Photo Evidence that Virginia Tech Killer was a Marine (?)

According to the folks at [Liberty Forum](#), the following image was up on Wikipedia, before it mysteriously disappeared . . .

I have no way of verifying that this is actually him. But, his eyes sure do resemble those of the "killer" whose images were plastered all over the media this week.

Notice his jacket says "HU", "U.S. MARINES."

If true, and he was actually trained as a US Marine, it goes a long way to explain his expertise as a killer.

Hopefully, this image can get out to enough people that the truth will emerge.

Do your part and pass it on.

May the truth set us free and bring justice to the victims.

Thanks, Joanna Francis

That seems like Cho.

And NO, "Not all ASIANS Look Alike!!!"

We can ask "Who's the guy next to him? What's his identity?"

It seems someone who knows him, perhaps in the US Marines has taken a HUGE RISK and posted this. A 'clue' to Cho's TRUE IDENTITY and where he get's his "special training".

This brings up ANOTHER EQUALLY IMPORTANT QUESTION:

As a South Korean NATIONAL --- WHY THE HELL IS HE IN THE US MILITARY --- The US Marines (a very high-profile branch of the US Military none-the-less?????????????)

The photo is a hoax...

Further, Cho's last name is Cho not HU.
