that Jews are reluctant to have the Nazi records made public and easily accessible. Any other victims of a genocidal campaign would be eager to get the facts out in the open and widely disseminated.

There was not hoLOCaUST. It has been proven to be a lie.

Furthermore, I find it 'funny' that so much taxpayer money and time has been spent on this LIE, when the Edomite Jews were responsible for the devastating murder of 70 million plus Russian Christians.

I only wish there were a holocaust for the Edomite Jews. Hopefully soon there will be. They deserve it in spades.

They have murdered so many people throughout history and yet whine like victims.

I say we make them TRUE victims of their own lies, murder, theft and deceit.

Yes, a very selective reading of history, I agree. What is troubling is the total Zionist prism with which AmeriKa is fed its daily diet of BS thru the MSM. Furthermore, the records are in a state of shambles. A NYTimes piece today grazes over the truth, but notes that the files are tremendously disorganized and there are many duplicate names. After 60+ YEARS? Why hide so long? Figure they would want the story out. Plus, the museums are acting as GATEKEEPERS to HISTORIANS! Why? The reason is clear. Red Cross records already scanned indicate the death toll was FAR BELOW the cultural myth of 6 million dead. Think that in 65+ years, maybe schoolchildren will be taught of the Muslim Holocaust that is occurring before our eyes -- all perpetrated by the criminal state of USrael? P.S. And what Foxman said about the Armenians? Shameful! Got no problem with me having no care for your troubles then, Abe?

The reason the Jews that call the shots (i.e. the Ashke**NAZI** Jews) don't want the Nazi archives opened is because they fear that it might reveal the truth behind the Hollow Cost.

The truth is, the Ashke**NAZI** were behind the persecution of European Jews who would not support Zionism. So they used the Germans to round up real Jews (among other groups).

The Ashke**NAZI** were behind the Hollow Cost and now they hide like wolves in sheep's clothing among the real Jews in Israel.

Education about the Jewish-led Bolshevik revolution

and the later rule of (Jew) Joseph Stalin should be made mandatory. The Christian death toll was about 60 million.

The golden rule of solving any crime is :who funded it,and who benefitted. The globalist bankers funded Hitler. Hitler fought for a unified Europe under one currency,and moving Jews to Israel.

As you see,everything Hitler fought for we have today. He was a puppet of the globalist bankers.

I am not a Jew, not a Zionist, not an Israeli, not responsible for their hurt feelings, and am certainly not a fan of giving them aid, comfort, or support in America. Every politician is beholdng to the thieves who have stolen our Government, our economy, and our soveriegn identity, but I am not and will never support such legislation in America.

It is time for Americans to demand that Jews and Israeli's assume on citizenship and if that be an American citizenship make them equal to all other Americans, nothing more.

All politicians should be registered as agents for a foriegn government if they accept funds from any organization seeking to promote special treatment for any foriegn government. Aipac should have to reveal the total extent of their involvement with the Israeli government and all of their contacts with American politicians, government employees, or any persons with the intent of gaining influence for another government.

Simply put if you are an American act like one, and if you are a foriegnner please act like the guest you are and stay out of our business.

With the position in society Jews traditionally have in every country, it would be total shame if they allowed to kill 600 of theirs. Turning 100% hoax without a shred of solid evidence into money-making machine that for decades makes half of the stupid Gentile world to pay them billions, on the other hand, is absolutely in tune with the teachings of Talmud.

Here's somewhat parallel achievement from not so distant past. By using the usual pressure of Israel lobby in USA, they convinced Americans that all Jews in the former Soviet Union were under death threat. Americans for several decades (since 1970's) were giving refugee status to every Jew who applied there. Refugee status, by US law, is given to applicants who have proven that they or their immediate relatives are under threat of imminent death. It was assumed that being Jew in USSR by itself is such a proof.

After passing the interview, all applicants were waiting in USSR for about 2 years for the paperwork, before they could move to USA. This was going on throughout several decades, and brought to the US many hundred thousand Jewish refugees. Therefore, for several decades, hundreds of thousands of people lived for 2 years each under death threat. If so, then, statistically, in some cases the threat had to materialize, right? now guess, how many anti-semitic killings were reported in USSR for these years? you guessed it: zero. You won't find a single reported one, even in Jewish sources (in fact, Jews in USSR were enjoying much higher level of life than average population - higher education, employment in science and arts, financial prosperity, etc.) So it's the same story: basing solely on their own claims, many hundred thousand Jews have obtained very sizable benefits in USA - free healthcare, pensions, subsidized living, etc. ,etc. - something Americans themselves work for all their lives. I think the parallels are pretty clear - it's their usual, normal, polished method.

Perhaps there will be a bill to sponsor education involving the Jewish Bolshevik holocaust of tens of millions of Christians in Russia. Perhaps the curriculum will discuss what is contained in the uncensored

Babylonian Talmud and its relation to Zionism and the totalitarian, anti-Christian state created in the Soviet Union.

Anyone reading these comments who does not yet know that there was NO "Holocaust" (as in German extermination program) for Jews, Gypsies, Homosexuals or anyone else, should study up on the facts in revisionist literature sources online immediately.

Knowing part of the facts and getting the rest wrong is not an option. If you hesitate to face scary truths out of political correctness you are helping the murderers.

The Iraqis are being attacked, just as the Germans were attacked in WWII, by the same powers, and for similar reasons. There was no internet then, so the Germans have suffered for many decades with almost no one aware of their story. Now the truth can come out, and it will help us in bringing the criminals to justice for their crimes of today.

Don't be scared by the word: "neo-Nazi." Like "anti-Semite" its purpose is to keep you from looking at what you absolutely must look at in order to stop the continuing criminality.

Understanding the lies about WWII, many of which parallel those of the (relatively small-scale) Iraq war, is of prime importance in indicting the serial mass-murderers.

Please do your part--don't hang back. Just find out for yourselves.

If your belief, after looking into the revisionist literature is that you were told the truth in school about German guilt etc.--OK. But very few people can retain that belief after they realize that:

3rd Reich Germany, far from being a police state and a threat to the rest of the world, was an example of a state free from the deprivations of the banksters, with its own work-based economy and a growing barter-trade with other nations that bypassed the bankers' extortion racket and used the money saved to give the German worker the best standard of living in the world. The banksters would have been deprived of their sinecure if other countries, wanting what Germany had, began to follow her example.

In other words, Germany did not pay her protection money to the international banksters, and had to be made an example of.

Does this ring a bell?

Well said!

And it cannot be said often enough. THERE WAS NOT A HOLOCAUST AGAINST THE JEWS!

There most certainly was one against the Germans however. Here's a secret: The Germans are Jutes. Does that name sound familiar. They are the true Jutes...(now figure that out)

And as far as the Banksters go, the thirteen dominant International banksters are ALL Edomite Jews.

And as far as Bush goes; most people do not know this, but he proudly proclaimed that he and his EVIL family are from the lineage of Charlemagne. The house of Charlemagne is from the lineage of Ham. HAM MARRIED AN EDMITE and Edomites claim their lineage through the mother. (I could tell you the reason why this is, but few would actually believe me.) Nevertheless, it is not important whether you nor I believe it. It is the fact that THEY believe it and is therefore the impetus for their Satanic works and acts.

The Bush creeps are Edomites as well. So now it should be no surprise to anyone why the Bush family are murdering, thieving bitches and bastards.

It's in their genes. It really, really is.

"As you see, everything Hitler fought for we have today. He was a puppet of the globalist bankers."

No and no. No we don't have it, and no he wasn't.

What the so-called "GOOD GUYS"-- i.e. the Allies-- fought for, we have today. Look around you.

Hitler lost the war, remember? This is the Brave New World the Allies fought for and won.

I know it is tempting to believe that line about Hitler being a "Zionist puppet." but in fact, it's disinfo. Sadly, the Allies were the Zionist puppets. The Allied leaders, at the behest of the globalist bankers, declared war on Germany and forced her to fight for her survival. Hitler made peace offer after peace offer, all of which were declined out of hand.

Read the story of Rudolf Hess's treatment at the hands of Churchill to get an idea of how much the Zionist-puppet Allied leaders did NOT want peace.

Hitler was fought because he was the biggest threat Jewish Supremacism ever faced before or since. Why else would he be vilified in the media--still--more than anyone else in history bar none?

If the Jews can't keep up the pretense that they were the "good guys," their fallback position is that there were (and are) no good guys, so they're no worse than anyone else.

No--like it or not, in WWII the Germans were the "Good Guys." If Hitler had won, we too could have been freed from the ravages of the bankers, as Hitler's Germany was: in our case, freed of the Federal Reserve that keeps American workers enslaved, unable to enjoy--as our forefathers promised in the Constitution--the fruits of their labors.

We could have enjoyed the same benefits the workers of Germany enjoyed under Hitler--and what's more we wouldn't live in a "police state" such as we live in now. Police in Hitler's Germany weren't even allowed to carry truncheons (much less tasers): Hitler considered police carrying truncheons an insult to the law-abiding German people.

And the proportion of the populace imprisoned in 3rd

Reich Germany was infinitesimal compared to the proportion of the populace imprisoned in present-day USA.

Look deeper. Try reading some books that don't have the obligatory Nazi-bashing (such as Anthony Sutton's books, for instance, DO have) and see if what they have to say makes sense.

Read books and articles on the website The Scriptorium, for example, whose raison d'etre is to exculpate Germany from the slanders it suffers under. See what you think of the other side of the story. Read some articles at ihr.org (Institute for Historical Revisionism) and try following some links from there to other revisionist sites.

Read some books by revisionist author James Martin-- it was in a book of his on world economics in the New Deal period that I read the following thought-provoking fact:

The three nations in the 1930s which were out of step with the World Economic Order as decreed by the Powers That Be were Germany, Italy, and Japan.

Coincidence? Look deeper, and see what you think. Whether Germany was indeed targeted because it tried to opt out of the bankers' protection racket--as so many of us would like to today--is of the greatest relevance to our struggle today.

Not only did the West conspire with the Edomites to overthrow the Germans, they helped advance the Red Communist causes. The fact that the Edomite Jews are the bastard children of Communism, there were also some VERY well known people who were Edomite Jews, posing as Gentiles.

Let's take the case of Winston Churchill -- one of the misguided West's favorite heroes of WWII.

Winnie and Joe, Bosom Pals  
Churchill's abhorrence of Bolshevism disappeared as rapidly as his reservations about International Jewry as soon as it suited his personal ambitions

Winston Churchill was the spoiled son of an aristocratic father and an American mother who doted on him. † As a young man he was a dilettante who developed an early taste for expensive clothes, imported cigars and old brandy. At 26 he entered parliament.

As a politician he continued his dilettante ways, serving in a number of minor posts and switching from one party to another whenever he thought it would further his career. Although he displayed only minimal qualities of statesmanship, his family connections and sharp eye for the main chance led to his steady advancement, and in 1908 he was promoted to the cabinet. When World War I broke out Churchill became First Lord of the Admiralty, effectively the supervisor of the British Navy.

Churchill's lack of a sense of responsibility and his ineptness as a military strategist led to disaster. He directed the utterly bungled Gallipoli campaign against the Turks in 1915 which led to a total defeat for the British, with more than 100,000 casualties. He was forced to resign his Admiralty post in disgrace.

He returned to his earlier career in journalism and in an article entitled 'Zionism versus Bolshevism' which appeared in the Illustrated Sunday Herald of February 8, 1920 he wrote:

'This movement among the Jews is not new. From the days of Spartacus-Weishaupt to those of Karl Marx, and down to Trotsky (Russia), Bela Kun (Hungary), Rosa Luxemburg (Germany), and Emma Goldman (United States), this world-wide conspiracy for the overthrow of civilisation and for the reconstitution of society on the basis of arrested development, of envious malevolence, and impossible equality, has been steadily growing. It played, as a modern writer, Mrs. Webster, has so ably shown, a definitely recognisable part in the tragedy of the French Revolution. It has been the mainspring of every subversive movement during the Nineteenth Century; and now at last this band of extraordinary personalities from the underworld of the great cities of Europe and America have gripped the Russian people by the hair of their beards and have become practically the undisputed masters of that enormous empire.'

By 1938, when he was 64 years old, Churchill had so lived beyond his means that his creditors prepared to foreclose on him. He was faced with the prospect of the forced sale of his luxurious country estate, Chartwell.

'At this hour of crisis a dark and mysterious figure entered Churchill's life: he was Henry Strakosch, a multi-millionaire Jew who had acquired a fortune speculating in South African mining ventures after his family had migrated to that country from eastern Austria. Strakosch stepped forward, advanced the ageing demagogue a "loan" of £150,000 just in time to save his estate from the auctioneer, and then quietly slipped into the background again. In the years that followed, Strakosch served as Churchill's adviser and confidant but miraculously managed to avoid the spotlight of publicity which thenceforth illuminated Churchill's again-rising political career.'

† Additional Notes:

'I have my own theories about Winston's real origins. These are based on the known facts about both his parents.

'Known Fact 1: Winston's mother, Jenny Churchill (née Jacobson) was a notorious adulteress. Jenny Churchill's promiscuity was so infamous that ZOG Court Historian William Manchester commented on it in detail in Volume 1 of his now to be permanently incomplete Churchill "trilogy," The Last Lion.

'Known Fact 2: Winston's putative father, Lord Randolph Churchill, treated Winston with distance and disdain. The non-existent father-son "relationship" has been the subject of exhaustive micro-analysis.

'It seems not to have occurred to anyone that Winston may have been a literal as well as figurative bastard.'  
Maguire, FAEM ([www.faem.com](http://www.faem.com)), 9 February 2002

**'Cunning, no doubt, came to Churchill in the Jewish genes transmitted by his mother Lady Randolph Churchill, née Jenny Jacobson/Jerome.'**  
**Moshe Kohn, Jerusalem Post**

It is time for the people of the West to realize that we were infiltrated by these demons long ago. They have inbred with some of us, who dare not reveal who they really are. Like the Bush family, the most notorious murderous leaders in the history of the West were Edomite Jews.

Our lands must be cleansed of these animals.
